FACTORY GIRL GIVES UP

Too Sick to Work—Doctor Advised Operation. Restored to Health by Lydia E. Pinkham's Compound.

Poughkeepsie, N. Y.—"I run a sewing machine in a large factory and got all run down. I had to give up work for I could not stand the pains in my back. The doctor said I needed an operation for female trouble but Lydia E. Pinkham's Vegetable Compound helped me more than the doctors did. I hope that every one who is suffering will get the Compound. My pains, nervousness and backache are gone and I have gained five pounds. I owe my thanks to your medicine for it is the working girl's friend, and all women who suffer should write to you for special advice."—Miss TILLIE PLANNING, 3 Jay St., Poughkeepsie, N. Y.

When a remedy has lived for over thirty years, steadily growing in popularity and influence, and thousands upon thousands of women declare they owe their very lives to it, is it not reasonable to believe that it is an article of great merit?
 We challenge anyone to show any other one remedy for a special class of disease which has attained such an enormous demand and maintained it for so many years as has Lydia E. Pinkham's Vegetable Compound.
 If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

PROGRESSIVE.—George E. Leard & Son, the progressive millers of Crapaud, are about adding to their already well equipped plant a large dynamic which, in addition to lighting their own establishment may possibly extend its rays to the village and perhaps Victoria. Such enterprise is commendable and speaks well of the thriving community of Crapaud, assisted by Sr. Ste. Helen's uncle, Mgr. Sinnott.

For Winter Work

or winter play you need a food that contains heat-making, tissue-building material in a digestible form. Natural warmth and bodily vigor come from eating

SHREDDED WHEAT

because it supplies in a digestible form all the body-building, blood-making elements in the whole wheat grain. Heat the Biscuit in the oven to restore crispness; cover with hot milk and a little cream and serve with stewed prunes or other stewed fruits. The combination makes an ideal dish for the winter days, supplying all the strength needed for work or play and keeping the bowels healthy and active.

SPEEDWAY.—The speedway on the ice will be an accomplished fact tomorrow. Duncan Robertson has been commissioned to select a site and bush it off for half a mile. The landing will be at McMurrer's this year. Brighton being so full of cracked ice that it is impossible to land there.

DISORDERED NERVES

sometimes start from mental strain or indigestion, but more often from general weakness, and lead to appalling conditions unless checked.

Treat the cause, not the effect.

SCOTT'S EMULSION overcomes nervousness in a wonderful, permanent way by making life-sustaining blood corpuscles; it nourishes the nerve centres and acts as a bracing tonic to build you up.

Scott's Emulsion does not stupefy—it feeds them in Nature's way.

Was a Victim of Bronchitis.

HAD TO BE PROPPED UP IN BED.

Bronchitis is an acute inflammation of the membranes lining the air tubes of the lungs, and begins with a tightness across the chest, and a difficulty of breathing accompanied by a hard dry cough which later develops into the raising of a greenish or yellowish phlegm.

On the first sign of bronchitis you should check it immediately by using Dr. Wood's Norway Pine Syrup, and thereby preventing it becoming chronic and perhaps turning into some serious lung trouble. Mrs. John Fawcett, Salisbury, N.B., writes: "A year ago I was a victim of Bronchitis. I was so bad I could not lie down, and had to be propped up in bed. As the doctor failed to do me much good a friend, who came to visit me, advised me to try Dr. Wood's Norway Pine Syrup. The first bottle helped me so wonderfully I took five bottles in all, and was cured. I have not had an attack of it since."

Price, 25 and 50 cents a bottle.

See you get "Dr. Wood's" when you ask for it. Manufactured only by The T. Milburn Co. Limited, Toronto, Ont.

Children's Colds
From Wet Feet and Chilled Bodies.

A puddle of water or patch of ice is an irresistible temptation for every boy, and most girls. The result is usually wet feet, chilled bodies, coughs and colds.

The children must be safeguarded, for, if they do survive the frequent coughs and colds, it is often with the lungs so weakened that they become chronic sufferers from bronchitis or consumption.

Dr. Chase's Syrup of Linseed and Turpentine will almost invariably cure a cold, and that quickly, if taken at that critical time when it is settling on the chest.

It kills the germs, for there is no greater germicide than turpentine. It soothes the irritation which causes coughing, clears the air passages, and positively cures the cold.

Being composed of simple ingredients of undoubted value, Dr. Chase's Syrup of Linseed and Turpentine is admirably suited as a treatment for children.

It is pleasant to the taste. So much so that children delight to take it on this account, as well as because of the quick relief it affords them.

Many mothers prize this medicine most because they have found in it a cure for croup and whooping cough, ailments which seldom yield to other treatments.

Every bottle of the genuine bears the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author. 25c a bottle; family size, 50c. All dealers, or Edmondson, Bates & Co., Limited, Toronto.
