

## MINERS IN NOME.

Bring Out Less Than They Took In.

## A BIG NUGGET FOUND

And One Rich Strike—More Sick Than Can Be Cared For

### BAD TIMES MINING IN NOME

PORT TOWNSEND, Sept. 27.—(Special)—Steamer arrived from Nome with nearly five hundred passengers and over half a million in trade. Among the large number of passengers not one brought out its said, as much money as they took in.

### BIG NUGGET AND ANOTHER STRIKE.

They claim the mining laws are bad. The largest nugget ever found in the North was taken out on the 17th valued at \$1552. A rich strike is reported on the head of Grouse Gulch.

### MANY PERSONS SICK AT NOME.

There are so many persons sick at Nome that it is difficult to care for them.

### LOSS OF FLESH.

If you find yourself falling below normal weight there is danger. The use of fish oils can temporarily add fat, but will never build up health and tissue. Dr. Chase's Nerve Food acts through the blood and nervous system and carries new life and energy to every nook and corner of the body. It regulates the various organs of the body, makes the appetite good, adds healthy flesh, and replaces the tissues wasted by disease. Naturally and gradually this food cures, restores color to the cheeks, increases the weight of the body and thoroughly overcomes disease.

## Invictus Shoes

Another large shipment of these famous Invictus boots just received, among which are lines of box calf and velvet calf. We have those boots on the English, McGill, or that famous Acadian last. See the display of Invictus boots in our southern window.

Geo. A. Slater, Maker.

## Goff Bros.,

Pitch Pine

—AND—

Oak Timber Boards, etc.

Large stock kept on hand. Orders filled promptly.

JOS. A. LIBBLY.

## ABJECT TERROR

Of The Prisoner Czolgosz In Jail.

## HIS LEGS GIVE OUT

He Cries and Yells But Declares He Has No Accomplices.

### CZOLGOSZ REACHES AUBURN.

AUBURN, N. Y., Sept. 27.—(Special).—Czolgosz reached here by train early this morning and there were only 200 persons awaiting his arrival. They made no attempt to harm him.

### THE PRISONER BREAKS DOWN ABJECTLY.

Czolgosz's legs gave out when he arrived and he had to be carried to prison. He was dragged up the steps and placed on a bench, but he fell over and groaned, evidencing abject terror. He also cried and yelled.

### SAYS HE HAS NO ACCOMPLICES.

A doctor was summoned and declared the man suffering from fright and terror, but was shamming to some extent.

On the way to prison he reiterated that he has no accomplices in the assassination.

### SURPRISE

is stamped on every cake of SURPRISE SOAP.

It's there, so you can't be deceived.

There is only one SURPRISE.

See to it that your soap bears that word—

### SURPRISE.

A pure hard soap. Don't forget the name.

St. George Soap Mfg. Co. ST. STEPHEN, N. B.

## DOMESTIC SCIENCE IN THE SCHOOLS.

As a result of the vigorous discussion of educational questions by Col. Francis W. Parker of Chicago, at the recent convention of the Teacher's Association, much thought has been awakened in educational questions, and discussion of the question has followed in the press and on the street, by the members of School Board, by teachers and by the general public, the thorough awakening of which always leads to some results.

None will deny that there might be better things for the Province educationally than we have. This can only be obtained by there being a consensus of opinion on the part of teachers, school authorities, and the more intelligent of the citizens, as to what reforms are needed and then a united effort made to secure the same.

If we are not prepared at one full stroke to sweep away our present system—and it is to be presumed that we are not—and to adopt an entirely new one, based upon more scientific or rather humanitarian principles, than those which obtain in our present system; yet there should be a move forward. There are certainly many needed reforms that may be adopted under our present system.

Through the munificence of Sir Wm. McDonald of Montreal, Manual Training has been provided for a portion of the boys attending the public schools. The results of this experiment is good. The pity is that every boy is not able to avail himself of this privilege.

Nothing has yet been done in the same line for girls. Important is Manual Training for boys; it is very much more important that our girls should be educated in the principles of Domestic Science, or as it is now called in the best school of the continent and of Europe "Home Economics."

What is more conducive to the happiness and prosperity of a community than that the homes should be well ordered? What has more to do with the well-ordering of the home than the capability of the wife and mistress of that home to efficiently conduct it? There are many homes, it is not too much to say, the majority of our homes in which the opportunities for the daughters to learn the best of domestic economy is not all that they might be.

