BILLS ARE LEFT OVER.

Hon. Mr. Fitzpatrick gave notice to discharge the bill amending the Criminal Code in regard to cigarettes.

It was his intention to introduce more effective resolutions but he would not have time to give the matter the attention it required.

Hon. Mr. Prefontaine's bill to amend the act respecting certain works constructed in navigable waters as well as Charlton's bill to amend the Dominion elections act were also dropped.

ZUTOO AND THE HEART

I have used various kinds of Headache preparations and find your Zutoo Tablets the best. After using them I find my head and stomach in better shape than I do after using other cures. I cannot see that they affect the heart in the slightest.

M. J. McNamara, Merchant, Coaticook, Que.

I always keep a box of your Zutoo Tablets on hand and they never fail to give me quick relief from Sick Headache. Other cures give me a depressed feeling after using them. Your Tablets settle the stomach and clear the head without leaving any bad effects.

C. J. Johnson, Express Agent, Coaticook.

THE CAPITAL OF THE WEST

Mrs. McPherson who has been visiting friends and relations in Summerside during the past month returned to her home in Shediac yesterday.

A GENTLEMAN who visited Boston recently informs The Guardian that all the many Islanders he met while there expressed the hope of visiting Summerside during the reunion of Islanders in July 1904.

CHARLES Pritchard of London, England has purchased the farm of Frederick Wright, Lickletter Road. Mr. Pritchard and family who have been here for some time will move to their new home on Monday.

BIG FURNITURE SALE.—David Rogers household furniture, carriages, sleighs and balance of goods in the store of D Rogers & Son will be sold by public auction on Thursday the 29th inst, commencing at 2 p. m. Leonard Morris, Auctioneer. 22 d 3i

A LARGE number of friends formed a surprise party and took charge of the home of J. Gordon and Mrs. Baker Thursday evening and spent a few hours most enjoyably in celebration of the fifteenth anniversary of Mr. and Mrs. Baker's marriage.

Urville Schurman, of the Bank of Nova Scotia, Winnipeg, son of Major Schurman of this town, after recovering from an attack of typhoid fever has taken a relapse. His many friends will be pleased to learn, however, that a telegram received here yesterday announces that he is progressing favorably.

Those who break the laws of the town are very often large contributors to the town funds. Since the town council passed the by law relating to spitting in public places a new source of revenue has been opened up, and the janitor of the post-office has many times acted as prosecutor, without salary. On Thursday the janitor secured another victim, and the Magistrate did the rest. It just means this, that if any one wishes to expectorate on the floor of the post office he must "cough up" a dollar and costs.

Jessie MacLachlan's Concert associate.—Jessie MacLachlan the Queen of Scottish song has appeared often in company with Scotland's greatest tenor Geo. Nell then with any other singer, and during her pre-entour in the provinces she referred to him as the premier Scottish tenor of the day. This singer alone would prove an attraction on a par with MacLachlan's appearance here last fall, but with him will also be heard the finest Scottish violinist that ever drew a bow, and the principal character comedian and dancer of Scotland Harry Munroe, also a splendid soprano and pianist. Is it any wonder then that market hall is expected to be too small to accommodate the hundreds who will assemble from the town and surrounding country to hear the finest Scotch concert ever given on the island, on Nov. 11.

R. system on special business, will be formally appointed superintendent of the North Bay division of the road.

In his new position Mr. Nelson will have the superintendency of 470 miles of road in the most important portion of the C. P. R. system.

Mr. Nelson's career in the C. P. R. has been one of steady progress, and he will have the distinction of being one of the youngest superintendents on the system, being only twenty-seven years old.

THE POPE WISHES TO END CONFLICT.

NEW YORK, Oct. 21.—A Rome cable to the Tribune says:—Angelo Sartò, a brother of the Pope and Signor Angelo Partino brother-in-law, have had several long conversations with the Pontiff and say that they understood his feelings both as an Italian and as the head of the Church. According to their assertions, Pius X is anxious to leave his name in history by stopping the long conflict between Church and State by means of a modus vivendi which, without renouncing theoretically the claims of the Papacy for the imperial power, would render possible a certain understanding between Italy and the Vatican which would allow the Pope to be no longer the prisoner of the Vatican. Before taking any step the Pope wished to know what compensations the State would be willing to grant to the church.

THE SITUATION MORE PEACEFUL

WILLED \$50000 BY AN ADMIRER.

