## S' SIDE AND PRINCE CO.

MAYOR Campbell was able to be out yesterday, having almost completely recovered from his recent illness.

JUDGE Hodgson who has been quite ill at the Clifton for over a week, will return home by the noon train today.

ANOTHER attraction. Mr. Massey and Mr. March the popular commercial travellers will sing at Miss Lefurgey's concert tomorrow evening.

AN additional attraction. Mr. Massey and Mr. March, the popular commercial travellers, will sing at Miss Lefurgey's entertainment this evening.

Mr. S. H. JONES will ship 1,000 geese by the Northumberland for the American market this morning. He will also ship a number of turkeys as an experiment. He regrets the fact that P. E. Island farmers do not fatten their turkeys early enough in the season to ship for the American market which is at its best for this stock during the first two weeks in November. Farmers would do well to make a note of this.

SUNDAY night's storm was particularly heavy on the north shore, and doubtless a great deal of damage has been done. At Harris Shore twenty-four oyster boats were driven up on the beach and almost all destroyed. The oil house at the east of Summerside was blown down and demolished. The telephone lines were pretty badly mixed yesterday morning, but were straightened out in good time.

Bilkins—It's a mistake about people being made one when they are married. My wife and I were made ten Bilkins—Made ten? Bilkins—Yes; she's the one and I'm the cipher.

## The Claim is a False One.

## Crude Materials Can Never Produce Perfect Work.

The claim is made by manufacturers of curdly prepared package dyes and dyes composed of soap great mixed with a small amount of coloring matter that these dyes will color cotton and wool goods with the same dye. Such a claim is false and deceptive.

Animal and vegetable fibres, such as wool and cotton, must each have a special coloring agent. In order to meet this difficulty the manufacturers of Diamond Dyes have prepared special dyes for all cotton and cotton and wool or mixed materials. Each of these Diamond Dyes gives handsome and artistic colors suitable for the various seasons.

Diamond Dye are the only dyes in the world that fully meet all the demands of home dyeing. They color all kinds of materials and give colors and shades equal to those produced by European professional dyers, and in the majority of cases the Diamond Dyes are faster and more lasting. Chemical experts who have made repeated tests are of opinion that one package of Diamond Dyes will equal in coloring power three of any other make.

Avoid imitation package dyes and soap grease mixtures; they ruin good materials and are dangerous to handle.

"Have you studied any other languages, besides English?" "Yes," answered Miss Cayenne, "three, golf, baseball and yachting."

## Chronic Bronchitis Cured.

Mr. Charles E. Reid, the leading druggist of Revelstoke, B. C., says: "I have every reason to believe Gaiffith's Menthol Liniment will cure Chronic Bronchitis. A lady customer says she has been troubled with Chronic Bronchitis for years, and that three bottles of Menthol Liniment have entirely cured her. It always gives the best satisfaction to my customers."

## A Dreaded Disease in November.

THOUSANDS ARE SUFFERING.

## Paine's Celery Compound Gives Prompt Relief and Cures Permanently.

Thousands of people die in November of rheumatism. In the vast majority of cases carelessness, ignorance and a lack of medical skill send the sufferers to the grave.

It can be healed and fearlessly asserted that in ninety nine cases out of every hundred Paine's Celery Compound would have banished the disease and saved life.

The original case of rheumatism, as of so many other diseases, is a lack of nerve force. With its weakness of the nervous system there is a derangement of the digestive organs; the food stays too long in the stomach; it turns sour, and the resulting acid enters the blood. The victim then takes cold, and the acid cannot be expelled from the system by ordinary means. Soon the joints swell, and then there is inflammation and great suffering.

Paine's Celery Compound used promptly and regularly quickly expels all the deadly acid from the body; the pains are banished, muscles and joints that have become contracted and stiffened soon become limber and regain their power, and the patient walks with comfort and ease.

No other medicine can do such marvellous work for those afflicted with rheumatism and sciatica. Paine's Celery Compound is truly your friend and life-renewer; it is the medicine recommended by the ablest physicians for the banishment and cure of a disease that has such fatal results in the variable autumn months.

"What is your opinion of city people?" "They live too close together and too far apart."

## A HUNTING ADVENTURE.

Nicholson and the book-keeper are back from the North. They didn't kill many deer, they say, but they had all the fun they wanted.

"We went out one day," says Nicholson, "determined to kill a deer, or know the reason why."

"We sat all day on a runaway while the guide took his two half-starved, half-bred collies away somewhere on a trip of his own. Sitting in a log camp drinking whiskey and playing pokes beside a big fire is different kind of hunting to waiting all day on a runaway. I began to get chilly, before I was through I was about frozen stiff."

"Long before the middle of the afternoon a big mouse-colored thing went by me like a flash. I had the rifle to my shoulder, but the muzzle was doing fancy circles and little geometrical do-funnys. It shook so fast I couldn't see the last six inch of the barrel. I let her fly anyway, but Lord only knows what I hit. There was no reason for the deer to worry about it anyhow."

"How about the Book-keeper?" was asked.

"Oh! him—he was worse than me. He has over on the other runaway. He had a chance, but he couldn't find the trigger of his rifle. Says it was the most extraordinary fit of the shakes you ever saw."

Both Nicholson and the Book-keeper have to stand a lot of guying now-a-days. Nicholson says it's the whiskey. The Book-keeper says it was smoking too much. But it amounts to the same thing; if you want steady nerves the morning after, use Dodd's Dyspepsia Tablets the "night before."

## ARE YOU BILIOUS.

A sluggish liver fails to filter the bile from the blood, and when the poisonous matter goes through the body in circulation, the whole system is tainted and deranged. This is called biliousness and can be completely cured by Dr. A. W. Chase's Kidney-Liver Pills which act directly on the liver making it healthy and active. One pill a dose 25 cents a box. The cheapest medicine in the world.
