CELERY CELERY

Why do we hear and see so much about "Paine's Celery Compound"? Because it is claimed to have a certain amount of celery in its composition, and why are we blowing so much about celery? Because we have the genuine article, and in order to introduce it even more thoroughly, we make the following liberal offer:—

Celery per bbl \$2.00, for 3 bbls \$5.00, for 6 bbls \$9.50—a plan for keeping celery sent with each order; also a sample sent on receipt of address and 5 cents in stamps. When ordering state if for winter keeping or present use. We ship to all the Maritime Provinces, and celery will be received by our customers in perfect condition for winter keeping.

We are also growers and shippers of cabbage, beets, carrots, parsnips, turnips, cauliflower, tomatoes, onions. Orders from unknown correspondents, will please accompany order with cash.

Address.—

No Cure for... Bright's Disease

In its advanced stages—The Reason Why—Danger Prevented by the Timely Use of Dr. A. W. Chase's Kidney-Liver Pills.

To understand Bright's Disease is to know that in its advanced stages it is past the reach of human aid. The cells of the kidneys undergo a wasting change, which leaves them dead so far as performing their functions is concerned. Just think of having the kidneys dead. Think of the poisons left in the system when these organs could no longer perform their duties as filters of the blood.

It would be difficult to conceive of anything more dreadful, and yet this is the goal to which every case of neglected kidney disease must lead. When the back aches, when urinating is difficult or too frequent, when there are deposits in the urine after standing for 24 hours, there is no time to lose in procuring Dr. Chase's Kidney-Liver Pills.

It is not claimed that they cure Bright's Disease in its last stages. They are an absolute cure for kidney disease, and so long as the kidneys are not entirely wasted away they will give new strength and vigor and enable them to resume their duties of filtering the blood.

Dr. Chase's Kidney-Liver Pills will stop backache and headache in short order by removing the cause, and will positively prevent Bright's Disease. One pill a dose, 25c a box. At all dealers, or Edmanson, Bates & Co., Toronto.

Dodd's Kidney Pills

are the only medicine that will cure Diabetes. Like Bright's Disease this disease was incurable until Dodd's Kidney Pills cured it. Doctors themselves confess that without Dodd's Kidney Pills they are powerless against Diabetes. Dodd's Kidney Pills are the first medicine that ever cured Diabetes. Imitations—box, name and pill, are advertised to do so, but the medicine that does cure

Diabetes

is Dodd's Kidney Pills. Dodd's Kidney Pills are fifty cents a box at all druggists.

Pass It On.

Appropos of the "bugs and things" in whiskey, the following extract from a recent sermon by the Rev. T. DeWitt is of interest.

A celebrated doctor of France has recently discovered something which all drinkers ought to know. He has found out that alcohol in every shape, whether of wine or brandy or beer, contains parasitic life, called bacillus potumanae. By a powerful microscope these living things are discovered, and when you take strong drink you take them into the stomach and then into your blood, and getting into the crimson coils of life they go out into every tissue of your body, and your entire organism is taken possession of by these noxious infinitesimals. When in delirium tremens a man sees every form of reptilian life, it is only these parasites of the brain in exaggerated size. It is not a hallucination that the victim is suffering from. He only sees in the room what is actually crawling and rioting in his own brain. Every time you take strong drink you swallow these maggots, and every time the imbiber of alcohol in any shape feels vertigo or rheumatism or nausea, it is only the jubilee of these maggots. Efforts are being made for the discovery of some germicide that can kill the parasites of alcoholism, but the only thing that will ever extirpate them is abstinence, to which I would before God swear all young men and old.

WHY HE FAILED.

He was a conscientious boy and he worked hard. His ambition was to be a lawyer, and though he knew there were more lawyers in the country already than there was law to go around, he swore to succeed and excel, and to force his way up to the top, etc., like so many young greenhorns before him.

Late in the night he sat reading by the light of a student's lamp, his aching head swathed in a wet towel. All day the grind went on, from study to lecture room, from lecture to study, with scarcely time to snatch at the poorly prepared, unenjoyable meals served at his boarding house on Victoria Street.

The Fall examinations came on in their due course. The boy felt like an athlete over-trained. He wrote with painful effort. He could put no spirit into his pen. He had to force his mind to this, and the force was slowly breaking down his will.

He struggled through somehow. But the end found him fagged, thin and worn out.

"You look completely broken down," said Judge Williamson, kindly. "You need a tonic. Eat lots of wholesome food and take plenty of sleep."

The boy thought of the meal awaiting him at the cheap boarding house and shuddered. His stomach weakened and turned at the thought.

Dodd's Dyspepsia Tablets would have changed all that, but he—like many others—didn't know that the secret of nervousness and general "run down" is indigestion. And so he was "plucked" and became broken-hearted into the bargain.
