Charlottetown Guardian Two Cents Morning Guardian, Founded 1867

ARRANGEMENTS MADE FOR VISIT OF BRITISH PREMIER

Rt. Hon. Stanley Baldwin accompanied by Mrs. Baldwin and son and daughter will arrive in Charlottetown Tuesday, Aug. 16th., at 8.40 p. m. leaving next morning at 9.30.—Rt. Hon. Mackenzie King and Cabinet Ministers will be in attendance.

Last evening His Honor Lieutenant-Governor Heartz informed the Guardian of the programme prepared for the visit of Rt. Hon. Stanley Baldwin, Prime Minister of Great Britain next month to this city. His Honour, who has taken great pains to make the visit an enjoyable one, has been in constant communication by wire and letter for over two weeks with the members of the Canadian Cabinet who are in charge of the projected tour.

The arrival of the train the party will be met by His Honour at the Station and immediately escorted to the Parliament Building where addresses will be presented the distinguished visitor by the Premier and His Worship Mayor Miller, on behalf of the Government and City respectively in the Confederation Chamber to which Premier Baldwin will reply. As under such arrangements alone the privilege of hearing Mr. Baldwin would be confined to but a comparatively small number of people, the Lieutenant-Governor is seeking to arrange that the Premier shall briefly address the large concourse of citizens who undoubtedly will be present from the balcony of the Building. Whether or not this may be effected can not be known for some days.

From the Council Chamber the visiting party will proceed to Edge-water Station where they will be the guests of His Honour Lieutenant-Governor and Mrs. Heartz at supper and where they will remain overnight. His Honour was desirous of holding a reception before supper but the officials in charge demurred from this proposal.

The party will leave the next morning by H. M. S. Capetown for Pictou, where they will entrain for Halifax. As may be seen from the itinerary Prince Edward Island is greatly honoured by the comparatively long stay of Premier Baldwin and his party who remain but three hours in St. John and two in Halifax.

It is expected that during the sojourn of the distinguished visitors in Charlottetown Rt. Hon. Mackenzie King, Prime Minister of Canada, accompanied by Hon. J. L. Ralston, Hon. P. J. Ventor and other Cabinet Ministers will be in attendance.

Physician Advises Complete Rest

Yesterday's Patriot contains the announcement that Dr. C. Saunders, the new Premier elect, has been obliged on the advice of his physician to take a complete rest of at least a fortnight.

Mr. Saunders did not spare himself during the recent strenuous campaign, and even before the election date was announced, and before joint meetings were arranged, had been addressing other meetings throughout the Province.

During the last session, owing to the opposition being numerically weak Mr. Saunders had a heavy burden of responsibility on his shoulders. Fortunately he possessed a splendid physique, and powerful mental ability, but in spite of that, the strain of his seasonal duties and of the subsequent election began to tell upon him.

All our people, irrespective of politics, will regret the illness of Mr. Saunders, and hope that his health and vigor will soon be restored.

100,000 MAY ATTEND MEMORIAL SERVICE TORONTO, July 29.—Plans for the memorial service at which the Prince of Wales will be present on Sunday, August 7th, must be approved by Ottawa and by the Prince himself, stated Brig.-General John A. Gunn today. "The idea, so far as to have simply a gathering as individuals of the war veterans in Exhibition Park for the service, which starts at 9.30 a. m. We will have a band, or bands, to supply music, and a big band, though which one has not been fixed as yet. Then it has been suggested that we have a choir from a city church present as well.

"We expect to have a turnout of 100,000 at this service. The service will be held in front of the Grand Stand, a platform to be arranged in front of the stand for the clergy and the royal visitors. The congregation will occupy the Grand Stand and other available space. It is intended to have present a representative minister from each denomination, who will take part in the service, and a padre who served overseas to take the service."

Among war veterans, the choice is for Rev. (Capt.) Sidney Lambert, Chaplain at Christie St. Military Hospital, to conduct the service.

BOY FISHES UP SACK OF MONEY BUT IT TURNS OUT COUNTERFEIT DETROIT, Mich., July 29.—Daniel in order to escape conviction,

KING'S FORTUNE DIVIDED AMONG HIS CHILDREN

Queen Marie May Have to Dispose of Her Jewels Unless the State Comes Forward With Help

(Special to the Guardian) BUCHAREST, July 28.—King Ferdinand's death has left Queen Marie relatively a poor woman. Unless the state comes forward with help for the now Dowager Queen she may be obliged to convert some of her jewels and other possessions into cash.

As already announced, Ferdinand's 300,000,000 lei fortune (about \$1,500,000) will be apportioned equally among the King's five children, including Prince Carol, who will receive about \$400,000. The Queen, however, receives nothing but the use for life of certain of the King's properties and palaces.

