

TUESDAY

ANOTHER PATRIOTIC CITIZEN.—Mr. James Prendergast, of Tea Hill, has heard the call of King and Country, and enlisted in the 165th Battalion reinforcements. This is indeed, a noble sacrifice, as Mr. Prendergast leaves a wife and four children, and also gives up a good trade. But he loves the glorious old flag well enough to give up for the present comforts of a good home, to do his bit in crushing the tyrant to all humanity.

MR. CHARLES PERKINS DEAD.—Mr. J. P. Gordon, city, received a telegram yesterday announcing the death in Vancouver, on Sunday evening, after a serious operation, of Charles Perkins, son of Mr. Fredk. Perkins, formerly a resident and merchant of this city. Many Guardian readers and relatives will hear with sorrow of his demise, as he was a popular young business man of thirty-seven years, greatly beloved by his family, and in business life in which he took an active part. Besides his family he leaves to mourn four sisters, Ella, Alice, Winnie and Jean, to whom is extended sincere sympathy.

A. O. H.—The Ancient Order of Hibernians of this city installed their newly-elected officers on Friday evening. Mr. H. F. Connors, County President, presiding. The officers installed were as follows: Pres. Frank Murray; Vice-Pres. Patk. Hughes; Fin. Secy. James Callaghan; Treas. Hugh F. Connors; Rec. Secy. W. A. McDonald; Chairman of Standing Committee, Edward Cullen; Sentinel, Bernard McKenna. At the close of the installation an enjoyable evening of social entertainment was spent, a capital programme being rendered. An address was given by Mr. P. McTague, the retiring President, who reviewed the work of the past year. He made reference to the many young men who have left the order in order to go to fight for King and Country, and said that everything possible should be done to aid the dependents of those brave members. He also spoke of the educational question, urging the members to make a united effort on behalf of young men who are now preparing themselves at college to enter the ministry of the church, the society through the island having undertaken to aid in this noble work. Other members spoke briefly along the same lines. The following programme was then carried out: Song, W. E. McDonald (encored); stépances, James Heron; piano solo, Irish airs, Albert Blanchard; solo by James McNis (encored); Irish song, P. McTague (encored). The above programme was followed by a smoker and an altogether delightful evening was spent.

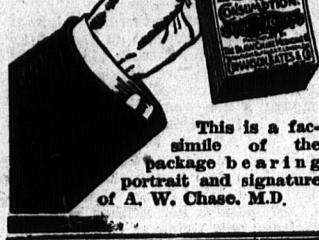

WEDDING BELLS.—On January 2nd an interesting event took place at Fincher Creek, Alta., when Miss Lila Sheen, formerly in the employ of Messrs. Sinclair & Stewart, Ltd., Summerside, and daughter of Mr. and Mrs. Wm. Sheen, Tyne Valley, P. E. I., was united in marriage to Mr. Wm. E. McNevin also formerly of Tyne Valley, the ceremony being performed by Rev. Mr. Wright. There were many friends present and the bride and groom the best wishes for a future life of wedded happiness and prosperity.

Several cases of smallpox have broken out at Bungay, near Wheatley River. A man named Waye, who had returned recently from Maine, developed a mild form of the disease, which was not at first identified. Later five members of the family of the local Board of Health, including the father and mother, contracted the disease, all in a mild form. Later a neighbor contracted it in a much severer form. Two other neighboring families also became victims. Yesterday Dr. W. J. P. McMillan, Provincial Health Officer, was called. After an investigation he ordered all the infected cases quarantined. A meeting of the local Board of Health was summoned yesterday at which Dr. McMillan was present, and all necessary steps to prevent the further spread of the disease were taken. Another meeting will be held tomorrow which Dr. McMillan will also attend. It is not thought the disease will be allowed to get beyond its present quarters as every precaution is being taken.

