FEED WHEAT and barley meal to arrive at Brax's. CHEST CLINIC—Dr. Creelman will be in the Town Hall, Summerside on Thursday, Dec. 16, 12-14-21, at 10 a.m.

MARRIAGE BELL—A pretty wedding was held at the home of Mr. and Mrs. Benjamin Condon, Kensington on Tuesday evening, Nov. 30th at 7 o'clock when Rev. A. D. Stirling joined in holy bonds a matrimonial union. The bride, Alice, daughter of Mr. and Mrs. Gordon Drummond, and Gerald, son of Mr. and Mrs. Charles Lookhart, Malmeigne in the presence of the immediate relatives. The bride wore a gown of white with a background of potted ferns. At the close of the ceremony a buffet lunch was served.

Mr. William Haslam, Springfield is convalescing in the Prince County Hospital following an operation on December the eleventh.

Mr. James Schurman of Yorkmouth, N.S. has returned to his unit after visiting his parents, Mr. and Mrs. Horatio Schurman, Summerside.

Summerside Town Council at the regular monthly meeting last evening voted the sum of \$125 per month for juvenile welfare work.

Resolved that this Council vote for such purpose the sum of one hundred and twenty-five dollars (\$125.00) per month to be paid to the central community committee or their officers authorized to receive same, at such time and in such amount as may be established and operating for one month and to be continued to be paid at the pleasure of the said Council of the town of Summerside.

Mayor Lidstone presided at the meeting and Councillors Morrison, Gorrill, Wedge and McNeil were present.

Councillor Gorrill for the street committee reported that the Girl Guides under Miss Carrie Holman had made new street markers for the town. The wood had been supplied by the town and the girls did the work. They will be met as soon as possible to receive their appreciation.

Councillor Morrison reported for the Electric Light Committee Pleasant airport was now running and this would take part of the load off the municipal plant which on a number of Saturdays had been overloaded.

It was moved by Councillor Morrison and seconded by Councillor Gorrill that churches and church halls be exempted from paying electric light service charge.

Councillor McNeil for the fire department said that the department had never been so well equipped in the history of the town. The town now has two new 300 gallon pumps and a quantity of hoses has been purchased. Also a new truck has been bought which will be fitted up for hauling hoses and equipment. There is a man

whose duty it is to see every day that the motors are in running order. Councillor Gorrill brought up the matter of the town clock being blacked out at all times. He thought it was unnecessary as the light could always be put out as soon as the street lights. The Mayor said he had been in communication with the postal department and Mr. James Wells, secretary to Col. Ralston on this matter. The information he received was that clocks on all public buildings, in this district, were to be blacked out for the duration if there were some places where this is not being done they are not following instructions.

Councillor Wedge reported that the town abattoir was quite busy and he reported on certain changes in the charges to become effective on January 1st. Price of killing

veal is raised from 35 cents to 75 cents. Lamb from 20 cents to 50 cents. Canners from \$1.50 to \$2.00. He said the changes were made to bring rate into line with other towns. He stressed the value to the citizens of having the abattoir where all slaughtering is properly supervised.

Councillor Wedge also said that with reference to the welfare grant he hopes the service clubs will keep up their interest. He complimented Harold Gaudet in offering the use of a building for six months free of rent and said that another citizen had made an excellent donation towards the work.

3,500 MILES A MONTH—Councillor Morrison reported that the Indian Navy's vessels covered 30,233 miles in 12 months ending June 30, 1943.

BOMBAY—(CP)—One of the Indian Navy's vessels covered 30,233 miles in 12 months ending June 30, 1943.

unusually wet weather experienced in many parts of Eastern Canada. Farmers have been marketing birds steadily during the week instead of waiting for the Thanksgiving and Christmas rushes, since the demand on "meatless Tuesdays" in restaurants and for replacement of rationed meat was steady.

Ceiling prices for dressed poultry have been in effect throughout the Dominion, with adjustments for zones and the period of the year. The demand for turkeys was so keen that some buyers made offers for live birds which were higher than the comparable ceiling price for the dressed meat. However, this trade was checked by a ceiling on the live birds as well.

The average Canadian should be able to get a chicken for Christmas without difficulty—maybe two chickens instead of a turkey," said one official.

"There has been a major increase in the Dominion's flocks because of the demand for eggs both in the Dominion and overseas. As a result, more birds have been available for marketing."

NEED MORE EQUIPMENT—LONDON, Dec. 13—(CP)—Lt. Gen. Jacob L. Devers, commanding general of United States forces in Britain, told four American war workers who have been touring Britain for the last month that American equipment is outstanding but "we need more and more."

The workers told Devers: "For the first time we realize the terrific amount of equipment needed to keep an army in the field going, let alone to launch a new front."

LEICESTER, Eng., Dec. 13—(CP)—United States court martial today sentenced Pte. Jerome Gonsalves, a Boston, Mass., Negro, to five years at hard labor and dishonorably discharged him upon conviction of assault with intent to commit a serious offence against a 17-year-old girl.

Plenty Clieken But Few Turkeys

OTTAWA, Dec. 13—(CP)—There'll be a chicken and maybe two for every pot this Christmas, but the dire suspicion is that people will want turkey—and that's different.

There can be no exactitude about supplies of Turkey, and many more may now appear on the market before Christmas Day, but Agriculture Department spokesmen said today that all the signs point to a decrease compared with the numbers marketed in 1942.

Officials said Turkey supplies were affected by cold weather on the prairies early this year and by
