A Seasoned Investment
Nova Scotia Steel & Coal Company 6 p. c.
Mortgage Debenture Stock
Netting 6 1-8 p. c.

Interest is payable half yearly by means of cheque payable at par at any branch of the Royal Bank of Canada or the Bank of Nova Scotia in Canada.

Outstanding Features: The value of the Company's assets is estimated by the President of \$20,000,000. After deducting \$6,000,000 for the first mortgage bonds there remain assets, in the President's opinion, equal to almost five times the debenture issue. The report for 1914 shows net earnings applicable to interest on Debenture Stock of \$923,000 or more than five times the requirements.

Investors should be specially interested in this security Full particulars on application.

Had No Power Over The Limbs

LOCOMOTOR ATAXIA, HEART TROUBLE AND NERVOUS SPELLS YIELDED TO DR. CHASE'S NERVE FOOD

It would be easy to tell you how Dr. Chase's Nerve Food cures locomotor ataxia and derangements of heart and nerves, but it may be more satisfactory to you to read this letter.

Mrs. Thos. Allan, R.F.D. 3, Somers, Ont., writes: "Five years ago I suffered a complete breakdown, and frequently had palpitation of the heart. Since that illness I have had dizzy spells, had no power over my limbs (locomotor ataxia) and could not walk straight. At night I would have severe nervous spells, with heart palpitation, and would shake as though I had the ague. I felt improvement after using the first box of Dr. Chase's Nerve Food, and after continuing the treatment can now walk, eat and sleep well, have no nervous spells and do not require heart medicine. I have told several of my neighbors of the splendid results obtained from the use of Dr. Chase's Nerve Food."
