

TEST IT YOURSELF

Buying a house paint merely because it is cheap is poor economy. You get your house painted, of course, but the paint won't last.

Before painting, investigate

Brandram-Henderson's "English" Paint

It gives you the utmost service and satisfaction - and is as dependable as Gibraltar. When you paint with B-H "ENGLISH", you know you will get the service you want, because it is made according to the guaranteed formula: 70 per cent Brandram's B. B. Genuine White Lead and 30 per cent Pure White Zinc for white and tints.

Exceptional endurance is a quality of B-H Paints that has been demonstrated by generations of painters. If the job is done with B-H "English" it will be as lasting as paint can make it.

We sell it. Call! There is a booklet waiting for you which tells about Paint and Painting.

FENNEL & CHANDLER

Charlottetown, P. E. I.

Do not Spend your Money on Incomplete Fertilizers

That is, do not buy a fertilizer, low in POTASH, because you will not get maximum yields from your farm. Agricultural Authorities prove that all crops remove from the soil more POTASH than Phosphoric Acid; therefore, the folly of using a fertilizer containing less POTASH than Phosphoric Acid.

We will tell you the right kind of fertilizer to use - one that will make more money for you. Having POTASH, Acid Phosphate and Nitrate of Soda in stock, can quote you attractive prices on these three fertilizer materials, and will show you

How to Mix Your Goods at Home and Save Money

Make up your mind to have bigger crops this year by using the right kind of fertilizer.

With a high grade POTASH fertilizer you can get crops that will pay you many times over for the cost of fertilizers. Drop in and let us tell you HOW TO MAKE MONEY FROM YOUR FARM

POOLE & THOMPSON
Montague, P. E. Island.

Blood was like Water Was given up to die of Anaemia by two doctors

A Letter of Unusual Interest Describes this Remarkable Cure

You will learn by reading this letter how medical doctors knock proprietary medicines and try to keep people from using them and learning of their value.

This letter also shows how medicines of proven merit often cure the most complicated cases after doctors had given up hope. In this case two doctors said Mr. Hyndman could not get better, and, in fact, he daily grew weaker so long as he followed their treatment. This is a remarkable victory for Dr. Chase's Medicines and you will find the details of the case interesting.

Mr. T. Hyndman, Farmer, Rupert, Que., writes: "I had been gradually failing in health for two years and tried many remedies, among others I used Dr. Chase's Kidney-Liver Pills and found them doing me good. Some neighbors told me the Doctors said they were dangerous so I quit their use and went to the doctor. Under his treatment I got so weak I was unable to raise my head from the pillow, and he told me that I had Anaemia of the blood and could never be better again, so I sent for another doctor and he told me the same. I could not take their medicine and was continually vomiting, so I gave them up and said 'kill or cure I will again try Dr. Chase's Medicines.'"

I used altogether fourteen boxes of Dr. Chase's Nerve Food and six boxes Dr. Chase's Kidney-Liver Pills, and now I can work from six o'clock in the morning until seven at night and I don't poke at it either. Any man that works a farm knows what kind of a job it is. I honestly believe that I owe my life to Dr. Chase's Nerve Food and Pills, and I praise them everywhere I go. Many of the people here use them to keep the system in good condition and prevent disease."

Dr. Chase's Nerve Food has no rival as a means of enriching the blood and building up the system. 50c. a box, 6 for \$2.50, all dealers or Edmanson, Bates & Co., Limited, Toronto. Write for booklet.

Do You Want a Big Hay Crop This Year?

If you want a big bumper hay crop this year, the only way to prepare for it is to treat your soil systematically, properly, scientifically - and that means building it up with our Unmixed English Fertilizers.

You already know that a mixed hay crop of 2 1-2 tons, takes 77 pounds potash, 18 pounds phosphoric acid and 70 pounds nitrogen from the soil and unless the land is replenished with these necessary plant foods, you cannot secure the crop you should.

Eliminate Guesswork by Using UNMIXED Fertilizers

There is no guess work un-crop with minimum trouble what you are getting for your certainty or doubt when you and expense. money. You are sure of accurate weight and you can mix Fertilizers, provided your land you save 25 p.c. of your money ingredients to suit every square in any way arable or fertile, by mixing at home. You know inch of soil, so as to be certain you can secure a maximum just what you are using and of bumper returns.

Results Secured by Some Island Farmers A Simple Hay Fertilizer Formula

A farmer at Alberton secured a net profit of \$32.24 per acre, clear gain, by using our unmixed fertilizers.

Fertilizer formula for one acre without manure. 1 1-2 bags xxx superphosphate \$3.75 75 lbs. nitrate of soda 2.44 100 lbs. muriate of potash 2.65

Another farmer at Dundas secured a net profit of \$32 per acre on his hay crop in comparison with his unfertilized hay fields. What these men have done, you can do.

Total \$8.84 On heavy soil two bags of basic slag should be used instead of the superphosphate, price 45c a bag.
