"BEAVER" FLOUR

is both a Bread Flour and a Pastry Flour

The perfect flour is the one that combines the good qualities of Ontario and Western wheat. This is exactly what "Beaver" Flour does. It is a blend of best Ontario fall wheat with a little Western wheat to add strength. "Beaver" Flour is equally good for Bread and Pastry—it has the real home made flavor that western flours lack. NEW BRANCH OF BANK.—Mr. B. Reid, of the Royal Bank of Canada, Sackville, N. B., arrived in Charlottetown on Monday. He goes today to Tyne Valley to open up a branch of the Royal Bank at that place. It will be remembered that Mr. Reid was for some time teller in the bank at Charlottetown and by his courtesy and capability he won a most estimable position. His many friends will wish him every success with his new charge at Tyne Valley.

FUNERAL NOTICE.—The body of the late Alice Dooley, whose demise occurred in Boston, Mass., as reported in a previous issue of the Guardian, was brought to the City by the Earl Grey yesterday, accompanied by her two brothers, Mr. Joseph Dooley, who was with her when she died, and Mr. Robert, who joined them in St. John, and by her friend Miss Katie Quinn. The funeral will take place from 8 1/2 o'clock to the Pro-Cathedral, thence to the R. C. Cemetery.

MACDONALD — POOLE WEDDING.—A pretty wedding was solemnized at the home of Mrs. Jane E. Poole, Van Norman street, Port Arthur, on Wednesday evening, March 4, at six o'clock, by the Rev. G.K.B. Adams, pastor of Trinity Methodist church, when her youngest daughter, Edna, was joined in marriage to Mr. H. J. MacDonald, son of Mr. Angus MacDonald, Tryon, Prince Edward Island. The bride, beautifully dressed in cream brocaded silk, and wearing the regulation wedding veil, was given in marriage by her brother, Mr. David Poole. She wore the gift of the groom, a handsome pearl pendant and carried a huge shower bouquet of bridal roses and lilies of the valley. The bride was attended by Miss Margaret MacDonald, of Fort Williams, sister of the bridegroom, who wore a pretty gown of blue charmeuse with a pink flowered chiffon, carried a bouquet of pink roses. Little Beatrice Falls, niece of the bride, acted as flower girl, wearing a pretty frock of white embroidered marquisette over pink silk. She carried a basket of sweet peas. The groom was supported by Mr. Albert Poole. Miss Blanche Egles presided at the piano during the ceremony. During the signing of the registers, Miss Gladys Marcellus sang very sweetly de Koven's "Oh Promise Me," accompanied by Miss Mary Marcellus. Immediately after the ceremony, a reception was held, attended by the immediate friends of the bride and groom. The house was most tastefully decorated with a profusion of pink carnations, potted ferns and palms. The bride's table was centered with pink and white carnations and smilax, while dainty drapings of tulle added much to the beauty of the decorations. Mrs. Poole, mother of the bride, wore a handsome crown of pearls, with touches of black chiffon. Mrs. D. Poole was crowned in blue charmeuse, with drapings of cream shadow lace. Mrs. T. Falls wore a gown of old blue brocaded silk, with gold lace trimmings. To the bridesmaid, Mr. MacDonald gave a pair of pearl opera glasses and to the flower girl, a pearl ring. The roomsmen received a pair of gold cuff links. Many very useful gifts were received by Mr. and Mrs. MacDonald, including subscriptions, remembrances from Mr. MacDonald's business friends, testifying to the popularity of the bride and groom. Mr. and Mrs. MacDonald will take up their residence in Fort Williams.

THURSDAY

AN ACCIDENT.—What might have been a more serious accident occurred on Friday the 27th when Mr. James Smith, Ten Mile House, was driving to Mount Stewart on the ice with a load of logs. When about 1 1/2 miles from Mount Stewart his horse suddenly broke through the ice taking the load with him. As there was no assistance near and the ice was very slippery Mr. Smith was evidently in a serious place, but with his usual dexterity and quick action he managed to get all onto terra firma, and gain, little the worse of their wetting. It might have been out of place to warn people travelling on the ice from Cranby's wharf to Mount Stewart not to keep to near the shore to shorten the road as the creeks are opening up and the way the road goes is right over the mouth of some of those creeks. It is safer to follow the bushes all alone although it makes the road a little longer. The longest is the safest and surest way in this case.—S.

About a fortnight ago Mr. Fleming, while doing some work round the barn, caught sight of a small animal which he succeeded in capturing. On a closer scrutiny he and it out to be a "skunk". Where the animal came from is a mystery, as they do not run wild on the island and further there are no skunk snares within the vicinity of forty or fifty miles.—R.

rest beneath the cold damp earth, there to await the sounding of the trumpet on the Great Judgment Morning; when the Lord shall come to gather His Loved ones. The deceased was of kind and gentle disposition and well liked by all who knew her and it was with deep sorrow that the news of her death came to her girl-hood home. But it is happiness for her aged parents to know that their beloved child peacefully rests in the arms of Jesus, for her life was one of true Christian faith; and one that was ever ready to yield up her soul to God, when the death summons should come, which was on the morning of February twenty-ninth, that she was called away to her ever lasting resting place.

Safe in the arms of Jesus
Safe on His gentle breast
Sleep on loved one, sleep on
Just across the river
On that golden shore
Where no tears are shed
Or sorrow come.
Sleep on loved one, sleep on—D.

The reproducing point of the new Edison Cylinder Phonograph is a diamond

It was appropriate that when Mr. Edison was seeking the utmost perfection in sound reproduction he should find that this power lay in the diamond. He discovered it in the course of more than 2,500 experiments, always looking toward rarer sweetness, mellow, stronger tone.

He has equipped every new Edison Phonograph with a diamond-point reproducer.

When this marvelously impervious tip rests upon the surface of the unbreakable Blue Amberol Record, the heavier pressure can produce but one result—wonderfully increased volume combined with rare sweetness. Hear a Blue Amberol at your Edison Dealer's today.

A complete line of Edison Phonographs and Records will be found at Miller Bros. (A. H. Stone & Co., Proprietors) 123 Kent St. Albert E. Toombs, 56 Queen Street.
