CONSTITUTION COMMISSION SESSIONS OPEN

By CARL REINKI Canadian Press Staff Writer WINNIPEG, Nov. 29—A detailed program of legislative and financial adjustments between Dominion and provincial governments was proposed today before the Royal Commission on Dominion-Provincial Relations by the Manitoba Government as its contribution toward a solution of basic government problems brought to a head by depression and drought.

In spite of the rain foxmen from all parts of the province were in Summerside yesterday for the opening of the Fox Educational Week which is the major event of the year so far as Summerside is concerned.

The Curling Rink presented a lively appearance with men busy classifying the two hundred foxes that came in yesterday. More are expected today.

Representatives from the fox study clubs, east and west, were present. Study clubs sending foxes to date are: O'Leary, Fingish, Freeland, Mimingash, Kennington, Summerside, Hunter River and Murray River.

Classifying commenced at 9 a.m. and continued all day. Labour Union hall, where the official opening took place, was crowded with foxmen who were loud in their praise of the excellent accommodation provided for the hundreds of visitors that thronged the place.

Mr. J. P. Arnett, president of the Summerside Board of Trade and chairman of the fox committee, presided. On the platform were Mr. Justice A. C. Saunders, Premier Thane A. Campbell, Hon. W. H. Dennis, Minister of Agriculture, Mayor B. W. Robinson, Hon. Dr. W. J. P. MacMillan, Hon. L. E. Allen, E. P. Fogel, M.L.A., A. E. MacLean, M.P., Senator MacArthur, Peter G. Clark, S. H. Marley, London, England, George Myers, New York, and Dr. Archibald, superintendent of the Experimental Farm, Ottawa.

Mr. Arnett announced the object of the Fox Educational Week and expressed his pleasure at so large a gathering of foxmen and delegates. He reviewed the history of the fox industry from its commencement in 1894 and from ten ranches in 1910 to 4,000 at the present time. He expressed much appreciation to the Provincial Government, the Mayor and Town Councillors of Summerside, the fur houses and foxmen generally, and also to the business men for their cooperation in preparing for this unique event.

Mr. Arnett then called on Mayor B. W. Robinson, who extended a very hearty welcome to delegates and foxmen to this educational feature which is the biggest achievement of the Summerside Board of Trade and the fur houses. He felt sure that foxmen were keenly alive to the necessity of keeping in

Hon. B. W. LePage, Mr. Dougald MacKinnon, M.L.A., Mr. Buchanan, Mr. Alfred Pickard and Mr. R. E. Mutch of Charlottetown have returned from Ottawa where they interviewed Federal Government authorities regarding the proposed ferry service between Wood Islands, Prince Edward Island, and Caribou, Nova Scotia. Questioned last night Mr. LePage had no announcement to make in connection with the proposed service.

Officially he was not one of the delegation Mr. Walter Jones said. He remarked, however, that Federal authorities had announced early this year that work on the proposed ferry terminals would not begin until a private company guaranteed to provide a suitable ship for the service.

Premier Campbell, Hon. Lucas R. Allen, Summerside, and Mr. J. Walter Jones, M.L.A., Bunsbury, were also in Ottawa and returned to the Province late last week.

The construction of the special automobile deck on the old car ferry "Prince Edward Island," announced from Ottawa last week, would be of special value in handling automobile traffic while the S. S. Charlottetown was undergoing annual overhauling in the spring. Mr. LePage said. The old ferry would also be available at any time during the summer when the volume of motor traffic warranted its use, he continued. He did not know if it was the intention to use the ferry on a regular schedule during the tourist months.

WASHINGTON, Nov. 29—(AP)—Anxiety lest China's open door be slammed shut has prompted the State Department to demand that Japan talk things over with the United States before altering the maritime customs service of China.

The move, announced by State Secretary Hull today, reflected official apprehension in Washington that the reported intention of Japan to seize control of the customs might have the effect of restricting the commerce of non-Japanese nations.

Similar action has been taken by Great Britain.

(By Lloyd Lehrbas, Associated Press Foreign Staff) SHANGHAI, Nov. 30—(Tuesday)

—(AP)—Japan's army reported today its columns were pursuing retreating Chinese to fortified lines close to Nanking itself after capture of three important strongholds.

The Chinese were reported falling back to the line of Chinkiang-Tanyang-Kintan, 40 to 60 miles east and southeast of Nanking, China's almost deserted capital.

Far to the south the desperate Chinese right wing stalled Japanese progress from Hangchow Bay. On the north the Kiangyin forts, overlooking the mighty Yangtze River, were stubbornly held.

