Empire Trade Booming

MONTREAL, June 21.—Canadian merchants are welcoming cordially the Canadian customs restriction of depreciation of foreign currencies for duty purposes to 50 per cent, declared by Captain Evan J. Edwards, British Trade Commissioner. "I have made a number of investigations on this point and have been surprised as well glad to note the strength of their feeling in favor of Empire trade. In one trade after another, I am told that the effect has been to kill German imports into Canada and this is not being related with any pleasure at the idea of harm being done to late enemy countries."

COMMENCEMENT EXERCISES AT NOTRE DAME ACADEMY

In Addition to the Distribution of Premiums, Crowns, Medals and Certificates, the Programme Embraced a Delightful Operetta Splendidly Rendered.

The commencement exercises of Notre Dame Academy were held last evening at Notre Dame Convention and were largely attended. His Lordship Bishop O'Leary presided. The programme was one of unusual merit and displayed fully the talents of the performers. At the conclusion of the programme His Lordship Bishop O'Leary briefly addressed the pupils and called upon the Hon. Premier Ball and His Worship Mayor or Riley, who spoke encouragingly of the good work achieved and commended everyone concerned in the splendid programme. Among the out-of-town clergy attending the closing exercises were Rev. Pious McDonald, Rev. P. D. McGuigan, Rev. K. MacPherson and Rev. John McDonald of Indian River.

An address from the pupils was read by Miss Trainor. The exercises in every way were a splendid success and much credit is due the younger pupils especially for their painstaking practice. The costumes were exceptionally beautiful. The "elves" were quite bewitching and the "Maypole Dance" was something seen, to be remembered with pleasure for a long time.

Many visitors were present at the closing exercises, and to young and old alike the evening was one of rare entertainment. Owing to lack of space in today's Guardian the programme of the entertainment and the prize essay of Miss Madelyn Clarkin have been crowded out and will appear later.

Lively Election Campaign on in Medicine Hat

MEDICINE HAT, Alta., June 21.—The by-election campaign, which at the start appeared to lack the ginger usually apparent in contests of this nature, lacks nothing in this respect during the last two weeks of the campaign. The polling will take place on June 27.

Hon. T. A. Crenar, Progressive leader and Norman F. Lambert, secretary of the Canadian Council of Agriculture, spent the greater part of last week in the district in the interests of Robert Gardner, United Farmer candidate, while Col. Norman Spencer, the government standard-bearer, was assisted by Senator Gidson Robertson, minister of labor, and R. C. Henderson, M. P.

It is expected in political circles that the farmers' candidate will carry the rural polls by a considerable majority, but the action of the electors in Medicine Hat city may decide the election, were supporters of Colonel Spencer say they expect that he will receive a big majority which may overcome the majority of his opponent in the rural districts.

The number of voters who will go to the polls next Monday is not expected to exceed 15,000 and of these approximately 5,000 are members of the United Farmers of Alberta and its affiliated women's organization. About 4,000 names are on the list in Medicine Hat city.

Citizens Entertained At Victoria Hotel

The unveiling of the handsome photographs of Island scenery, presented by Mr. V. S. Louson to the Rotary Club, took place in the Victoria Hotel last evening and was celebrated by a splendid supper put up by the Hotel management under the capable supervision of Manager Brown.

His Hon. Lieut. Governor McKinnon and Mrs. McKinnon presided as guests through the gallery of pictures and spoke eloquently of the beautiful scenery they represented. In the dining room tea was served by Mrs. (Col.) D. A. McKinnon, Mrs. J. A. Webster and Mrs. Brown.

The supper donated by the management of the Hotel in honor of the unveiling of the photographs was one of the most brilliant affairs of its kind held here. A nominal admission fee was asked, the proceeds of which will be given to the Red Cross. Many citizens availed themselves of the general invitation to the supper and over 500 guests in all were entertained in the spacious dining room of the Hotel.

The handsome floral decorations in the dining room and the striking effect which the tasteful arrangement of the dishes and furniture made, was favorably commented upon by everyone.

The central dining table displayed two beautiful floral decorations of red peonies and white spirea designed to form a "Red Cross" in honor of that Society. The centerpiece decoration consisted of red peonies and white spirea banded with moss, upon which was placed a handsome silver cup holding red asparagus fern, with iris and roses. The general trimmings about the dining room, consisting of snowballs, red peonies and white spirea, a beautiful red and white effect.

The reception room and the drawing room where the pictures were on exhibition were also tastefully decorated with ferns and various flowers. Music was furnished by the Casino orchestra. The entertainment was continued until a late hour.

