BRIGHTER PROSPECTS FOR P. E. ISLAND.

"I'll speak a Prophecy ere I go." Shakespeare, W. L. Cotton, Editor Daily Examiner.

The Car Ferry is within measurable distance and P. E. Island will, in a few years, be in close communication with the railway system of the mainland.

On the mainland a great development of the mineral wealth of Nova Scotia and New Brunswick is just beginning. To the growing industries of these sister provinces there will be added a Shipbuilding industry in which thousands of men will be engaged. It is likely that the population of the tract of country lying between St. John and Sydney will be more than doubled within the next twenty-five years.

Again, there will be a great development of the fisheries of the Province—both those inshore and those offshore in the Gulf. In these, also, a greatly increased number of men

will be employed. For products of the land and sea, alike, there will be a permanent profitable market in the nearby cities of the mainland, and further afield in Montreal, Toronto and the great industrial centres of the West.

Moreover, as the years go by, and as the unrivalled bathing, boating, fishing, shooting and other enjoyable means of recreation become more widely known, and more fully appreciated by the people of the continent, there will be an ever increasing tide of tourists towards P. E. Island.

From all these sources, as well as from our fox farms, there will come a stream of wealth for those who are here to partake of it, and a great increase in all the conveniences and comforts of life.

The wise young men and women of P. E. Island, will, therefore, be those who decide to remain at home, hold what they have, till their native soil and at the fruits thereof, breathe their native air and enjoy good health while they grow gradually and surely rich.

Men Over 45 Not Wanted By Corporations

Man With a Good Head of Hair Has Best Chance in Life

Men Over 45 Need Not Apply

There's the sign that's getting to be a common thing in Canada. Corporations are retiring men at 40. They are not hiring anyone over 40. A baldheaded man often looks 10 years older than he is.

A man with grey hair always does. It is important nowadays that a man look as young as he is; it is vastly important that a man having a family dependent upon him should take care of his hair.

If you have dandruff, get rid of it by killing the germs. If your hair is falling out, stop it. If your hair is fading, don't waste any time.

There is one sure remedy that will correct these misfortunes and aid you to remain young.

Parisian Sage, the grand and efficient hair restorer, is guaranteed to permanently remove dandruff in two weeks, or your money back.

Parisian Sage stops falling hair—it prevents the hair from fading. It is not a dye.

It is the best beautifier for ladies' hair as it makes harsh, lusterless hair fluffy, soft and beautiful and is not sticky or greasy.

Parisian Sage Hair Tonic can be obtained at drug and department stores and at counters where toilet goods are sold for 50 cents. The girl with the Auburn hair is on every package. G. E. Hughes, guarantees it.
