THURSDAY

ENGAGEMENT ANNOUNCED.—Mr. E. J. McTague, of Tignish, announces the engagement of his sister, Georgia Alice to Mr. Melbourne Hemphill of Cheyenne, Wyoming, marriage to take place during last week of September, in Dorchester, Mass.

A THOUGHTFUL ACT.—As has been his custom for some years past Mr. Ewen McDougall presented each of the teachers of Prince Street School with a delightful bouquet of sweet peas on the opening day of school. Needless to say the kindly thought was highly appreciated.

QUEEN SQUARE SCHOOL.—The public opening of Queen Square school takes place today at eleven o'clock. His Honor, the Lieutenant Governor, has graciously consented to be present. Mrs. Mathieson, by special request will read the paper given at West Kent school yesterday. There will also be a number of addresses by prominent citizens and a programme of music by the pupils. Parents and all others interested are cordially invited.

FAREWELL PARTY.—Miss Patricia McDonald who was spending her vacation at her old home in Mill Valley left Saturday morning for Boston. On the eve of her departure quite a number of relatives and friends assembled at her home to bid farewell. A very enjoyable evening was spent in different amusements, a reading by Miss E. McMahon was highly appreciated also the music which was skillfully rendered by Miss Mary A. Monaghan appropriate to the occasion. Miss McDonald was accompanied by her sister to Summerside.

QUARTERLY.—On Monday evening the Official Quarterly board of the Methodist Church of the Cape Wolfe and O'Leary circuit met at the Parsonage at Maddock, the Rev. R. N. Brodie the pastor presiding. During the course of the evening it was planned to try and bring the circuit up to an independent one. Arrangements were also to be made to hold services at O'Leary, besides a course of soul saving services to be held during the coming winter. Mr. J. Elder was appointed as a delegate to the district meeting on the 12th at Ellerslie with Mr. C. Dymont as the alternative. It was also decided to forward a letter of sympathy to Mr. W. C. Betts on account of the passing away of his daughter. A like course was to be taken on behalf of Mr. W. E. Brooks the recording steward who was absent from the quarterly meeting for the first time in 23 years on account of sickness in his family. The meeting closed with benediction.—W.

Ten Minute Cold Cure
Relieves Almost Instantly

Nothing cures so quickly as the healing plus essences in Catarrhzone. It fills the breathing organs with a healing, soothing vapor that relieves irritation at once. Ordinary colds are cured in ten minutes. Absolutely sure for Catarrh and in throat trouble it works like a charm. Catarrhzone is a permanent cure for bronchitis and throat trouble. Not an experiment—not a temporary relief—but a cure that's guaranteed. Get "Catarrhzone" today, and beware of substitutes. The dollar outfit is guaranteed and small sizes 50¢. Trial size 25¢ at all dealers.

JOINS THE COLORS.—Mr. John Agnew, son of Mayor and Mrs. Agnew of Alberton, who has been in Halifax for the past few months is among the young men recently joining the colors. Gunner Agnew, is now attached to the Canadian Engineers at McNab's Island, preparing for Overseas.

KENSINGTON'S NEW RESIDENCE.—Many new residences are in different stages of construction in Kensington. Mr. Benj. MacFarland has moved into his new house adjacent to the post office. Mr. Jas. Rogers has built a new bungalow on the Malpeque Road. Mr. Earl Kennedy has the foundation of a new residence laid on the estate formerly owned by H. R. Moase. Mr. William Goss' new meat market and office building on Main St. is ready for occupation.—K.

FRIDAY

OFF TO COLLEGE.—Miss Lulu E. Gorrell, Glenwood, Messrs. W. Russell MacLean, West Point, J. Glen Elder, Halliburton and J. Vance MacEachern, Cape Wolfe, left by the express on Monday morning to take up their studies at Prince of Wales College. That they may retain their former reputation of good students and that they may achieve every success in their studies is the sincere wish of their many friends in the different communities which they represent.

FURTHER PARTICULARS.—Mr. John Misner, Stanhope has received the following letter from Rev. M. J. Baxter, Presbyterian Chaplin, No. 10, C. C. S. B. E. F., dated Aug. 15th Dear Sir: I write to add a few facts as you have been officially notified that you were killed by the same shell. He tells me that he has very little pain but it was pretty bad at the first. With best regards yours truly W. J. Baxter.

WEDDING BELLS.—The home of Mr. and Mrs. Robert Jenkins, Mount Albion, was the scene of a very interesting event on Thursday, the 24th of August, when their daughter, Hannah E., was united in marriage to Joshua W. Ballem, son of William and Mrs. Ballem of the same place. The officiating minister was Rev. F. N. Atkinson of the Hazelbrook Baptist Circuit. The house was most delightfully decorated for the occasion, with various kinds of flowers, the happy couple being wedded under a beautiful wedding bell. The bride, who was prettily attired in Ivory shadow lace, over silk crepe de chene, and carrying a bouquet, was given away by her father, Lohengrin's Bridal chorus being played by Miss Jessie Jenkins. The bride is widely known as an accomplished and skilful musician, having completed her course at Acadia Ladies' Seminary, Wolfville, N. S. A fine array of wedding presents told of the esteem in which the bride and groom are held, by their host of friends, who join in extending hearty felicitations.

