or worried or vexed at trifles, your vital forces are slowly but surely deteriorating.

Scott's Emulsion overcomes nervousness better than anything else because its nourishing force enriches the blood and stimulates its flow to all the tissues and bathes the tiny nerve cells in the rich plasma by which they are nourished.

Shun alcoholic substitutes that stimulate and stupefy. Take Scott's Emulsion for your nerves. Its nutritive power is the greatest help that nature affords.

### 12 Tumors Removed Without An Operation

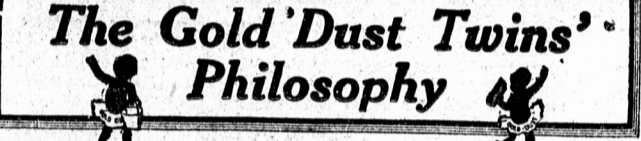

Dear Mrs. Currah.—I am enjoying better health than I have for eight years, and I think I am entirely cured. I have none of the old symptoms. I am very grateful for my present health, and think Orange Lily is the greatest treatment for women the world knows. Its use in my case caused 12 tumors or growths of some sort to be expelled. Some were as large as a hen's egg, and others smaller, down to the size of a walnut. You may use my case in your advertisement, for it is the solid truth, and I cannot describe all the good it has done for me. Mrs. Louise E. Bolteridge.

This letter gives an indication of the positive benefits that always follow the use of Orange Lily. It is an applied treatment and comes in direct contact with the suffering organ. It produces results from the start in all cases of women's disorders, including painful periods, falling womb, irregularities, leucorrhoea, etc.

I will send a sample box containing 10 days' treatment absolutely free to any suffering woman who has not yet tried it if she will send me her address. Enclose stamp and address MRS. FRANCES E. CURRAH, Windsor, Ont.

## The Gold Dust Twins' Philosophy

NOW you have often said:—"Oh dear, I dread when eating time comes near. It's not so much the cooking, grub, but cleaning after."—there's the "rub." Each kitchen holds a mass of work, no tidy little wife should shirk.

The kitchen floor, the kitchen sink, the kitchen pots as black as ink, the kitchen kettles and the pans, the silver, glass and cups and cans; wherever you may look, the toil means more than any kettles boil. To just "prepare" a meal is "fun," but work, with THAT is scarce "begun."

If those who stay up days and nights to win the cause of "Women's Rights" would only vote the GOLD DUST PLAN they soon would have the best of man.

More time for comfort and for smiles; more time to play a woman's wiles, for once the GOLD DUST TWINS appear, Hard Labor's cry you never hear; frail woman is a queenly soul who plays the "Take-it-Easy" role. Each GOLD DUST package sets her free by bearing out its guarantee, and never more those household woes that every weary woman knows. Pile up the dishes as you will, the GOLD DUST TWINS will clean 'em still. Old floors and woodwork sinks and pans, turn out as Master Cleaner Plans. From sun to sun, and chore to chore, your tasks will fret you nevermore.

SURPRISE PARTY.—On Wednesday evening a jolly party of young people gathered at the home of Mr. and Mrs. Charles Hines, Fitzroy Street, and had a most enjoyable surprise party. The evening passed all too quickly in games and social intercourse, during which a dainty supper was served.

LAD TO REST.—The funeral of the late Mr. Lemuel Musick, took place from his late residence in Charlottetown yesterday, to the People's Cemetery, and was largely attended. The floral tributes were many and beautiful, among them being a wreath from St. George's Lodge, L. O. A., No. 171, and a wreath from Mr. Alexander Horne. The pall-bearers were Messrs. Murdoch Ross, John T. McLeod, Christopher Ford, George W. McLeod, George W. Crawford and James McPhee.

SERIOUSLY HURT.—Wednesday night about 8 o'clock Mrs. Thomas Campbell, wife of Councillor Campbell, was walking along Queen Street she slipped and fell opposite Jamieson's Drug Store and in so doing had the misfortune to break her limb. She was immediately picked up by some of the passers-by and driven to her home on Richmond Street, from where she was removed, some time later to the Charlottetown Hospital. Upon inquiry at the Hospital Thursday she was doing nicely.

FUR FARMS.—Since the "Sign of the \$ farms" as they are called by American friends, proved such a big money proposition in France, Sydney Island people here and on the mainland have started other kind of farms in the hope that they would be as profitable as the fox industry has been. Recently a big skunk ranch has been started at Summerside with Mr. Herbert Ramsay of Truro, as one of the foremost promoters. Already Mr. Ramsay claims the business to be as lucrative as the fox business. But the latest addition of all to fur farming is the rat farm at Sydney. Not to be out done by skunks or foxes a company in North Sydney is starting one of these ranches. Patagonian water rats are being imported to found a farm. If these things are anything like the dirty, disgusting rodents that infest this island, carrying disease wherever they go, the Sydney ranchers will have to keep a constant watch on them or else that city and its surrounding districts will soon know the value of a good cat ranch.