It is an indisputable fact that for the majority of the girls attending our public schools an instruction in the art of making a loaf of bread, cooking a good dinner and making a plain serviceable garment would be better than a knowledge of Latin Conjugations, Euclid's Elements or the Cube Root. It has been proven, however, wherever Domestic Science has been added to the curriculum of a school, that those who took it were quite as proficient at the end of the term in what is commonly considered the scholastic subjects, as were those who did not and had their Domestic Science in addition. This is easily accounted for. Domestic Science as now taught is not merely instruction in how to do certain things, but is used as a means of mental development as well, and as a means to that end has been found very effective.

Being in itself useful, and a help rather than a hindrance to other studies, why not have it at once introduced into our schools? "Cannot afford it" is the ready response. If we carefully considered the whole matter, the response would more readily be made, that we cannot afford to do without it.

What would be the cost? After careful inquiry it has been ascertained that an outfit to give accommodation to twenty pupils per lesson, which would mean instruction to 200 during the year would be about \$125. Cost for material for the year's work which might reasonably be made a charge to the pupil and allow them to take home the finished article, about 50c. a term or \$1.00 for the year. In addition to which there would be the teacher's salary. Surely when we realize that for this small sum of money each year 200 girls would be receiving instruction in so essential a branch of their education, there should not be a moment's hesitation about the immediate adoption of it in connection with our City Schools at least.

### CHICAGO MARKETS

Chicago, Sept. 27.—(Special.)—The following are the closing rates: Sept. Wheat 84; Corn 56; Oats, — Pork \$14.87 1/2. Dec. Wheat, 74; Corn 58; Oats, — Pork \$16.12 1/2. Jan. Wheat, 73; Corn, 56; Oats— Pork —

### HOW IT ALL WORKS.

The Bakers' Union of Elgin, Illinois, took up a subscription for the defence of Emma Goldman, and it netted \$3.57. Now—the citizens of the town demand that the bakers who contributed be discharged, and threaten to boycott the shops in which they work if that demand

### Broadful Kidney Pains. Could Not Rest or Sleep.

A G. P. R. Conductor's Sufferings—He is Now Well and Gives Dr. Chase's Kidney-Liver Pills Credit for the Cure.

Mr. W. E. Berryman, Conductor on the C.P.R., St. Stephen, N.B., writes:—"I have been railroaded for 23 years, and for ten years suffering from a severe case of Kidney Disease and Backache, a trouble common to railroad men. It used me all up to walk, and after walking up hill I would have to lie down to get relief, my back was so bad. I could not sleep more than half the night and then didn't seem to get any rest. I had used all sorts of medicines and was pretty badly discouraged when I heard of Dr. Chase's Kidney-Liver Pills. After using two boxes of this treatment I found it was helping me and five boxes have made a complete cure. I now rest and sleep well, my back is strong and the old trouble has entirely disappeared. Many people to whom I have recommended these pills have been cured. Anyone wishing further particulars write me." The sale of Dr. Chase's Kidney-Liver Pills far exceeds that of any similar remedy. One trial is enough to convince anyone that this is the greatest family medicine that money will buy. One pill a dose, 25 cents a box, at all dealers or Edmondson, Bates & Co., Toronto.

## INQUIRY ORDERED

Into the Indefatigable Accident.

## RAILWAY MEN'S UNION

Principal Grant Better—Mr. Tarte's Grave Charges About a Contract.

### INQUIRY INTO INDEFATIGABLE ACCIDENT.

OTTAWA, Sept. 27.—(Special)—An enquiry has been ordered into the accident to the warship Indefatigable.

It will be held at Quebec before the Pilot's Court.

### A GREAT RAILWAY WORKER'S UNION.

MONTREAL, Sept. 27.—(Special)—A movement is on foot here for the organization of a national Railway Union to take in the order of Conductors, Engineers, Firemen, Brakemen, and Telegraphers.

A meeting is called for at Ottawa, Nov. 20th to form a Grand Division.

### MR. TARTE'S GRAVE CHARGE.

The Harbor Commissioners are considering the advisability of asking the President to call a special meeting to investigate the charges made by Minister Tarte on Monday evening when he stated that the Jamiesons had offered \$20,000 in order that the awarding of contract for elevator might be stimulated.

