HAD A DREADFUL COUGH FOR OVER SIX MONTHS.

Thought It Would Turn Into Consumption.

Miss Jane Dousette, Point a la Garde, Que., writes:—"Just a few lines of praise I must write on account of your famous remedy, Dr. Wood's Norway Pine Syrup. I had been suffering from a dreadful cough, for over six months, and tried everything but in vain. I thought it was going to turn into consumption. A friend happened to come to my house, and was so frightened when he saw me he nearly dropped. He asked me what I was taking, so I showed him some medicines I had, but he said for me to try Dr. Wood's Norway Pine Syrup. I bought a bottle and before it was finished I was well, and did not cough a bit.

I will recommend your medicine to every suffering friend, for I know it will do good to them just the same as it did me."

See that you get "Dr. Wood's" when you ask for it. Do not accept any imitation. Price, 25 and 50 cents. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

MILLIONS FROM
EUROPE TO BACK
MORSE'S FIGHT.

NEW YORK, Jan. 20—Charles W. Morse, with health almost recovered and his fortunes rehabilitated, is soon to begin a fight with the New York, New Haven and Hartford Railroad and other interests that brought about his financial downfall.

Morse is said to be backed by millions of certain foreign interests, and he has been given free reins as to how the money should be used.

The banker who was sentenced to the Atlanta Prison, following the collapse of his banks and who was liberated a year ago because it was stated he was in a dying condition, is now in Germany. Within a few weeks he will return to this country, and attempt to get back into his control the Metropolitian Steamship Company, which will mean an independent boat line between the New York and Boston, and will smash the monopoly now held by the New Haven road. Some weeks ago, Morse, through his sister, Miss Dennie Morse, filed suit for a receiver and an accounting against the new company, and he is coming back to attend and direct the trial of the suit.

SCARLET FEVER
FATAL TO ONE AT
AMHERST 19 ILL.

AMHERST, Jan. 20—Dr. Frank L. Morse of the State Board of Health hurried to Amherst today from his home in Somerville following the death of Warner H. Burt of Longmeadow in the scarlet fever epidemic at the Massachusetts Agricultural College. Nineteen others are ill, two of them seriously. Burt's death is the first.

Though the college faculty has refused to close the institution until further notice, as has been asked by the student body, it is expected that many of the students will remain at their homes until the epidemic has been checked. President Butterfield said today that the dean is to be lenient and will not charge them with "cuts" on account of their absence.

Had Pains Around The Heart

AND SMOTHERING FEELINGS.

The terrible smothering and choking up sensations and sinking turns, that come to those whose heart and nerves are deranged or disordered call for prompt relief.

There is nothing that brings with it such a fear of death as to wake up in the night with that awful feeling of smothering.

Milburn's Heart and Nerve Pills are the only remedy that can give prompt relief and effect a complete cure in cases of such severity.

Mrs Wm. Lee, Uthoff, Ont., writes:—"I have taken three boxes of Milburn's Heart and Nerve Pills, and am now well. I had such pains around my heart and such smothering feelings that I thought I would surely die. My head used to be propped up with pillows to keep me from smothering. One day I read in a paper about your Milburn's Heart and Nerve Pills, and three boxes cured me."

Price, 50 cents per box; 3 boxes for $1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

'SLAVE' EXPERT
SAYS NO GIRL
OVER 10 IS SAFE.

NEW YORK, Jan. 20—In an address on the girl slave traffic, Stanley W. Finch, United States Commissioner, who is prosecuting this branch of work for the government, advocated a card index system for parents to enable them to keep track of their children.

"No young and attractive girl, over ten years old, is safe," said Mr. Finch. "Knowing conditions as I do, as the result of widespread investigation, I cannot impress upon parents too forcibly the great importance of knowing where their children are.

Then Mr. Finch told of what he considered an ideal system of keeping an eye on small children, which he said he had successfully inaugurated in his own home.

"I have several cards hung together near the front door, with a pencil beside them. Whenever one of the young children leaves the house they write where they are going. If it is to a neighbor's house to play with the children, they write this down. If they are playing ball on the square they write that down. In the evening when I come home I question them about what they have done and where they have been during the day.

BITTER RATE WAR
IS THREATENED BY
STEAMSHIP LINES.

BERLIN, Jan. 20—A rate war eclipsing all former ones may be declared between the North Transatlantic and the South Transatlantic steamship pools in consequence of immigrant line concessions given by Austria to the Canadian Pacific Railroad, to be operated in competition with the Austro-American line out of Trieste.

The scheme of the Canadian Pacific railroad is of tremendous consequence to the United States, in view of the fact that the concession will cause cheap rates and throw every month 20,000 immigrants—Austrians, Servians, Turks and Montenegrins—into America, via Montreal, and thence by rail to Toronto, as soon as the Balkans situation is cleared and immigration permitted.

A prominent steamship man here says if the Austro-American line does not agree to a uniform rate with the Canadian railroad a terrific contest will begin.

FOOD TARIFF SCHEDULES
ARE UNDER DEBATE

WASHINGTON, Jan. 20.—Whether to maintain a tariff on food products or put them on the free list was the question before the House Ways and Means Committee to-day when it took up the agricultural schedule, which includes all kinds of fruit and farm products.

E. W. Durkee, of New York, urged the committee to retain the present rates on ground spices, although he admitted the duty was prohibitive.

"You must remember Mr. Durkee," said Chairman Underwood, "that we cannot write a prohibitive tariff. We want a tariff that will bring in revenue."

Durkee declared if the duty were removed foreign manufacturers would send in "doped" spices and the pure food law would be unable to reach them. He thought that the raw spices should come in duty free. R. A. McCormick, of Baltimore, urged the committee to maintain a big differential in duties on ground and unground spices so as to protect the labor in the industry here.

S. Locke Breau, of the New Orleans and W. B. Dunlap, of Beaumont, Texas, reassociation, urged the retention of the present duties on rice.
