STRONGHEART in "The LOVE MASTER"

See—

Strongheart battle famished wolves to save his mistress.

His flight from the gaunt pack, dragging his mistress on skis over the frozen snow.

His forty mile dog sled race over mountains and through forests.

His fight with a "killer" to save the ones he loved.

This marvelous dog with his sweetheart and their five puppies in a tale of love and adventure.

See—Big Dog Parade Thru' Main Streets Saturday.

Man, woman and dogs went hurtling over the side of the mountain into the abyss.

WHEN FATHER CHEERS of his achievements one evening at dinner when the minister was a guest. "Oh yes, Jack," put in the parson, "athletics are all very good

in their way, but you mustn't neglect your studies for them." "That's what father says, too," replied Jack. "But father never gets up and cheers when he hears me quote Latin the way he does when he sees me score a goal."

CHEAP TEAS NOW VERY DEAR.—Cheap tea is dear. This is easily proved. If you've been using, say, a 65c tea (a year ago it cost only 30c) you have only to buy a 1/2 lb. package of RED ROSE ORANGE PEKOE TEA, the finest of teas, for 43c and you'll find it goes as far as the other pound. Won't you make the test. You'll be quickly convinced.

HAMPTON CONGREGATION.—Rev. Collin U. MacNevin, B. A., will exchange with the minister and preach on June 15th in Borden at 11, North Tryon at 3, and Westmoreland at 7.30. Rev. J. B. Daggett will preach in Hampton at 7.30. Special Thanks-offering service for the W. M. S. A cordial welcome for all.

HANTSPORT.—Rev. Wm. McLeod visited Hantsport last Saturday. Mr. McLeod is now a resident of Kemp and is one of three brothers who entered the Presbyterian ministry, he only surviving. He has been 35 years in the ministry and has labored zealously in different fields of Nova Scotia, New Brunswick and P. E. Island.

ISLANDERS INTERESTING TRIP.—To meet a Prince Edward Islander conducting a store in Shanghai, China, to sail from Panama to Callao, Peru, on a ship captained by another Island man, has been the experience of Mr. J. D. MacKenzie, formerly of Charlottetown, but who is now located at El Paso, Texas, who spent Sunday in the city says a Moncton paper. Mr. MacKenzie is an engineer by profession and has travelled extensively in connection with his work, supervising the construction of plants in China, India, South America, Africa, the United States and Mexico. For the last few years most of his work has been in the last named country where he has extensive lead and silver mining properties of his own. He is making the trip to the Island, the second in two years, for a short holiday. He has been away previous to that for a great many years. When asked about T. G. MacKenzie the Nova Scotia engineer who was captured and later escaped from Mexican bandits, he said that he knew him well and saw him shortly before his departure for the north. He now shows no signs of the hardships which he endured while making his two day trip without food and water from the air of the gang to safety. At the present time, political conditions are more stable and there is what might, for Mexico, be called peace in the country.