PROFITABLE COURSES.—That the Agricultural Short Course at Mt. Herbert, which closed on Friday night, Jan. 13th, was a distinct success, was the opinion of all those who attended the various sessions throughout the week. The meetings were well attended, and keen interest was evident in all the topics under discussion. Lectures of a good practical nature on such subjects as live stock, field crops, plant diseases, weeds, drainage and others were delivered by the various speakers. In conjunction with the course for men, lectures and demonstrations were given before the ladies of the district by members of the Domestic Science Department. Too much praise cannot be given to the ladies of McDonald Women's Institute for the part they played in contributing to the success of the whole course. With a great amount of trouble they arranged for the served meals between the various sessions, thus making it possible for farmers and their families who drove in from a long distance to secure their meals at the Hall without returning to their homes, thus eliminating the necessity of long drives and possibly the missing of some lectures. Dainty lunches were also served after the night sessions.

Flattering to the Original

But Imitations Only Disappoint
There are many imitations of this great treatment for coughs, colds, croup, bronchitis and whooping cough. They usually have some sale on the merits of the original, but it should be remembered that they are like it in name only.

This is a facsimile of the package bearing the portrait and signature of A. W. Chase, M.D.

A worthy feature in connection with the latter is that the proceeds are to be donated to Patriotic purposes. If men and women in a great many other portions of the Province would combine in developing the Agricultural Social Possibilities of their particular communities as the people of Mt. Herbert and surrounding communities do, it would not only go a long way toward keeping the young people in the rural sections, but also of making P. E. I. the very best agricultural community in the Dominion of Canada.

By the death at the P. E. Island Hospital at 6 o'clock last evening, of Mr. Benjamin P. Brady, Charlottetown has lost another worthy citizen. Deceased had been ill since last October and despite everything that was done his condition did not improve and death finally ended his suffering. Mr. Brady, who was 62 years of age, was a native of Atholone, Ireland and came to this Island in 1897. He was for twenty-six years a soldier in the Imperial army, and saw service in India, Malta, and elsewhere. He became connected with the Canadian Militia after his arrival in this country and took a deep interest in everything pertaining to the welfare of the Empire and the army in particular. It will be remembered that his son, William B. Brady, was the first volunteer from this Island to sacrifice his life for the Empire in the present war. His other sons are: George, now with the first Canadian contingent in France; James, with Goff & Co., and Walter and Frederick, at home; he also leaves the following daughters; Mrs. Barlow, Amy and Louise, all residing here. Deceased was former sexton of St. Peter's Cathedral, but latterly held a responsible position in the office of the Imperial Oil Company. To those bereaved the Guardian extends sincere sympathy.

The service in connection with the funeral of Everett J. McKay was held at the home of his parents, Mr. and Mrs. John McKay, Wigmore Road, on Thursday, Jan 11th. A very large number of friends and relatives gathered to pay their tribute of respect to the memory of a good young man, and to show their sympathy for the bereaved family. The Rev. L. J. Keard, pastor of the Granville Methodist Church, officiated at the service, which was a faithful and consistent member, was present and took charge of the service, but as he was suffering with a severe cold, the greater part of the service was taken by the Rev. G. W. Irvine, of New London, who very kindly consented to do so. He gave a most appropriate and inspiring address from the words found in Matthew 25:13. "Watch therefore, for ye know neither the day nor the hour wherein the Son of Man cometh." Interment was made in the cemetery at Granville. Everett had offered himself for the ministry of the Methodist Church and was to have gone to the Mount Allison Academy, Sackville, N. B., at the beginning of this term, but he has been called up higher.

He is survived by his parents, one sister, Ina, and two brothers, Hedley and Alfred, who have the sympathy of a large circle of friends in the loss of a son and brother who gave promise of being a talented and useful man.

AN APPRECIATION.—A tribute to Dr. Garrison, Superintendent of the Dalton Sanatorium—Christmas, 1918, is inscribed on the record of time by the children of Daltonia and Emyvale for the whole-hearted supt. had invited these little people to meet Santa Claus at the Sanatorium on Xmas night. The doctor sent teams for the children and at 7.00 p.m. the main entrance was thrown open and twenty-one little visitors were received by the Supt., Mrs. Garrison and the matron, Miss Campbell. The guests were conveyed to the assembly room, where, to the astonishment of all, a huge Xmas tree reigned supreme. How these little eyes fasted on its bawls, and how anxiously they awaited the arrival of Santa Claus, and when his reindeers were heard in the distances, how they shouted, what rejoicing, how the cheers did fill the air. The good old man satisfied the cravings of each heart and even remembered some who long since had ceased to be children. At about thirty the teams arrived to take the little ones home. How grateful they were to the doctor for the pleasure given them. The occasion is indelibly marked and later in life when lines furrow their brows and silver locks adorn their heads they will look back through the vista of time to that Xmas night and see again the wondrous gift given them by the doctor and his wife and the "big" tree looking so tempting. With this vision before them they will forget for the time the trials, which however small will always come to one through life. Dr. and Mrs. Garrison have been residents of Daltonia for the past six months and during that time their neighbours have learned to know and appreciate

