Always use Colgate's to Clean Your Breath While You Clean Your Teeth and HELP STOP TOOTH DECAY!

NOW! Dental Science Reveals a Startling Discovery in the Fight Against Tooth Decay

PROOF THAT BRUSHING TEETH RIGHT AFTER EATING IS THE SAFE, EFFECTIVE WAY TO

HELP STOP TOOTH DECAY with Colgate Dental Cream

X-RAYS SHOW HOW PROPER USE OF COLGATE'S HELPS STOP TOOTH DECAY!

Eminent dental authorities supervised 2 groups of college men and women for over a year. One group always brushed their teeth with Colgate's right after eating. The other group followed usual dental care. X-rays were taken at regular intervals. The average of the group using Colgate Dental Cream as directed was a startling reduction in number of cavities - far less tooth decay!

The Most Important News in Dental History!

Exhaustive Research on Hundreds of People by Eminent Dental Authorities Proves How Using Colgate Dental Cream Helps Stop Tooth Decay Before It Starts!

NOW dental science offers scientific proof that brushing teeth with Colgate Dental Cream right after eating is an effective, safe way to help prevent new cavities, greatly reduce tooth decay!

More than a year's continuous research - hundreds of case histories - makes this the most important news in dental history!

For now - the same toothpaste you use to clean your breath while you clean your teeth - offers a safe, proved way to reduce tooth decay!

Colgate's Is Safe - Not An Experimental Formula!

Colgate Dental Cream has been proved to contain all the necessary ingredients - including an exclusive patented ingredient - for effective daily dental care. And Colgate's contains these ingredients in correct proportions! No risk of irritation to tissues and gums!

The Colgate Dental Cream now at your dealer's is the same formula that was used in the tests.

You can use Colgate's with confidence. Colgate's is safe - and using it as directed is a safe, proved way to avoid needless cavities - actually help stop tooth decay at home!

To The Dental Profession

The research described here was conducted in leading dental clinics under the over-all supervision of some of America's foremost dental research authorities.

A detailed report of the tests is now in preparation and will be available for your use and study in the near future. If you wish a copy, send your request on your own professional letterhead to Colgate, Toronto 8, Ontario.

These studies represent the most exhaustive evidence ever offered to the dental profession of actual reduction of cavities. They present scientific proof that always brushing teeth right after eating is one of the most effective ways yet known to help stop tooth decay before it starts. And Colgate Dental Cream is the only dentifrice that can prove the statements reported here.

NO CHANGE IN FLAVOR, FOAM, OR CLEANSING ACTION!

Millions know that Colgate Dental Cream cleans their breath while it cleans their teeth. That its wonderful wake-up flavor is preferred over all other dentifrices tested. That no other toothpaste does a better job of cleaning teeth. And there has been no change in Colgate's famous flavor - its marvelous foaming quality - or its safe and thorough cleansing action!

Mothers! Children Love Colgate's Flavor! It's Easy to Start Them On The Colgate Way To Reduce Tooth Decay!

9 out of 10 children have one or more decayed teeth by the time they enter school. So don't wait another day to start your children on Colgate Dental Cream. Teach them the importance of always brushing their teeth right after meals or snacks. They'll love Colgate's flavor - so it's easy to get them to use Colgate's correctly, give them all the benefits of this safe, proved way to reduce tooth decay!

COLGATE RIBBON DENTAL CREAM

Always use Colgate's to Clean Your Breath While You Clean Your Teeth and HELP STOP TOOTH DECAY!