### PRINCIPAL GRANT IS BETTER.

KINGSTON, Sept. 27.—(Special)—Principal Grant's health continues improving.

## CITY AND COUNTRY

Guardian Correspondents Everywhere.

GUARDIAN readers will regret to learn of the death of Mr. William Wallace Ellis, teacher. Mr. Ellis taught in Donaldson for the last year and a half. He had not been feeling well for some time but continued his duties up to and including Monday last. On Tuesday a doctor was called in and upon examination found that he was suffering from appendicitis and recommended his removal to the P. E. Island Hospital where he was operated upon on Wednesday morning. The case was looked upon as a grave one from the time of the operation as the trouble was developed to a large extent. On Thursday evening the condition became very serious and 1.30 yesterday afternoon he passed away. This case is doubly sad in view of the fact that on the 15th inst. his mother died suddenly. Wallace came to the city and made the funeral arrangements for his mother and in less than a fortnight he had joined the great majority. It is pleasing to know that he was quite sensible to the moment of his death. Deceased was universally beloved by all. A sorrowing father, four brothers and five sisters are left to mourn.

### Surgeons Blunder Operating for Piles.

The Risk, Pain and Expense of an Operation Avoided by Using Dr. Chase's Ointment—A Minister's Experience.

Too many doctors seem to have a mania for using the knife, and recommend an operation for piles in scores of cases when Dr. Chase's Ointment would effect a thorough and lasting cure.

Rev. S. A. Duprau, Methodist minister, Concession, Prince Edward County, Ont., states:—"I was troubled with itching and bleeding piles for years, and they ultimately attained to a very violent form. Large lumps or abscesses formed, so that it was with great difficulty and considerable pain that I was able to stool. At this severe crisis I purchased a box of Dr. Chase's Ointment, but I had little or no faith in it, as I had tried various remedies before and to no purpose.

"Now, imagine how great and joyous was my surprise to find that just the one box cured me, so that the lumps disappeared, and also the external swelling. I feel like a different man to-day, and have not the least doubt that Dr. Chase's Ointment saved me from a very dangerous and painful operation and many years of suffering. You are at perfect liberty to use this testimonial as you see fit for the benefit of others similarly afflicted."

Dr. Chase's Ointment, 60 cents a box, at all dealers, or Edmondson, Bates & Co., Toronto.

## REGINA'S WELCOME

To the Royal Party in the Territories.

## PRAIRIES ARE WHITE

With First Winter's Snow—Party Off Again for the West.

### ROYAL PARTY WELCOMED TO REGINA.

REGINA, Sept. 27.—(Special).—The Royal Party reached here at noon today and were given a hearty reception.

They were escorted to Government House for luncheon.

### A TASTE OF EARLY WINTER.

The Royal Party got their first taste of the early Canadian winter this morning when they awakened and found the prairies were covered with snow and the thermometer close at the freezing point.

### OFF AGAIN FOR THE WEST.

The Royal train left for the West this afternoon the first considerable stop being at Banff.

### BRONCAITIC ATHMA.

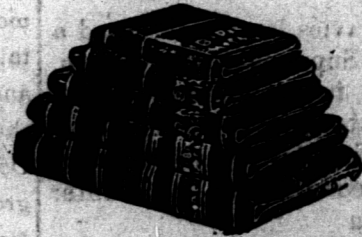

Is now easily cured, not by pouring nauseous destructive drugs into the stomach but by inhaling Catarrhoxone Drug. Do more harm than good, but the soothing, healing, medicated air that Catarrhoxone supplies to the lungs and bronchial tubes cannot fail to benefit. Catarrhoxone prevents those smothering spasms and headache, cures the cough and makes breathing easy. Universally used; doctors recommend it; druggists sell it, 25c and \$1.00.

\$1.85 and \$2.00 a pair for Men's Dongola Shoes, plain toe—turn sole.—W. Moran, Sunnyside.

Men's Turn Sole Shoes \$1.45 a pair at W. Moran's, Sunnyside.

Farmers use the Island Condition Powder to improve your stock. Made and sold only by A. W. Reddin, Druggist, Sunnyside.

Rodd's Rheumatism Cure, is a positive remedy. Try a bottle. Price 50c prepared by G. E. Hughes.