their qualities of heart and mind. They are the typical man and woman to whom affection is foreign. The manner in which the Sanatorium is conducted and the strict discipline enforced is admired by all.

WEDNESDAY.
The death occurred at her mother's residence, Gaspareaux, of Edith Hicken, beloved wife of Mr. Austin Jackson, aged 30 years. She had been in failing health for the past year, but able to go around till the day previous to her death. She leaves to mourn, besides her husband, five small children, also, her mother, one brother, Mr. George Hicken, and one sister, Mrs. Benjamin Hayter all of whom will have the sympathy of the community in their bereavement.

Dearest mother, thou hast left us, And thy loss we deeply feel; But 'tis God, that has bereft us; He can all our sorrows heal.

Captain T. G. Taylor of the Marine Department will have the sympathy of many friends on account of the death of his mother, who passed away at an early hour yesterday morning. She was a daughter of the late Mr. David Wilson, formerly a well known resident of this city. She left Charlottetown about sixty-five years ago and was three times married, her last husband being Mr. John Ferguson of Pictou. About three years ago she had the misfortune to break her hip bone, and has since been bed ridden in the home of her daughter; Mrs. George McDonald, of Pictou, where she expired at the advanced age of eighty-five years.

Death is hard under any circumstances, but it must have been doubly so in the case of Miss Annie Curran, daughter of Mr. and Mrs. Peter Curran, of Somerville, who passed away at the flower of her maidenhood, after a slight operation in the General Hospital, Providence, R. I. After leaving her much loved home she worked for a while with Jordan Marsh & Co., Boston, afterwards studying for and obtaining her diploma as a trained nurse. When her case had taken a fatal turn her sister Mary, who was in Boston, was summoned by phone and arrived at her young life was ebbing away. She was resigned and informed her sister that she was going to heaven. It is part of the great consolation of religion that while we cannot penetrate the veil that hides the inscrutable decrees of Providence, that in the hour of terrible anguish, her parents have the extreme consolation that the ties severed will be reunited, and they can meet their loved one in a happier state of existence.

Her remains were laid to rest in the cemetery at Vernon River, the last sad rites being performed by her beloved pastor, Rev. Father MacGuigan. She leaves to mourn an invalid father to whom she was ever kind and generous, her mother, one sister and an adopted sister, two brothers and a brother having predeceased her.

To the sorrowing parents and friends we extend our sincere sympathy.—Com.

Dr. McMillan gave a history of the smallpox outbreak at Bungay as related the precautionary measures taken to prevent the disease. In the territory that was in any way suspected of having been exposed to infection he ordered that no mails be sent out, that the schools and churches be closed and the houses in which disease exists quarantined. He had called this meeting in order that the Board should take such steps as they might consider necessary to prevent the disease from getting into the City.

It was suggested that it would be well to have the quarantine officer visit the steamer at Georgetown, to guard against further cases being brought to the Island.

The following resolution moved by Councillor Wright, seconded by Councillor Rattray, was passed unanimously: "Resolved, that the Quarantine Officer's attention be drawn to the fact that smallpox now exists in a certain locality not far from the City and it is supposed that it originally came from the State of Maine, and that the Board of Health, Charlottetown, deem it advisable that all boats be guarded, and passengers examined on arrival."

It was the opinion of the Board that it would be advisable to warn all boarding houses in the City not to take boarders or supply meals to persons from the infected district, as they would be liable to be quarantined.

It was also suggested that vaccination might be resorted to by those desiring to guard against the infection.

