

"Why, Uncle Jim! You look ten years younger!"

"When I saw you a couple of months ago, I made up my mind you were getting old. At least you looked it."

"Yes, Billie, and I felt old. No appetite, couldn't sleep nights—one day just like another, and none of them any good. I knew constipation was at the bottom of it but it seemed the more laxatives I took the worse I got. Then one day I saw Nujol giving Nujol to my little grandson. The doctor had prescribed it for the baby, but I found out it's just the thing for old fellows like me, too."

Nujol helps Nature in Nature's own way

Middle age brings on a decrease in the natural lubricating secretions in the intestine. Then you need Nujol. It supplies the deficiency of the natural lubricant. Medical authorities approve Nujol because it is gentle, safe and natural in its action.

Constipation is dangerous for anybody. Nujol is safe for everybody. Nujol simply softens the waste matter and thus permits thorough and regular elimination without overtaxing the intestinal muscles. It is not a medicine. You can take Nujol for any length of time without ill effects. It should be taken regularly in accordance with the directions on each bottle. Unlike laxatives, it does not form a habit and can be discontinued at any time.

"I tell you, Billie, it keeps me feeling fine all the time. My appetite's back and I sleep like a child. If I look any younger, Nujol gets the credit."

Ask your druggist for Nujol today and begin to enjoy the perfect health that is possible only when elimination is normal and regular.

Central Guardian

DICTIONARIES—Any reader of the Guardian wanting a New University Dictionary will have to hurry as there is only a few more on hand.

WHIST AT ST. JOSEPH'S Sodality Hall tonight at 8.15 o'clock. 7206-13-11

DeLUXE HOUSEWIFE RECIPE CALENDAR.—Just the thing for any household, pretty and attractive as well as a useful recipe book, mailed free on receipt of your new or renewal subscription.

SHOULD AULD ACQUAINTANCE BE FORGOTTEN with an Auld Lang Syne Calendar in the house. Free with your new or renewal subscription.

POLICE COURT.—A man charged with violating the Prohibition Act was fined \$200 or three months at the Police Court yesterday.

THE FARMERS GUIDE AND CALENDAR will be found very useful in the caring of live stock as well as for a diary of events. Free with a new or renewal subscription.

SINKING FAST.—The Guardian supply of calendars are going very fast, do not leave it until it is too late. Renew today and get your choice of three nice calendars.

NEEDLE EXTRACTED FROM KNEE.—Miss Amy Lea, of Tryon, accompanied by her nurse Miss Edith Lord arrived in Ch. Town, Monday evening. On the following morning she was taken to the P. E. Island Hospital and by means of an X-Ray a needle was found in her knee. After having the needle extracted she was taken to the home of her sister Mrs. Hiram Howatt. Where she will remain till able to return to her home.

CHURCH NOTICES.—The congregation of Rose Valley will meet at Bradalbane Church Friday, Jan. 15th at 2 o'clock for the induction of Rev. David Coburn, B. D. A number of the members of Presbytery will be present.

TENDER SHOWER.—Previous to Miss Beattie Duffy's marriage to Mr. Mackay of Graham's Road the Philathea Class of the Charlottetown Baptist Church tendered her a kitchen shower at the home of Mr. and Mrs. J. D. Jenkins, Esplanade Street. She received many useful and pretty gifts. Refreshments were served and a very pleasant evening spent.

PERSONALS

Mr. John Diamond, Winsloe, was a visitor to the city yesterday.

Mr. David McDonald, Glenfinnan, was in the city yesterday.

Mr. Alban McDonald, Glenfinnan, was in the city yesterday.

Mr. Faber Dreeland, Orwell Cove, was a visitor to the city yesterday.

Miss Laura Hodgson, City has returned from a visit to Halifax.

Mrs. Leon Gallant of Boston is visiting her sister Mrs. Nora Buote of this city.

Miss Tillie Buote left yesterday morning on return to Boston after spending the Christmas holidays at her home in the city.

Miss Mary Allison, National Girls' Work Secretary for Canada will be the guest of Mr and Mrs J. T. McKenzie, 277 Richmond St., while in Charlottetown.