H. Munroe Drowns In Premier Lake

Horace "Harry" Munroe, well known here as a resident of twenty years standing was drowned from a canoe near Skookumchuck-in-the-Rocks camp on Premier Lake on the evening of the 19th. The story told of the fatality is that Munroe was out on the lake in a row boat in company with Alfred Watson, the last person who saw him alive.

Watson stated to Corporal A. J. Smith of the B. C. P. F. here that Munroe had gone ashore with him to enter an eighteen foot canvas canoe alone. Munroe was sitting in the stern of the canoe, when Watson who was returning to camp, pushed the canoe off shore.

Later Miss Jennie Hopkins and another young lady found Munroe's canoe overturned and Munroe nowhere in sight. A paddle was floating on the water. The girls secured the paddle and towed the canoe to shore, where they reported their discovery to Mr. McBeth, camp instructor. The latter organized a search party and continued to look for the missing man until after dark. The search was resumed at six o'clock on Wednesday morning.

About eight o'clock Munroe's body was found close to a submerged log in fifteen feet of water within 150 feet of shore. It is believed that the unfortunate man ran his canoe against the snag to the overturning of the craft. The body was taken charge of by the provincial police and brought to Cranbrook yesterday afternoon.

The late Mr. Munroe was born in Montague, P. E. I., on March 29th, 1889. He came west as a young man to follow his profession of camp cook. He also farmed for a time on Sheep Creek near Premier Lake and afterwards engaged in the hotel business in Fort Steele. Prior to his engaging as cook at Skookumchuck-in-the-Rocks, Chris Camp where he was employed, when he was eight, he worked for the Cranbrook Hotel here.

The deceased is survived by two young daughters, who make their home with their mother in California, and his brother Dan, resident of Montague, P. E. I. The Knights of Pythias lodge of Kimberley of which Mr. Munroe was a member, are endeavoring to get into touch with the relatives before fixing a date for the funeral which is likely, will be held under Pythian auspices in Kimberley.—Cranbrook (B. C.) Courier.

FAILURE OF TRIPARTITE CONFERENCE PREDICTED

(Canadian Press) GENEVA, July 28.—No agreement was reached by the tripartite naval conference at the meeting this afternoon and the Japanese spokesman expressed the opinion to the Associated Press that the plenary session convoked for Monday will probably be the last.

The spokesman said indications are that the conference will fail. W. C. Bridgeman, chief British delegate, denied to the Associated Press that the conference had collapsed. Mr. Bridgeman said that the conversations would continue but he declined to predict as to future prospects.

CAPT. DICKS ARRESTED LAST NIGHT WHEN PROTESTING THE DISMANTLING OF HIS VESSEL

Arrest follows when he protested the dismantling of his ship by Officers of the law whom he found in charge when visiting the vessel last evening. Had received Sheriff's papers yesterday afternoon giving him charge of his vessel.

Events following the seizure of the Nellie J. Banks by the Bayfield a short time ago, are following in quick succession. Immediately after the seizure of the schooner sought legal redress claiming the seizure of the vessel on the high seas was an act of piracy.

Last night Chief Preventative Officer Barbour ordered the arrest of the Captain while the latter was attending to the management of the seized vessel at the Marine Wharf.

Capt. Dicks had yesterday afternoon obtained papers from the Sheriff giving him charge of the schooner. Yesterday evening Capt. Dicks went down to the Marine Wharf to arrange for the night watch. When he arrived he found the vessel in possession of Preventative Officer Barbour, Prohibition Inspector Bradley and Police Officer Dominic Doyle who, it is claimed, were in the process of dismantling her.

Capt. Dicks protested this action of the officers and proceeded to board his vessel on the strength of the papers he had received from Sheriff Dougan. Mr. Barbour would not recognize the order and a short altercation took place, resulting in the arrest of Capt. Dicks on the charge of obstructing a Customs Officer while in the discharge of his duties. He was taken to the Police Station where he asked for bail. This was granted about midnight on the arrival of Stipendiary Magistrate Martin, who was sent for at Belle River, where he was spending a holiday. Mr. J. J. Johnson, K. C. was called in by Capt. Dicks on the moment of his arrest, to represent him in the case which will be heard this morning before the Magistrate.

It is reported that Capt. Dicks will issue warrants against Mr. Barbour, Mr. Bradley and Police Officer Doyle, for their causing his arrest.

WAR BETWEEN U. S. AND BRITAIN UNTHINKABLE

Lord Reading Declares that the people of Britain and the United States should work together to achieve peace and maintain it.

LONDON, July 28.—The Marquis of Reading, was the chief speaker at a dinner given at Dartmouth House tonight by the English-speaking Union in honor of the visiting United States Editors. "I am confident that His Majesty's Government is seeking every possible means to arrive at an agreement in the question which is now the subject of so much discussion," said Lord Reading, alluding to the disarmament dispute at Geneva. His Majesty's Government does not speak for one party. Certainly the party to which I belong (Liberal) is associated with the Government in the desire to reach an agreement.