PLEASANT OUTING.—One of the nicest meetings of Sterling Women's Institute was held in the form of a garden party at Poplar Shado, the home of Mr. and Mrs. Walter Simpson, Bay View. This is an annual event now, eagerly looked forward to by all the members, and as the day was ideal one for an outing there were over sixty members and their friends present. In addition to the regular program, Miss Sterns and Miss McFarlane had a question box and also took several photo snaps of the members among the flowers in Mrs. Simpson's lovely garden. Tea was served under the shade trees, near the garden, and a pleasant time was spent roaming among the flowers and in music and singing, Miss Mamie Smith of Charlottetown accompanied by her sister, singing several solos, which were very much appreciated. As the day was drawing to a close, with a hearty vote of thanks to Mr. and Mrs. Simpson for their generous hospitality, the meeting was closed. The next meeting will be in the Institute room as usual on Thursday evening September 21st when Miss Sterns or one of her assistants, expect to be present.

WEDDING BELLS.—A pretty wedding was solemnized in the Methodist Church, Margate, on Wednesday evening, the 6th inst., when Miss Alberta Mackay Dennis, daughter of Mr. and Mrs. William H. Dennis, became the bride of Mr. William Bertram Warren of Burlington. The bride who was becomingly dressed in cream serge with Georgette crepe and carried a bouquet of white asters and maiden hair fern, was attended by her sister, Miss May, while the groom was supported by his brother, Sergeant A. G. Warren. The officiating clergyman was Rev. Mr. Sellar, Miss Dennis of Charlottetown, daughter of Mr. J. R. Dennis, Charlottetown, played the wedding march. After the ceremony, which was attended by a large number of mutual friends, the happy couple drove to the bride's home, where dinner was served, at which a number of relatives and invited guests were present. The popularity

of the bride was abundantly demonstrated by the large number of valuable and useful, elegant presents showered upon her during the days preceding her marriage. Mr. and Mrs. Warren drove to their new home in Burlington, accompanied by the best wishes of a host of friends, in which the Guardian joins.

VISITORS' DAY.—Queen Square School held their "Visitors' Day" yesterday and it was very much enjoyed by those present. A splendid musical programme was given by the pupils, including choruses, "We're From Canada," "Marching to Victory," "I Love You," "Canada," and "Sons of the Empire." Mrs. J. A. Mathieson, by request, kindly read her paper on School improvements, which was much appreciated. Mr. Henry Smith, chairman of the School Board, presented, while short interesting addresses were given. The pupils by His Honor Lieutenant Governor Macdonald, Rev. Maurice Macdonald, Dr. W. J. P. McMillan, Superintendent Shaw James Paton, M. A., and C. G. Duffy before retiring, Mr. Paton announced that he would give a \$10. gold piece for punctuality, and Dr. W. J. P. McMillan offered two \$5 gold pieces as prizes for home work, which, needless to say, met with hearty applause.

Save The Children

Mothers who keep a box of Baby's Own Tablets in the house may feel that the lives of the little ones are reasonably safe during the hot weather. Stomach troubles, cholera infantum and diarrhoea carry off thousands of little ones every summer, in most cases because the mother does not have a safe medicine at hand to give promptly. Baby's Own Tablets cure these troubles, or if given occasionally to the well child, will prevent their coming on. The Tablets are guaranteed by a government analyst to be absolutely harmless even to the newborn babe. They are especially good in summer because they regulate the bowels and keep the stomach sweet and pure. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

Make More Money From Your Cows

If you are still skimming cream by the old pan or can method you are not making nearly enough money from your cows. By using the **Standard** cream separator you can get \$15 more profit annually from each cow in your herd. If you have 20 cows that means an increased profit of \$300.—more than enough to pay for the Standard four times over.

The Standard gets all the cream,—at least, it loses but one-tenth of a pound in every 1,000 lbs. of milk skimmed. Ordinary separators lose from a half to a full pound. Government Dairy School records substantiate our statements of the Standard's close skimming.

Not only does the Standard skim close, but it gives you the cream in the best condition. Thanks to its CURVED WING centre-piece the milk is distributed to the discs without "whipping" or slapping it and breaking up the globules of butter fat as the ordinary straight wings do. Good firm butter can therefore be made from the unwhipped cream skimmed by the Standard. Such butter brings the highest price.

The Standard is easily turned, too. It runs in a bath of oil, every gear and bearing being automatically sprayed all the time the machine is in motion. By removing the used oil from the reservoir every two or three months and filling it up with coal oil, the driving mechanism can also be automatically cleaned.

Another splendid feature of the Standard cream separator is its interchangeable capacity. The Standard is now built with one frame for all sizes of bowls. To change the capacity of the machine all that is necessary is to change the bowl and skimmers. If a man increases the size of his herd he can increase the capacity of his Standard at a very small expense.

The Standard is the up-to-date machine. It is the BIG value machine. It is the BIG profit-earner for the dairyman. Let us send you a Standard so you can see it at work in your own dairy, or have it tested alongside any other separator, we care not what make.

Defies the Frost King

King Winter is armed with countless millions of ice-hard snow-crystals, driven by the full force of winter winds; his destructive work is aided by rapid changes in temperature, which freeze tiny particles of water in the pores of unprotected woodwork, tearing the wood fibres apart as freezing water splits a wrought-iron pipe. In the course of a long Canadian winter he can cause irreparable damage to an unprotected silo, barn or home. He attacks in vain, however, the building protected with

B-H "ENGLISH" PAINT

The pure white lead (70%) and pure white zinc (30%), which it contains, serve as a thin but effective metallic armor-plate, defying all the forces of natural decay for many years.

The superiority of B-H "English" Paint is due both to the purity of its ingredients and to our special methods of manufacture. These produce a paint, which on account of its smoothness and marvellous fineness, spreads easily and penetrates far into the fibres of the wood.
