KILLED IN ACTION.—Mrs. Heath McQuarrie, Victoria, received a telegram on Wednesday conveying to her the sad news that her husband 2060353 Pte. Heath McQuarrie, 26th Can. Battalion, has recently been killed in action. The deceased enlisted in the second draft of the 105th and has been in France for some time. He leaves to mourn a mother, Mrs. Albert Clarke, a wife, and one small son, Richard, one sister, Mrs. Earle Lord, a half-brother Wesley Clarke, employed in the Bank of Nova Scotia, Victoria, and a brother Glenn, in France. The sympathy of the whole community goes out to the bereaved family.—V.

INSECT PESTS INCREASING—Mr. S. H. Payne of the Entomological Branch, Annapolis Royal, who has been conducting experiments in spraying and dusting at the Experimental Station, for the past two months, left Monday morning on return to Annapolis. During his stay here he reported the presence of abundance of pests including the tussock moth, fall web worm, yellow necks and red humps, all apple feeders and liable to multiply dangerously unless checked. These pests have already done much injury in New Brunswick and Nova Scotia. In this province they are apparently only getting underway. The matter should be promptly taken hold of as no doubt they will be much more numerous next year.

Herbert Huestis returned soldiers, on their experinces in the great war. Shaw's humorous recitations contributed largely to the entertainment. After the lecture refreshments were served to those taking part in the program at the home of Mrs. Seymour Scott by the members of the Cornwall-York Women's institute. The thanks of the institute are due to all who kindly assisted in giving the entertainment. SAILORS RELIEF FUND

NOT ONE CANADIAN SOLDIER HAS LOST HIS LIFE GOING "OVER THERE"

Few of us thoroughly recognize the part that is being played by the Merchant Marine in the winning of the war. The ships that carry our soldiers across through the perils of the Atlantic are manned by the men of the Merchant Marine.

The submarine cannot claim the life of one Canadian soldier going to France.

The ships that carry munitions, supplies and food "over there" are merchant vessels. The main objective of the submarine was to frighten the men of the Merchant Marine off the seas. It is the Merchant Marine that keeps our men fed!

Now is your opportunity to lend a helping hand by subscribing generously to the Sailors' Relief Fund. 1207-9-4M1i.

::An Easy Pill to Take.—Some persons have repugnance to pills because of their nauseating taste. Parmelee's Vegetable Pills are so prepared as to make them agreeable to the most fastidious. The most delicate can take them without feeling the revulsion that follows the taking of ordinary pills. This is one reason for the popularity of these celebrated pills, but the main reason is their high tonical quality as a medicine for the stomach.