Saturday night Mrs. Jos. O'Rielly slipped on the sidewalk and had the misfortune to fracture her wrist. Her daughter Miss Eleanor entered the City Hospital yesterday morning for an operation.

Miss Emma Westmoreland has arrived from Leeds, England on a visit to her brother, the Reverend E. A. Westmoreland at Vernon. She will likely spend the remainder of the winter here.

Are there going to be any regrets tomorrow about that good meal you're all set to eat away tonight. Better take Seigel's Syrup. Any drug store.

For Sprains and Bruises.—There is nothing better for sprains and contusions than Dr. Thomas' Electric Oil. It will reduce the swelling that follows a sprain, will cool the inflamed flesh and draw the pain. It will take the ache out of a bruise by contracting the inflammation. A trial will convince any who doubt its power.

IN MEMORIAM

MRS. THOS. DEIGHAN.

The death occurred at her home Souris on Dec. 24th of Katharine Helen wife of Thos. Deighan and daughter of the late Peter Harrington Sr. Norboro Prince Co.

Mrs. Deighan was a noble and pure woman no impure word or thought ever stained her soul. Her quietness of love and charity always finding something good to be said of all. She was a great sufferer for some time but was patient and cheerful. Having travelled considerable, being well educated, well read, and a lover of the Poets, she made a pleasant companion and friend once a friend she remained loyal through adversity as well as in success. She was a Roman Catholic practicing her religion in a quiet unostentatious manner. She leaves to mourn her husband and one son, A. K. Deighan, besides a number of brothers and sisters.

MRS. JOHN ANDREWS.

There passed peacefully away at her home in New Glasgow on Dec. 26th 1925 Mrs. John Andrews in her 75th year. Deceased had been in falling health for past seven months, and all that medical skill and kind nursing could do was of no avail. She was always patient, and thoughtful of others, and put her trust in Him who says: "Lo I am with you always." Many will miss the sweet smile, the kindly words of cheer and long will our hearts yearn "for the touch of a vanished hand and the sound of a voice that is still." Early in life she accepted the saviour and united with Zion Church, Charlottetown, and those who knew her in home, and in the community, can truly say, here was the real Christian life.

Deceased was the daughter of the Late George Smith, New Glasgow and leaves to mourn besides a sorrowing husband four sons and three daughters: Viz.—George and Leslie, Concord, N. H., John, Lewell, Mass and James E. on the farm at Hunter River the three boys coming home from the States to attend their Mothers funeral. The daughters are: Mrs. Letitia Wood, Hunter River, Mrs. John Angwin Barre, Q. T. and Nettie at home, who tenderly cared for her mother all through her illness.

She also leaves to mourn four sisters: Viz. Mrs. John Brown, Mayfield, Mrs. John T. McLeod, and Mrs. Eldon McKay, New Glasgow, and Mrs. James Arthur, North Rustico, and one brother W. W. Smith, Summerside, besides a large circle of relatives and friends. Her funeral which was largely attended was held from her late residence on Wednesday the 30th.

The services were conducted by her nephew, Rev. W. J. McLeod who spoke very touchingly from the words "I am Among You as he that Sorroweth." Three beautiful hymns chosen by the departed were sung. Duet Crossing the Bar, sweetly rendered by Miss Jamie Andrews and Mr. Eldon McKay. Also in the Christians Home in Glory, and Does Jesus Care? The pall bearers were, Jas. H. Andrews, George and Robert, Smith, Everett Nicholson, Dewitt Brown, and Cecil Laird. Beautiful floral tributes were from the following: Pillow and Crescent the family, Spray Mr. and Mrs. Paschal McDonald, spray

Fifty-Nine Cases in which Losers Were Given Shutouts

CHICAGO, Jan. 11.—There were fifty-nine games in the American League last year in which the losing team was set down without a score. Three of the season's shutouts went into extra innings and one was a six-inning contest halted because of darkness.

The White Sox pitching staff led in this respect, holding their opponents scoreless twelve times. Eddie Collins' crew was blanked only four times, not counting the game forfeited to Cleveland where the field could not be cleared of the crowd.

