THE PRINCE COUNTY GUARDIAN

Office in Summerside, Miss Amy G. Burrows, Agent, Summer Street, Street, News Correspondent; and J. F. Laferty, Water and in Alberton, Herbert Clark, Agent.

—The latest news, first of all. —Jos. Perry, Summerside, returned last evening from Ottawa where he was attending the C. M. B. A. convention.

—A. C. Rogers and W. B. Bowden, Summerside, returned last evening from Moncton where they were attending the races.

—Neil and Mrs. McLeod, Summerside and Mrs. Riley, Sherbrooke, returned last evening from a three months visit to Scotland.

—The motor yacht Aloah returned to Summerside on Sunday evening last from Pictou where she had been undergoing a general overhauling on the ship at that place.

—In the recently published matriculation examinations in which Miss Annie Abbott's name from Malpeque appeared in the junior examinations, with a pass mark of 296, should have read in the senior examinations with the pass mark of 452.

—On Sunday last a committee from Prince Edward Lodge I. O. O. F., Summerside, drove to St. James' Cemetery, Lot 11, where they decorated the grave of Brother Russel Palmer who was a member of Onward Lodge, No. 56, I. O. O. F. Sufferin, N. Y.

—Rev. P. J. Arseneault, Mt. Carmel, forwarded yesterday morning to the Campbellton Relief Fund two large cases filled with woolen goods such as blankets, socks, etc. These are all new goods made by the residents of that place the value of which was about \$180.00.

—At the examinations of public school teachers, held recently in British Columbia, about one hundred candidates secured Academic Certificates. Whilst seventeen of these were graduates of English, Scottish and Irish Universities, no less than forty three were graduates of Nova Scotia and New Brunswick Universities, the balance being credited to McGill, Toronto and Queens. Among the successful candidates are Adele McLeod, M. A., Jennie I. McLeod, of Summerside, P. E. I., graduates of Acadia University, Laura M. Raynor B. A., Kinmore P. E. I., graduate of Dalhousie.

—A very pleasant event took place on Saturday evening, Aug. 4th, at the home of J. G. and Mrs. Whitehead, 514 Spence St., Winnipeg, when Fannie Blanch Pickering and Philip Jackson, dentist in this city, were united in marriage. Rev. Mr. Johnston performed the ceremony. The bride, who was given away by J. G. Whitehead, looked neat and pretty in a gown of gray silk and carried a bouquet of sweet peas. She was attended by her sister, Della, who arrived from Clinton, P. E. I., for the occasion and wore a handsome suit of old rose with touches of cream lace. Marshall Whitehead, late of Kensington, P. E. I., gracefully assisted the groom. Among the Island friends present were A. Sinclair, son of the late Hon. Peter Sinclair; D. A. and Mrs. Sutherland, Geo and Mrs. Murray, John and Mrs. Lee. After the knot was tied and congratulations extended the guests were invited to the dining room where one could easily detect by the appearance of the table that the hostess, Mrs. Whitehead, was trained and brought up under some of the Margate, P. E. I. best mothers. The dinner was everything that could be desired. The wedding presents were costly and numerous, among them being a table set of cut glass, from T. Eaton & Co. After the reception the newly married couple left for their home in Fort Rouge with the best wishes of their friends. Mrs. Jackson is a daughter of Jas. Pickering, Post master, Clinton, P. E. Island. Her sister Della will return home in a few weeks after visiting friends in Saskatchewan and Alberta.

A VISITOR'S IMPRESSIONS.

To the Editor of The Guardian:—While I have been on the island I have read daily with much interest your clear and able discussions of public questions. I am gratified with your position on the tariff; and I note that many of the Canadian people take your view of the question.

It will be a great day for Canada if she learns early her tariff lesson. The United States is only now getting its eyes open to the iniquities of the tariff after fifty years of robbery to give power to the rich trusts to ride over the people and control the government. Our manufacturers modestly asked originally for moderate protection for "infant" industries. But their appetites grew on what they fed and the demand became greater and greater as the infants grew to giants and secured control of the government. This finally induced a rebellion and the people are now trying to get themselves out of the grasp of the rapacious trusts. Don't let Canada get into that fix.

