A NEW AND Better MOTOR OIL

AS ANNOUNCED OVER THE AIR FROM COAST TO COAST

Just in time for your Spring change-over

Right now at Imperial Oil dealers, the New Marvelube is ready for your Spring change-over. It is the most modern development in automobile lubrication. It has been specially engineered to meet the requirements of today's engines, and to stand up under the higher speeds, temperatures and pressures at which they operate. To you the New Marvelube means two things:

1. Economy. Under the high temperatures and pressures at which today's motors operate, the New Marvelube stands up longer. Definitely, you use less oil.

2. A cleaner, livelier engine. Those elements found in most oils which heat breaks down into varnish, carbon and gum, have been removed by new scientific refining methods. Your engine stays clean and lively. Wear is reduced. Upkeep costs come down.

It's time to change to summer oil. Be sure to change to the most modern oil science has yet produced. See your Imperial Oil Dealer—and ask for the New Marvelube.