But elsewhere the story was of almost unimpeded Japanese progress.

TENSENESS EASED In Shanghai the tense international situation arising from Japan's seizure of all Chinese communications facilities and efforts to gain control of the Chinese maritime customs was somewhat eased.

Foreign officials of the customs service and Japanese had reached an agreement which would permit resumption of virtually normal cargo landings in the port of Shanghai.

Previously the customs had refused to authorize cargo landings in the Japanese-occupied sections of Yangtzepo, Hongkew and Pootung, in which the major docks are located.

The death of Mr. Angus MacDonald, 96, at Valleyfield on Friday last, separated what was believed to be Canada's longest married couple. The late Mr. MacDonald and Mrs. MacDonald, who survives, observed the 76th anniversary of their marriage on August 27 this year. Mr. MacDonald's death followed an illness of about a year.

The funeral was held Sunday afternoon from his home where he lived for almost a century to the United Church at Valleyfield where hundreds of neighbors and friends from miles around gathered to pay their last respects to a man whom they held in highest esteem.

The funeral service was conducted by the Rev. Arthur Ebbutt, pastor of the church, who paid an eloquent tribute to the life of the deceased for many years an Elder in the Valleyfield Church. Rev. Mr. Ebbutt conducted services at the graveside in Valleyfield Cemetery. Pallbearers were Messrs. Laughlin MacDonald, John MacDonald, Malcolm Martin, Herman Martin, Wilfred Martin, and Stuart MacDonald.

The late Mr. Angus MacDonald was born at Valleyfield in September 1841 and was the son of early Scotch pioneers. In 1861 he was married and in 1866 he and Mrs. MacDonald, still quite active despite their advanced years, observed the 75th anniversary of their marriage, and were believed to be the longest married couple in Canada. They received messages of felicitation from King Edward VIII, Lord Tweedsmuir, Governor General of Canada, and Hon. George D. DeBlois, Lieutenant Governor of this Province.

Until severe illness forced him to retire six years ago Mr. MacDonald was active about his farm which he had cultivated for three-quarters of a century.

Surviving, besides his wife are two sons and four daughters, Laughlin MacDonald in Charlottetown, John MacDonald on the old homestead in Valleyfield, Miss Isabel MacDonald, Boston, Mass.; Elizabeth, (Rev.) Mrs. William MacKay, Lansing, Michigan; Margaret, Mrs. Angus MacPherson, Boston, Mass.; and Catherine, Mrs. Malcolm Martin, Montague. Two sons predeceased their father, Donald, who died about 45 years ago in Colorado, and Daniel who died last year in Montana.

Prince In Hospital Following Crash (By The Associated Press) AMSTERDAM, Nov. 29—(AP)—Prince Bernhard, Consort of Crown Prince Juliana, was injured painfully today when his speeding automobile crashed with a heavy truck loaded with sand.

At Burger Hospital in Amsterdam, where a gas in his face was stitched, Bernhard was said to be suffering from a slight concussion. His condition was understood to be satisfactory.

Queen Wilhelmina immediately went to the hospital, where she found the Prince sleeping. The Queen hastened to reassure Juliana, her only child, who expects to become a mother in January.

The Crown Princess overruled her doctors' advice and went from the hospital to be with her husband at the hospital, where he will remain for some days.

"Don't worry about me," Bernhard told her. "I am feeling fairly well and will be out of here in a week."

Judge Inman Dies Suddenly At S' side

Judge George Strong Inman, 67, died unexpectedly at Summerside this morning. He had been in ill health since July but was believed to be improving recently.

Yesterday afternoon his condition became worse but he revived and later in the evening, shortly before two o'clock this morning, less than half an hour before his death, he spoke to a nurse in attendance at his bedside, his condition apparently continuing to improve. He was stricken shortly after and passed away at ten minutes past two.

Judge George Strong Inman was born at Bedouque in 1870. He was the son of the late Nelson Inman and Martha Deull. He received his primary education in the school at Bedouque and matriculated to Prince of Wales College. He then taught school at York and Clinton before continuing his studies in the Dalhousie University Law School where he graduated in 1896. In 1897 he was admitted to the bar, for a time he practiced law in Charlottetown in partnership with the late Judge Hector MacDonell. In 1898 he moved to Montague where he conducted a law business until 1911 when he returned to Charlottetown to become law partner with Mr. J. Johnston, K. C.

He remained here until his appointment to the County Court Bench in Prince County in 1928, a position which he filled until his illness in July.

He was elected Liberal member of the Legislature in 1904 and re-elected in 1908-12-15 and in 1927 when he was appointed Minister without portfolio.

