ALBERTON W.I.

The Women's Institute held its first regular meeting following the summer recess at the home of Mrs. Eric Corbett Friday evening. Five members answered the roll call. Minutes of the June meeting of a picnic meeting and of a special meeting were read by the secretary and approved. The treasurer reported a balance of \$81.13. Several bills were ordered paid. Correspondence consisted of a letter asking the Institute to canvass the town for other purposes. It was decided to ask various other organizations to share this work since the Institute members have recently canvassed the town for other purposes. The secretary reported that in conversation with an official of the T.B. League, regarding the recent visit of the Mobile X-ray Unit to this community, a genuine concern had been expressed by him that so few people, particularly those of school age, had been X-rayed. Among those who were X-rayed, several cases of tuberculosis were discovered. So great is this official's concern over the welfare of those who neglected to be X-rayed that he offered to have the Mobile Unit return in November if we could promise that at least fifty persons would come to be X-rayed here and if residents of English would make a similar promise. The members made plans for publicizing this offer. There was no report from
