Economy in medicine must be measured by two things—cost and effect. It cannot be measured by either alone. It is greatest in that medicine that does the most for the money—that radically and permanently cures at the least expense. That medicine is

Hood's Sarsaparilla

It purifies and enriches the blood, cures pimples, eczema and all eruptions, tired, languid feelings, loss of appetite and general debility.

"I could not eat nor sleep nor do my housework. A neighbor presented me with a bottle of Hood's Sarsaparilla. It helped me right away. There is no better medicine. Two bottles completely cured me." *Miss Joan E. Russell, Pinnac, St., Bellefleur, Ont.*

Hood's Sarsaparilla promises to cure and keeps the promise.

BEFORE the Ministerial Association, Toronto, on Monday, Rev. J. A. Gordon, formerly of Charlottetown read a paper on "The Redemption of the Theatre," in which he repeated the moderate views he has expressed several times from the pulpit. The theatrical performance to his mind is a great educator and worthy of being used by the church for the spreading of truth. There were good threats, good plays and good players. If he were Carnegie he would divide his benefactions between libraries and a subsidized Christian theatre. Rev. A. R. Chambers who confessed to never having seen a theatrical performance, said he thought the playhouse was beyond redemption.

that his absence would be a great drawback to his plans. On consulting with Prof. Robertson, he has now the satisfaction of knowing that Mr. Vroom will take up demonstration work here again. Prof. Robertson now writes Father Burke that he could not recommend that his application for leave of absence be considered. "He is needed to continue the work so well begun last summer," he says. We may expect him and Mr. Burke then to commence the series of spraying, etc., at once. It has been decided that entirely new ground will be traversed this year.