Judge Inman was a member of the Masonic Order of which he was a past grand master and a Rotarian.

Surviving are his wife, who before her marriage was Florence Elsie MacDonald of Montague, and four sons, William Robert at the Experimental Fox Ranch, Summerside, George Strong, medical student at Dalhousie University, Wilfred Nelson, with the Royal Canadian Mounted Police in Regina, and Roland Victor with the Royal Bank of Canada, Summerside. One brother, Mr. T. J. Inman, Central Bedouque, and three sisters, Miss Patience Inman, Centerville, this Province, Mrs. John Prizwell, Central Bedouque, and Mrs. Frank Teed, Reading, Mass., also survive.

COMING EVENTS

Flood Death Toll Is Placed At 80

KINGSTON, Jamaica, Nov. 29—(OP Cable)—Death toll in a storm that swept the north and west parishes of Jamaica last week was set at approximately 80 tonight with eight other persons had been killed in an avalanche at Millbank. Total damage is estimated at \$1,000,000.

Earlier reports had said six children were killed in the avalanche. A number of adults were injured. Torrential rains that reached their peak last Wednesday in a cloudburst that caused rivers and streams to overflow and flood the countryside. Scores were driven from their homes by the rising waters.

Premier King Leaves On Holiday Trip To Florida

OTTAWA, Nov. 29—Looking forward to a fortnight's rest and complete freedom from all cares of office, Prime Minister Mackenzie King left Ottawa tonight for an unnamed destination in the United States had "no national or international significance" and that he did not expect to see President Roosevelt.

His squad followed instructions, battered down the door and seized Moy Tong, 44, Moy Yet, 55, and the equipment. The bunks in the flat were empty but a careful search uncovered a sliding panel which opened on a narrow catwalk to an adjoining rooftop. The inmates had escaped through this panel.

Machado Denied Writ Of Habeas Corpus

NEW YORK, Nov. 29—Federal Judge John C. Knox told reporters today he had denied an application for a writ of habeas corpus, sought by counsel for Gerardo Machado, former Cuban President, whose extradition to Cuba is sought on murder and embezzlement charges. Machado was overthrown in the 1933 revolution.

Three Slain On Indian Reserve

(C. P. by Guardian's Special Wire) KAMISACK, Sask., Nov. 29—Three persons were slain with an axe on the Cote Indian Reserve six miles north of here today, according to information received by local police.

Louis Severite, an Indian resident on the reserve, was sought by police for questioning. Victims of the attack are his wife, his infant daughter and a 17-year-old girl who lived with the Severite family.

Uncover Chicago Narcotics "Den"

(C. P. by Guardian's Special Wire) CHICAGO, Nov. 29—A super-gang, old time detective thriller, put on by the Chicago police in a Chinatown den brought the arrest of two men and the seizure of \$1,600 worth of narcotics and equipment today.

Police Lieut. William Cusack said two previous raids uncovered only an empty flat. A tipster tipped him to take two steps at a time and avoid the third step which was wired electrically to warn the inmates.

His squad followed instructions, battered down the door and seized Moy Tong, 44, Moy Yet, 55, and the equipment. The bunks in the flat were empty but a careful search uncovered a sliding panel which opened on a narrow catwalk to an adjoining rooftop. The inmates had escaped through this panel.

Canada Retains Wheat Honors

CHICAGO, Nov. 29—World wheat honors were written tonight beside the name of 13-year-old Gordon Gibson of Ladner, B. C., but the victory at Chicago Livestock Exposition's grain show carried a greater thrill for his father, William Gibson.

It was the father's idea Gordon's name carry the sample of Reward Hard spring wheat, acclaimed at the Chicago Fair today as the best in the show. It was also the grain's work that brought the triumph through the growing season and presented British Columbia with her first world wheat crown.

The victorious sample was developed from seed obtained in 1912 from Herman Trelle, Wembley, Alta., whose triumph last year was the fifth time he captured the laurels. Gibson gave the wheat no special treatment.

LIBERAL WINS BY-ELECTION

(C. P. by Guardian's Special Wire) VICTORIA, Nov. 29—R. W. Mayhew, Liberal "business man" candidate, tonight was conceded election as Victoria's member to the House of Commons.

Mayhew, first Liberal to be elected from Victoria since 1906 succeeds to the parliamentary seat vacated by the death of Hon. Simon Fraser Tolmie, Conservative.

The 58-year-old newcomer to the Federal political arena defeated Bruce McKelvie, Conservative, and Prof. J. King Gordon of Montreal, Cooperative Commonwealth Federation candidate.

