YESTERDAY THE GUARDIAN was shown a sample of the scrubbing brushes made in the manufacturing department of the Insane Hospital. The work compares favorably with the imported brushes. It is proposed to manufacture white wash brushes, and horse brushes. Great interest is taken in the work by the patients.

TOURISTS and persons bent on pleasure, should not forget that the Jacques Cartier runs a special excursion every Thursday afternoon at 3 o'clock to Orwell and return for but 30 cents, and every Saturday afternoon to Crapaud and return for but 40 cents. These are delightful outings, as they give passengers so much pure sea air.

MISCOUCHE NOTES.—The Miscouche band boys have erected a fine band-stand on the corner of Main and Brook street. No doubt they will do their utmost to play at least once a week during the summer months.—G. Gaudet, attorney-at-law of the firm of Davis & Haszard, Charlottetown, was here visiting friends a few days ago. We understand that Mr. Pineau, M. P. P., intends visiting Miscouche.

The North Sydney Herald says: The New York Lyceum Co. are meeting with the same success in Newfoundland as characterized their stay in North Sydney. A first-class company is always accorded a good reception in Cape Breton. This company can count on a repetition of their success if they decide to play here on their return from the Ancient Colony.

THE Plant liner Halifax sailed for Boston at midnight, after having been thoroughly overhauled and painted. She was much improved in appearance. The cargo was not so large as usual, as the Florida took all the freight as well as passengers from the eastward.—Halifax Chronicle.