Gompers Leading Ground in Leadership

DENVER, Col., June 21.—The boom of John L. Lewis for leadership of the Union of Labor of the United States gained strength today. Delegates representing various small unions joined the president of the United Mine Workers in his fight for the presidency of the American Federation of Labor. The carpenters' union was the largest delegation reported to have joined. The railroad workers, machinists, coal miners and the women garment workers in supporting Lewis. A careful canvass of the vote today showed on the surface that Lewis still lacked at least 6,000 of the 19,000 votes needed to win over the veteran leader Samuel Gompers. Many union leaders hesitated to desert Gompers who has headed their organization for thirty-nine years. They realized that a defeat now would be a serious blow to the man who has given most of his life to organized labor.

Speaker Rhodes May Retire

OTTAWA, June 21.—In the event of Mr. Speaker R. Rhodes accepting the position of president and general manager of the British American Nickel Company it is generally believed here that he will resign his position as Speaker of the House of Commons and will retire from public life. Mr. Rhodes has not intended to be a candidate again in Cumberland County. The riding at the best of times is a difficult one to carry and for one whose duties keep him almost constantly at Ottawa it is still more difficult. For the present, however, Mr. Speaker is not communicative on the intimation that he will accept.

Body Recovered At Rustico

The body of Mr. Solomon Gallant who was drowned with his son Martin Gallant, off Rustico on May 3rd was recovered last Monday by Mr. Napoleon Doucette's little boy. The body was partly buried in the shore sand a short distance from Rustico where it evidently drifted after the accident.

The body of Martin Gallant, who perished with his father was recovered at Lairds' Cove on June 9th. Both victims of the sad drowning tragedy are thus accounted for. There was little doubt, from the first, but that the unfortunate men had met their death in the rough sea that prevailed off Rustico on the day of their disappearance.

P.E.I. Infantry Go Into Camp Today

The 1st Battalion, P. E. Island Light Infantry, under the command of Lieut. Col. J. C. Stewart, M. C., will go into camp this morning at 400 strong. The camp is at the Ordinance Grounds, Brighton Road.

Advance parties arrived at camp yesterday from the different company headquarters and further detachment are expected today.

Good progress has been made in erecting the camp and it will be gratifying to people throughout town and country to learn that recruiting has been highly successful in this popular branch of the service. Four hundred is the maximum strength of the battalion and recruits came forward so steadily during the past few weeks that it was necessary to turn away over 175 men desirous of enlisting.

A splendid brass band of 25 pieces is attached to the Battalion together with a smaller pipe band. "A" Company and Headquarters will parade today at 9 o'clock to the camp. B and C companies will arrive on the western train and D Company will come on the Georgetown and Murray Harbor trains.

A great part of today will be spent in shaping up the camp and in settling down.

Capt. McCullough, of the R. C. R's., Halifax, arrived last evening and will be present while the battalion is in camp.

There is no doubt that the Infantry boys will make a splendid showing under the capable command of Col. Stewart, whose services overseas and at home well qualifies him for the post.

Quebec's Empty Cellars Must be Replenished

(Special to The Guardian) OTTAWA, June 21.—Until July 19th when the importations of liquors must cease in Ontario, an opportunity will be given for the replenishment of empty cellars, as the result of a ruling given in the Railway Commission today. The ruling was reached by common consent as between the Commission and the Province of Quebec represented here by A. M. Gouffron, K. C. of Montreal. Under the ruling it is held that in spite of the fact that the province has assumed control of liquor sales there may be individual export from Quebec City where the Scott Act is still in force. The Quebec Government sought to control both the importation and exportation of liquors but the Justice Department has already given a ruling to the effect that in Scott Act areas an individual at may import as he sees fit. The express companies however have declined to handle export business without the consent of the Railway Commission. Such consent was given today.

Nearly 5,000,000 Workers Involved In Miners' Struggle

LONDON, June 21.—The magnitude of the struggle which the leaders of the British miners are seeking to bring about may be judged by the computation that membership of the unions which they hope to immediately involve in a general strike numbers nearly five million workers.

The organizations threatened with wage reductions are the railway workers with 750,000 members, the transport workers 500,000,000, the cotton workers, 600,000, the woolworkers 250,000 and the gas workers, 30,000. Invitations are being sent to these unions to attend a meeting at London next week to consider the general strike proposition of the miners.

All public comment declares that the miners move is absurd and foredoomed to failure. The first effort of the miners in this direction was turned down, and success now is less likely because owing to the widespread unemployment and other causes the finances of all the unions are about exhausted.

Trustees, Mrs. Robert McKinley, Mr. Alfred Yeo, Mr. James Doyle, Secretary, John McKinnon. Present teacher resigned.

YORK