ORGANIZATION OVER TWO SCORE PERSONS DROWNED IN LAKE MICHIGAN

The Victims, mostly women and children, were out for a boat-ride to escape the city's sweltering heat. Craft capsized during sudden squall about a mile off shore.

(Canadian Press) CHICAGO, July 28.—Upwards of two-score persons, mostly women and little tots out for a boat-ride to escape the city's sweltering heat which ranged up to 95 degrees were drowned late today when The Favorite, a small excursion boat, capsized in Lake Michigan about a mile off shore during a squall.

Terrified by the storm which came up in fifteen minutes and passed in a few seconds the 75 or 80 passengers rushed to one side of the boat and as it listed stamped to the other side. In an instant they were plunged into the water with rough breakers tossing them helplessly about.

The noise of a negro band blaring away at "I'm Looking Over a Four Leaf Clover", was transferred into the choking cries of persons clutching at any floating object as the boat turned half over and settled until only its upper deck remained partly out of water.

Will be Live Issue at National Convention of Life From Serious Loss of Life From Great Flood

(Special to the Guardian) WINNIPEG, Man., July 28.—What policy will the Conservative National Convention avow on the question of routing Canadian export wheat through all Canadian channels? That is one of the big problems now before the committee.

Intimations have come from both east and west that this policy for protection of Canadian domestic grain trade will be one of the live issues of the convention. That part of the traffic naturally tributary to the east, advocates of this policy claim, must be encouraged to continue to seaboard on all Canadian transportation system, while that going west will be proportionately increased through Vancouver and Prince Rupert ports.

Interlocking connections with domestic exporting firms and Buffalo terminals are at present held responsible for keeping over half of the eastern export traffic in American channels.

King Michael's First Telegram

(Special to the Guardian) BUCHAREST, Rumania, July 28.—King Michael's first official telegram transmitted through his mother today, was addressed to Prof. Clarence Manning of Columbia University. The little king asked that his warmest thanks be given to the many professors and students travelling in Rumania under the auspices of the Carnegie foundation for their good wishes upon his accession to the throne.

Millions of Rabbits Are Slaughtered

(By British United Press) SYDNEY, N. S. W., July 28.—Untold damage has been done to sheep pasturage and young crops in this country every year for decades by hundreds of millions of rabbits, all descendants of four or five that were brought here from England some eighty years ago. Despite all efforts at eradication, rabbits have continued to increase, and today they are still regarded as great a pest as ever by sheep owners and farmers.

Every year, however, hundreds of people earn good cheques by trapping rabbits for their skins and carcasses. The latter are frozen and exported to Britain and the Continent. But for every trapped rabbit used for freezing, a dozen carcasses are burnt after they have been skinned.

All the trapping for skins is done in winter, when the rabbits are clothed in dense, heavy fur. The best skins are worth half a dollar each and are purchased mainly by American buyers. In America they are camouflaged into expensive furs.

This year prices have soared though trappers declare that the skins are not of such good quality. They say that so intense is the trapping campaign this year that the rabbits, instead of browsing peacefully on sweet and nutritious grasses which cultivate the best of furs, are cunningly spending the bulk of their time in the burrows to escape the traps.

TORONTO, July 29.—Maritime, moderate to fresh southwest winds, mostly fair and somewhat warmer, probably scattered showers.

Table with weather forecasts for Toronto, Montreal, Quebec, Halifax, St. John, Boston, and New York.

(Canadian Press) DETROIT, Mich., July 28.—Refused a leave from his duties with the Canadian air service to make a flight from Windsor, Ont., to Windsor, England, C. A. "Duke" Schiller, Canadian pilot, today announced that he would resign at once from the government position and would continue with the plans for the flight. Schiller will pilot Phil Wood, brother of Gar Wood, on the proposed trip.

"Plans are going forward for the non-stop flight and nothing will stop us from hopping off to Windsor."

Lord Birkenhead presided at the dinner, and Major John Jacob Astor welcomed the visitors to

Levine and Pilot Ready For Return Flight

(Canadian Press) PARIS, July 28.—Charles A. Levine and his French pilot, Maurice Drouhin, will be ready to hop off on their proposed flight across the Atlantic to the United States in about ten days. John Castel, factory superintendent for Mr. Levine's aircraft corporation in the United States announced today.

Freddy Welsh Found Dead In New York Hotel

(Canadian Press) BULLETIN, NEW YORK, July 28.—Freddy Welsh, former lightweight champion of the world, was found dead today in his room at a local hotel.

155,000 Permits Issued In Ontario

(Canadian Press) TORONTO, Ont., July 28.—In a statement issued today Dr. E. J. Manion, Ontario liquor control commission in the absence of D. B. Hanna, chairman of the commission announced that after nearly two months operation there are now 47 stores throughout Ontario selling beer and liquor, including two mail order stores. The total number of permits issued to citizens and tourists has reached 155,000.