New York proved the easiest outfit to shut out. They were blanked an even dozen times. Yet it was a Yankee pitcher—Herb Pennock—who pitched the year's most notable shutout game, a fifteen-inning battle in which he retired the Athletics, 1-0.

The Red Sox failed to score nine times and the champion Senators, the Tigers and the Indians fell victims on six occasions. The Athletics lost in eight games.

The White Sox chalked up the heaviest total against a shutout team. In a game on Sept. 9, the Chicago team scored seventeen times against the scoreless Senators.

August was the shutout month. League records reveal. There were nineteen such games. August 7 was the banner day for shutout pitchers, when three games resulted in no scores for the losing teams.

National Parks to be Shown Public By Movies

WASHINGTON, JAN. 13.—Secretary Work and Stephen T. Mather, director of the National Park service, have completed arrangements for bringing the sixteen national parks of the United States to those who have neither the time nor the money necessary to visit them.

Through cooperation with the Motion Picture producers and distributors of America, Inc., of which Will H. Hays is president, and the Association of Motion Picture Producers of California, Inc., the 11, 372 square miles of national parks have been made available, under proper restrictions, for motion picture filming.

Secretary Work believes that the parks should not be limited only to those persons who are able to visit them and his new plan, he asserts, will give the public an opportunity to see the natural beauties of America as background for appropriate motion picture stories.

These will not be limited to historical stories. Motion picture scenarios writers will now be able to take characters in their plots to Crater Lake, or to the Lassen volcano or to Yellowstone or Yosemite for photographing.

In no way will any of the natural beauty be changed. The "atmosphere" of the park will be retained in every instance. The wild animals that inhabit the parks will be fair targets for the motion picture cameras, as they now are for the cameras of the visitors.

"The motion picture camera man can photograph them without annoying them in any way, the animals can be listed as actors in the pictures.

The parks now open to motion picture companies are Hot Springs, Ark.; Yellowstone, Sepulpa Yosemite, General Grant, Mt. Rainier, Crater Lake, Wind Cave, Platteau, Sulphur Hill, Mesa Verde, Glacier, Rocky mountain, Hawaii, Lassen Volcano, Mt. McKinley, Grand Canyon, Lafayette and Zion.

"The motion picture is the greatest present day teacher," said Secretary Work, "and has become an educator and source of amusement for millions.

The number of visitors to the national parks and monuments during the travel year ended September 30 reached a total of 2,073,084. Hot Springs headed the list with 265,500 visitors and Rocky Mountain had 233,912. Through the Motion pictures we shall be able to show all the parks to all the people as they are. Appearing as they will as backgrounds for stories, they will be presented in the most attractive form and will do their part to help entertain and instruct the people of the world."

When Holloway's Corn Remover is applied to a corn it kills the roots and the callus comes out without injury to the flesh.

Interment in Hunter River Cemetery. It is enough: Earth's struggles soon will cease, And Jesus calls us to Heaven's perfect peace. (Patriot please copy.)

Almost Sure Of Full Seasonal Indemnity

(Special to The Guardian) OTTAWA, Jan. 11.—If final prorogation of the House of Commons does not take place before January 27, members of the house will be entitled to their full seasonal indemnity of \$4,500 provided they have been present in the house on at least three quarters of the actual days of session. Those who have not will be entitled to \$25 for each day on which they were present.

The statute provides that the indemnity of \$4,500 which they have longer from the opening to prorogation, Sundays and holidays on which the House does not actually sit are counted and so is a recess period so that even if the House adjourns for a month pending cabinet re-organization members will still be entitled to their allowance on or

Veteran Divorce Judges Commend Proposed Laws

CHICAGO, Jan. 11.—Five Cook County judges, in a state which had the second largest number of divorces, are unanimous in commending the federal divorce bill, inasmuch as it attempts to introduce uniform divorce laws throughout the nation.

The bill introduced by Senator Arthur Capper of Kansas, allows only five causes for divorce—unfaithfulness, cruelty, desertion for a year, insanity and conviction of a felony.

The Chicago jurists, who have heard approximately 75,000 divorce petitions filed in this district alone in the last five years, suggest modifications and amendments to the Capper bill.