With 129 of 143 polls reported Mayhew had 8,555, McKelvie 6,873 and Gordon 5,395.

Mayhew, who stood for election because he felt "it is time Victoria had a business man to handle its affairs in the House of Commons," took an early lead and was never headed.

Italy Formally Recognizes Jap. Manchoukuan Empire

ROME, Nov. 29—Italy today honored its anti-Communist pact with Japan by formal recognition of Manchoukuan, the so-called independent empire Japan carved out of Chinese Manchuria in 1932.

The action legalized Italy's virtual recognition of Manchoukuan last January, a month after Japan accorded de facto recognition to the Italian conquest of Ethiopia.

Italy announced the step in a cable from Count Galeazzo Ciano, Foreign Minister, to Japanese Foreign Minister Koki Hirota.

"I am happy to inform Your Excellency this Government has decided to give formal recognition to Manchoukuan and to install a legation in that state. The Italian Consul General at Mukden will be charged with notifying the Manchoukuan Government of this decision."

A second message was sent to the Manchoukuan Foreign Minister by Ciano with best wishes for the future "in the moment of commencement of the regular relations between our two countries."

(Italy was the third nation to recognize Manchoukuan. Japan was first and El Salvador second. Salvador, however, did not establish a legation and has carried on business through her Consul General in Tokyo.

(Nearly all major powers have maintained consulates either at Mukden, the principal commercial city, or Harbin. Generally these have been listed as accredited to China.)

LONDON, Nov. 29—(AP)—The premiers and foreign ministers of Great Britain and France today decided in a "successful" eight hour discussion of major world problems they were not yet ready to grant any German political or territorial demands.

French Premier Chautemps said the British and French ministers were in "full solidarity" in their search for peace. "We made a tour of the world," he said as he left Prime Minister Chamberlain's official residence.

The diplomats appeared pleased with their first day's work and authorized this official five point account of the conference:

1. France fully understood the limited scope of Lord Halifax's exploratory talk with Reichsminister Hitler and agreed with Great Britain it fulfilled its purpose;

2. The ministers discussed the colonial question in all its aspects and agreed it required further examination;

3. Both governments expressed themselves as concerned for preservation of peace in central Europe and discussed Germany's ambitions there;

4. They also expressed their appreciation of the "seriousness" of the Chinese-Japanese war and their "need for vigilance" to safeguard their interests;

5. They pronounced non-intervention the right policy in the Spanish civil war.

The ministers were understood to have dwelt at length on French Foreign Minister Yvon Delbos' coming tour of France's eastern and central European allies.

Informed sources said the two nations had declared their desire to cooperate with all nations but needed a great deal more preparation before a detailed plan could be drafted.

The premiers and foreign ministers of the two powers sat through the first two days of talks which observers in both London and Paris described as among the most important since the Great War ended.

While the United States took no part in the conference it was understood Washington later would be informed on any phases of special interest.

As the conversations began among Mr. Chamberlain, Foreign Minister Eden, M. Chautemps and Yvon Delbos, the chances for settlement of Europe's problems were generally brighter than in several months. The conflict between China and Japan, it was however, cast an ominous shadow. It was considered one of the foremost problems under discussion.

But equally important in the review of the entire post-war era were the issues raised by a German reborn under Hitler — her claims to colonies and demands for special rights in central and eastern Europe. Of only slightly less importance was the Spanish civil war and its attendant threat to Mediterranean security.

Behind the Anglo-French meeting was believed to be a determined effort by Mr. Chamberlain to find some method of European settlement that would lead to arms limitation.

ILLUSTRATED LECTURE ON MISSION WORK

"Opportunity for service was never greater than at the present day". Rev. C. H. R. Wilkinson, missionary on furlough from India told an intensely interested audience at St. Paul's Parish Hall last night. Rev. Mr. Wilkinson's lecture was illustrated with motion pictures taken at and near the Anglican mission station at Palampur in northern India, where he has labored for the past ten years. The lecture and pictures were of special interest to a Charlottetown audience because two local missionaries are stationed at Palampur, the Rev. Charles Palmer and Miss Audrey DeBlois, sister of Lieutenant Governor DeBlois. A third Prince Edward Islander labors in the Palampur area, Dr. Florence Haslam, her father a native of Springfield, this Province and the first clergyman to be stationed at Palampur.

The motion pictures shown and explained by Rev. Mr. Wilkinson gave a vivid picture of the work in the mission field. Buildings, including schools and hospitals, school classes at work, Indian villages, and leper hospitals were depicted on the screen. Included in the pictures were scenes showing
