

FAIR PLAY

An item is being printed in the papers headed "Do Not Misquote Figures," referring to the comparative strength of baking powders and claiming to quote from the Dominion government report, is misleading and incorrect. The figures given as the test of Dearborn's "Perfect" are far from correct and not according to the report. The total carbonic acid has in the samples tested, according to the report of the chief analyst, is as follows:

Dearborn's Perfect	13.7
Royal	13.4
Imperial	10.8

The above figures are correct and are given on page 28, table II, of the Inland Revenue Department report No. 63 and is the only government report which gives a test of Dearborn's "Perfect" baking powder.

THE body of one of the young men, reported in THE GUARDIAN a few days ago as missing from Malpeque, was found on Friday evening a short distance from where the vessel was anchored which they attempted to sail to, after searching all the shores and islands in the Bay for traces of the boat or a track of them, without success, the melancholy work of dragging was begun with the above result. The search is still going on but up till Saturday no trace of Mr. McArthur's body was found. The boat was found at Locke's shore on the opposite side of the Bay uninjured.

SUMMERSIDE MAN IN LUCK.—Mr. Alex. Gallant, (Shediac), now at Summerside, was officially notified on Saturday of the recent death of a relative in the United States and his bequest of a fortune variously and unofficially estimated at \$30,000 and under to himself the said Mr. Alex. Gallant and a number of brothers and sisters. The necessary documents have been signed and forwarded and it is expected that in the very near future the fortune will be in the shape of a title to an estate or cold cash will be transferred to the fortunate but mourning relative. Mr. Gallant is, and was until Saturday a laborer, and in no period of his life has been in such circumstances that even a small part of the above would be unwelcome.

WEAKNESS OF HOSPITALS.

Said to be Incapable of Curing One of the Most Deadly Diseases of the Age. MONTREAL, Dec. 3.—Mr. William Brownley tells an alarming story of utter failure of the hospitals to cure him of Bright's Disease. He was treated in the best hospitals both in Canada and the United States. They gave him up as incurable. Medical science had failed; the hospitals were powerless to help him. Nevertheless Mr. Brownley is cured. Dodd's Kidney Pills cured him and he is a well man today.

Says Mr. Brown himself, "I have been a subject to Bright's Disease of the Kidneys for twenty years. I have been in all the best hospitals of Canada and the United States. I could get no relief. I have just finished eleven boxes of Dodd's Kidney Pills and am completely cured. I am a locomotive engineer and well-known, so many can vouch for this statement."