A committee consisting of Mayor Brown, Councillors Smith and Wright and Water Commissioner McGregor, was appointed to confer with the local Government re strengthening the laws relating to public health.

A lengthy discussion on the need of better sanitary conditions in the city followed, it being the general opinion that there should be a by-law compelling every property holder to have their houses fitted with sewerage.

Meeting adjourned.

"TIZ" FIXES ACHING, SWOLLEN, SORE FEET
HOW "TIZ" DOES COMFORT TIED BURNING, CALLOUSED FEET AND CORNS.
Good-bye, sore feet, burning feet, swollen feet, tender feet, tired feet. Good-bye, corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "Tiz" is magical, acts right off. "Tiz" draws out all the poisonous exudations which puff up the feet. Use "Tiz" and wear softer shoes. Use "Tiz" and forget your foot misery. Ah! how comfortable your feet feel.
Get a 25-cent box of "Tiz" now at any drugist, or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt never get tired. A year's foot comfort guaranteed or money refunded.

The Rev. John J. McDonald, Organizer of the Patriotic Fund, had a very pleasant surprise yesterday by Mr. Charles Gardiner, who called at his office and intimated his intention of presenting the Fund with his fine collection of King Edward VII. Coronation coins. Mr. Gardiner visited London on the occasion of the Coronation of King Edward, and was fortunate in acquiring one of these very rare complete collections of Coronation coins. They range in value from nine guineas downwards, there being nine coins in all. They are handsomely enclosed in a beautiful Morocco case, and have been kept securely all these years in Mr. Gardiner's vault at the Bank. Mr. Gardiner has authorized Rev. Mr. McDonald to dispose of this collection in the way which he considers will realize the most money for the Patriotic Fund, and probably this will take the form of a prize drawing of which particulars will be published in due season. A meeting of the Charlottetown Board of Health was held last night, his worship the Mayor, Health Officer Dr. McMillan, Councillors Wright, Rattray, McKenzie, Miller, and Smith being present, and Water Commissioners McGregor, McDonald, and McCarron.

There was a large number of spectators considering the uncertainty of the condition of the weather and ice, which fact also affected the number of entries. However, those present witnessed some good sport.

There were two classes, viz 2.50 Trot and Pace and 3 Minute Trot and Pace. In the 2.50 class Medium Happy, Della Park and Merry Widow faced the starter, Mr. George Woodside, who got them away on the second score. Della, leading on the start. Merry and Happy in a clinch; this was a good heat. Happy, winning, Della second and Merry third. The second and third heats, although a race from start to finish, were won amid cheers, by Happy. In the 3 Minute Trot and Pace, there were four starters, Frenchie, Ruthier, Lady Macy and Kalo. The first three named making their debut and were a little bashful. Consequently, Kalo captured the first heat, Frenchie second, Ruthier third, Lady Mac fourth. This trio are going to make some sport this winter. Ruthier has had no work and went a little unsteady. But when her owner gets her in the contraction skirts she, no doubt, will uphold the reputation of the Commodore's. Seldom, if ever, spectators ever witnessed a better race in green horses. The following is the summary:

3 MINUTE TROT AND PACE.	
Frenchie, A. J. MacNeill	2 1 1 1
Kalo, Chas. MacLeod	1 4 4 3
Lady Mac, John. W. Mac	4 2 2 2
Kay	
Ruthier, Robt. Anderson	3 3 3 4
Time 1.20, 1.18, 1.18.	
2.50 CLASS, TROT AND PACE	
Medium Happy, A. G. Mac	1 1 1
Kay	
Merry Widow, Wm. Profit	2 3 2
Della Park, Wm. Ferrish	3 3 3
Time, 1.16, 1.15, 1.14.	
The officials were: Judges, G. R. Harding, Edward Urchand, and John Quinn.	
Timer, H. F. Morrison.	
Starter, George Woodside.	

It is hard to break the chains of habit. It took one man six months to stop saying "Gee Whiz." It is astonishing how habit will keep a person asking for "the same as usual" tea long after she has intended to try Red Rose Tea. Why let habit prevent you enjoying this richly flavored Indian-Ceylon blend?

