On Thursday evening last Prince Edward Division No. 1, Sons of Temperance held a meeting of more than usual interest. After initiation of a good brother—a genuine successor of Esculapins, whose fellowship augurs much to the brethren. The recent telegrams from New Zealand telling of the success of the Prohibitory campaign in that far off land were referred to. Some of the members of old Prince Edward have been contributing to the literature of the recent campaign in New Zealand and have been inducing contributors from Prohibitory States, such as Georgia, to lend a helping hand to the antipodes. The eyes of the world are not only upon Prince Edward Island, as a Prohibitory State, but it appears that our island Province is making her influence felt on the other side of the globe. No wonder the members of Prince Edward were interested in the recent telegrams which told of success.