New Haven, Conn. Oct. 21.—As a climax of today's hearing on the application for the probating of the will of the late Philo S. Bennett, accompanying which was a sealed letter, which William J. Bryan today testified was a request that he accept \$50,000. Judge Soddard, who represents Mrs. Bennett declared that if Mr. Bryan insisted upon receiving the fund, she would contest the will. Mr. Bryan in reply said that not one cent of the money would he allow either his wife or his children to receive, unless Mrs. Bennett was willing. He, however, did intend to ask the court to decide the validity of the bequest so that in case it was declared legal, he could distribute the money among educational and charitable institutions.

LARGE SUMS OF MONEY TO DOWIE

NEW YORK, October 21. John Alexander Dowie called for special prayers at the meeting in Madison Square Garden today for those of his followers who are ill. At least forty-three are said to be unable to leave their boarding houses on account of sickness. The conditions in the Gardens have been called to the attention of the board of health, and officers paid an official visit to Dowie's "army" this morning, and will do all possible to preserve sanitary conditions in Zion headquarters. Another meeting was in order today. During his address today Dowie announced that he had received donations from New York merchants ranging from \$200 to \$5,000.

"Just to show you that I am in favor with the Christian merchant princes of this city," said Mr. Dowie. "I will announce the money which has come to me this morning alone. These sums are from men unknown to me, but who evidently believe I am right. One sends me a check for \$5,000, another a check of \$1,000, another for \$1,500, and another gave me \$2000. These contributions were unsolicited. They were accompanied by the kindest words."

Many a man would better go without lunch at all than eat the hurried lunch which forms the noon-day meal of many a business man. Hasty eating, foods hard to digest, and no time allowed for digestion are the cause of many a case of stomach "trouble."

Disease of the stomach seriously threatens the health of the whole body and should be promptly cured. Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect assimilation of food and the proper nutrition of the body on which physical strength depends.

"Nine or ten years ago my health became very poor, and in 1892 was so far gone that good doctors pronounced my case the worst they had ever treated," writes Mr. Harvey Phipps of Florence, Ala. "I had acute stomach trouble, liver complaint, catarrh and was nervous to such an extent I could not sleep. I finally got three bottles of Dr. Pierce's Golden Medical Discovery and some Pellets. Took them according to directions on the bottles, and in a few days noticed a decided improvement. I commenced to get more rest at night and could eat with pleasure, where formerly food was like chips to me. When I had used three bottles of the 'Discovery' I was a new man, could eat mince pie for supper, go to bed at seven P. M. and sleep until seven A. M. I am now working at my trade (carpentry), every day in all kinds of weather, and think if I had not taken your medicine I would now be under the sod."

Dr. Pierce's Pleasant Pellets cleanse the clogged system from accumulated impurities.

Subscribers whose papers are not delivered regularly will kindly leave word at the business office when the first omission occurs. It is only by so doing that irregularities can be corrected.

Covering a War in Three Months—Nelson's Flagship was Nearly Sunk by Collision in Portsmouth Harbor.

EASTERN SITUATION PEACEFUL. LONDON, Oct. 23.—(Special).—The latest advices from the far east are more reassuring and indicate that the American, Russian and British gunboats are preparing to go into winter quarters.

INSURANCE RATES INCREASED. Despite this Lloyd's have increased and doubled the insurance risks to the far east covering war in three months.

Hon. Edward Lecky, the historian died last night.

VICTORY WAS NEARLY SUNK.

WASHINGTON'S AMBASSADOR.

Sir Henry Mortimer Durand, the British ambassador at Madrid may succeed to Washington in place of the late Sir Michael Herbert.

SCOTLAND WELL REPRESENTED

Never in the history of Charlottetown was the Land of Song and Heather so well represented by persons prominent in the Old Country as will be the case on the evening of Nov. 12 when the greatest of all Scottish Tenors, Violinists, and Character Comedians namely Geo. Nell, Mackenzie Murdoch, and Harry Munroe respectively will occupy the boards of the Opera House in Song Story and the playing of the inimitable Scottish airs, a-sisted by Flora Melvor Craig soprano, and Alfred Murdoch pianist. The Caledonian Club is jubilant concerning the entertainment they have been enabled to offer the people of this portion of the Island and feel sure the Opera House will prove too small for their accommodation. The opening of seat sale will shortly be announced.