Judge Harry A. Lewis, who as a young man was a divorce seeker some time ago by declaring he would grant no alimony to women in good health who had no children, went into some detail in proposing improvements on the Senate bill.

"The strongest proof should be required for the charges of cruelty and insanity, which are causes for divorce in the bill," he said. "Fraud is likely to creep into such cases."

Judge Joseph Sabath expressed approval of an amendment which would require the prospective bride and bridegroom to give two weeks' notice before they could obtain a marriage license. This plan has worked out successfully in Europe, he said.

The other judges are John L. Sullivan, Thomas J. Lynch, and John R. Caverly. The latter presided at the Loeb-Leopold murder trial.

Illinois, with 13,653 divorces in 1924, according to a commerce which had a total of 15,375 divorces. Total divorces for the United States for 1924 were 170,847, an increase of 3.5 per cent over 1923.

BITTER MILK.

(Experimental Farms Note.) Exposed as it is to contamination, not only in the stable but also with every subsequent handling, milk is always infected to a degree, depending upon the sanitary conditions employed, by many types of bacteria cause no noticeable change while others, by affecting the color, consistency, odour or flavour, often injure the milk to such an extent as to render it, as well as products made from it worthless.

A bitter taste in milk is occasionally due to specific substances in the feed which are absorbed into the milk. In such cases the milk is bitter when first drawn while the remedy lies in removing the offending feed. Other cases often epidemic in nature, arise from bitterness develops after the milk is drawn and in such instances bacteria are the cause of the trouble. As this frequently occurs even where sanitary conditions are generally good, the source of the trouble is often hard to locate.

In an investigation conducted at the Central Experimental Farm, studies were made of conditions affecting the production of bitterness connected with an outbreak where bacteria were found to be the cause. The bacteria themselves were found to be long to a group occurring naturally in water supplies and contamination from the utensils is believed to be the source.

Remedial measures, then, should consist in paying special care to the sterilizing and sterilization of all containers by using scalding water or steam as a final treatment. Final wiping with a cloth is to be discouraged.

The production of bitterness by the bacteria was found to be encouraged by contact of milk with air, either by increasing the exposed surface or by agitation. What milk is stored any length of time it is better, in dealing with bitter milk troubles, to keep the exposed surface at a minimum in proportion to volume and to minimize agitation. Furthermore, the bitter bacteria studied were found to be more resistant to heat than the majority of milk bacteria. It was found that imperfectly pasteurized milk was especially prone to turn bitter due to the fur.

By Marie Belmont. The abbreviated coat above is made from soft black velvet, and interlined so it will be warm enough for the coldest days.

There are shawl seams from the shoulders, and in the lowest curve of these are placed small pockets made of woven strips of the velvet. The cuffs repeat this basketweave trimming.

White coney fur makes a small snug collar, and the little seamed hat is of velvet trimmed with coney ally crone to turn bitter due to the fur.

Indigestion When chronic, is best relieved by Dr. Chase's Kidney-Liver Pills.

In most cases, indigestion results from torpid liver and sluggish bowel action. Tablets for the stomach and aids to digestion fail in this chronic form of indigestion. You must get the relief before you can expect permanent relief and this is best accomplished by the use of Dr. Chase's Kidney-Liver Pills. Chronic indigestion is a very common condition. On this account many suffer for years not realizing that relief is at hand in the form of Dr. Chase's Kidney-Liver Pills. Headaches, biliousness, spells of constipation and diarrhoea are among the accompanying ailments. What a relief it would be to be free of this condition which makes one feel so miserable and it is so easy by using this well-known regulator of the liver, kidneys and bowels.

greater resistance to heat of the bitter bacteria than that of other germs able to keep the former in check. Pasteurization, then, should be thorough, and then there is danger of bitterness developing. It would appear advisable to exceed the usual time or temperature commonly employed.

An Odd Request

SAN FRANCISCO, Jan. 11.—Lady Smith, famed United States football coach, ordered before his death that his body be shipped to the Elks Club in Berkeley to be viewed by his fellow clubmen there and that his ashes be scattered over the memorial stadium at the University of California, the great bowl that was the setting for a number of his stirring victories.