I note your comments on prohibition. But I cannot agree with your conclusions. Vermont struggled with prohibition for half a century. Eight years ago we changed to local option and we find an improvement on old prohibition times. The theory of prohibition is splendid—to abolish liquor drinking by legislative fiat—but it is all a dream. It has been tried by many States containing millions of people but it has never for a day stopped the sale and consumption of liquor. Prohibition is a farce. It aims at all and gets nothing. Regulation does not claim to bring the millennium, but it accomplishes much.

The other day I went to the Scots gathering at Georgetown and saw more drunkenness than I would see in Burlington, Vermont, a license year ago in a month. A large part of the men, mostly young, carried with them on the train in their pockets—part of the time a bottle of Scotch whiskey, and it was surprising how freely the bottles were passed from mouth to mouth, openly, to be drunk directly from the bottle in generous libations to the throat.

The result was a continual odor of whiskey and many drinks took considerable attention from the games, regardless of the prohibition on the programme that: "No spirituous liquors allowed on the grounds; nor will any person under the influence of liquor be permitted to enter the field." So much for the failure of prohibition. I don't know what effect it has on trade but there is no reason with us to think that prohibition helps trade. The use of liquor cannot be stopped. It is time the abuse should be stopped.

On another question I agree with you, namely, that the Island needs manufacturers. Manufacturing could not be done cheaper than in the other provinces. The Island should manufacture much which it now buys and ship a great deal abroad. Successful manufactures would greatly increase the prosperity of the Island.

Another question you are discussing is very important—namely, Equalization of taxes. Your past meetings were demoralizing—putting a premium on fraud. Get your taxes equalized as near as possible. But you need to have a higher tax rate for the farmers. Their rate is ridiculously low. Two dollars on a thousand and does not and never will provide enough for public uses. In some towns in Vermont the rate is twenty dollars per thousand and hardly any lower than fifteen. That is why I say yours are ridiculously low. Your present rate cannot provide a sufficient income for roads and schools. The great problems of the farmers are good roads and schools. Without them the Island cannot prosper.

Road making on the Island is not difficult, but your roads are sadly neglected. Schools for farmers children is one of the deep problems everywhere. To give the country

children the best education possible—which you are not doing now—will require a much higher tax rate. I have heard a farmer complain that his tax rate has now been advanced from \$3.20 to a total of \$5.00 as a total. What would he think of ten times that? No community can reach a high state of prosperity without a

reasonable sum to be expended on public necessities. The greatest of these are highways and taxes. JOSEPH AULD of Burlington, Vt. Preetown, Aug. 16. "Canvas gloves at 10c. Heavier weight with leather tips at 15c. Just

Bonds for those who invest \$100 to invest. The large majority of small investors are under the impression that Bonds are only for investors of large amount, such is not the case. The time was, not so long ago, when most bonds were issued in denominations of \$200 and \$1,000. This has, no doubt, given small investors the impression that the \$100, \$200 or \$300 were not of any service to the great Railway and Corporations issuing them. However, a great change has taken place in recent years and a number of high grade bonds are now issued in denominations of \$100. The small investor is encouraged and is given the same opportunity to invest his savings in these bonds as investors having thousands of dollars to invest; the result is that bonds paying 5 to 6 per cent interest are increasing in favor with small investors. The investor having \$100 to invest has as much right to be given full particulars of the financial position of the Corporation issuing the bonds as the larger investor, and we make it a point to explain to them very fully every point which the most careful investor should know concerning the company, the bonds of which he intends buying. Write for our list of Bonds issued in denominations of \$100. F. B. McCURDY & CO. Members Montreal Stock Exchange. HALIFAX, MONTREAL, SYDNEY, CHARLOTTETOWN, ST. JOHN'S, N.F.D.
