## Heaviness, Lassitude, Drowsy and Dull.

### Do You Feel That Way?

How provoking these symptoms are! You sleep well, but when you awaken there is none of the exhilaration that slip and rest should confer. Instead of being alert, having quickness of apprehension, there is languor, dullness, a disinclination to do things. Three causes for this feeling: 1. Lazy liver, 2. Lazy kidneys, and a mighty lazy stomach which does its work very poorly and compels the other organs to do things they are unequal to for any length of time. Note the consequences—blood is filled with wastes—old ones weigh down the nervous system—rebuilding process is absolutely stopped. You'll note an instant change when you take Ferruzone. Appetite improves, digestion becomes good as ever skin grows ruddy and clear all sense of languor, uneasiness and depression fade away and finally disappear. Ferruzone clarifies the brain, supplies tone and vigor, supports character and strength. You feel like a new person, full of life, full of ambition, ready to do things, and able to do them also. Think it over. Ferruzone is a tonic that uplifts, upbids, that nourishes and restores the sick by supplying the elements their weakened system need. For men, women and children, in fact anyone seeking strength and health, Ferruzone is invaluable; try it, sold by all druggists in 50c boxes.