Order a Sealed Package To-day

Your Very First Baking
with Beaver Flour, will show you the difference between this perfect blended wheat flour—and the usual western spring wheat flours. The light, flaky Pie Crusts, Cookies and Doughnuts—the delicious, "homey" nutlike flavor of the Bread and Rolls—will be doubly welcome after the tough, almost tasteless bread made with western spring wheat flour.

BEAVER FLOUR
MILLED OF BLENDED WHEAT
is the choicest Ontario fall wheat, strengthened with western spring wheat; and is equally good for bread and pastry. Order a trial barrel today.

Stops that Pain in the Back
Pain in the back is one of the most common symptoms of Kidney trouble. Every movement becomes a torture, and if neglected, the disorder finally confines the sufferer to bed.
This is exactly what happened in the case of Mr. Arnold McAskell, of Hants County, Nova Scotia. He sought in vain for relief until he decided to try
Gin Pills FOR THE KIDNEYS
Before he had used one box he began to feel better. Two boxes entirely relieved him. And best of all, up to the time he wrote us, he had had no further sign of the trouble. Mr. McAskell concludes his letter of gratitude by saying, "I cannot say too much in favor of these great pills and would recommend them to anyone suffering from Kidney trouble."
Kidney or Bladder trouble may also take the form of swollen joints, rheumatism, Lumbago, gravel, irregularity of urinary system or constant headaches. Don't neglect these symptoms. Take Gin Pills in time and always write the
All dealers sell Gin Pills at 50c. a box, or 6 boxes for \$2.50. Or sample will be sent free upon request to

Use Newbro's Herpicide IN TIME AND YOU WILL NEVER NEED FALSE HAIR
Wearing false hair is a harmless deceit of which many ladies are guilty. These women are all objects for sympathy rather than criticism. Early neglect in the care of the scalp has caused the loss of so much hair that their personal appearance is sadly marred. To correct this defect they resort to artificial hair hoping by so doing to hide the results of their earlier inattention to the details of their toilet. These unfortunate are deceiving no one but themselves as no artificial hair, no matter how costly, ever has the snap and luster nor can it be made to look as pretty and attractive as natural hair. Most ladies would resent any imputation of personal carelessness and neglect. And yet very many permit their natural hair to become so dull, brittle and lusterless that it looks no better than that bought at the store. All this is as unfortunate as it is unnecessary. Hair that is unsightly or thin may usually be attributed to the destroying effects of Dandruff. This destructive formation shortly robs the hair of life, with the result that it finally loosens and drops out. There is a preparation, sold and guaranteed by all dealers, the intelligent use of which will kill the dandruff germ. It cleanses the scalp of all accumulations and makes the hair shine with the luster of life and beauty. That remedy is Newbro's Herpicide, the Original Germ-Remedy for Dandruff. In no way can you add more to your personal charm and attractiveness than by the use of this remarkable and well-known scalp prophylactic. On account of its astonishing merit and its de-lightful and exquisite odor, Herpicide finds users everywhere among all classes. It may be purchased in 50 cent and \$1.00 sizes at all drug stores and toilet goods counters. Applications may be obtained at the better barber shops and hair dressing parlors by a receipt of 10 cents in postage or silver to cover cost of packing and mailing. The Herpicide Co., Dept. S, Detroit, Mich., will send to any address a nice sample bottle of Herpicide and an interesting booklet on the care of the hair.

JOHNSON & JOHNSON, Special Agents.

The Wonder of the Musical World —Music's Re-Creation.

Christine Miller, proving by direct comparison that her mellow, appealing voice is perfectly re-created by Mr. Edison's latest and greatest wonder—

The NEW EDISON
—The Phonograph With a Soul—
—The Instrument That Re-creates All Forms of Music—

The New Edison is the only instrument which will reproduce an artist's performance so perfectly that the reproduction cannot be distinguished from the original.

Some of the greatest artists of the musical world have already appeared in public, singing and playing in direct comparison with the New Edison. This is the supreme test of music's re-creation.

We will arrange a special Edison concert for you and your friends. Call or write us about it.

ALBERT E. TOOMBS, CHARLOTTETOWN, P.E.I.
