CRYSTALS TAKE GREAT GAME
FROM ABBIES 7 TO 3

That the Summerside Crystals have a championship baseball nine was most strikingly demonstrated last night when they decisively defeated Charlottetown Abbies by the score of 7 to 3.

Noonan, the Crystal star pitcher started right in to pitch ball in the result that in the first innings not an Abbie got past first. The Crystals on the other hand started by hitting Hobbs and before the inning was completed they brought five men home, Peters, Silliphant, Johnson, Wright and Howatt, scoring. The five runs of their opponents spurred the Abbies on to greater efforts in the second when Lynds, Cronin and Campbell scored, score 5:3 in the half of the second the first two Crystals up did not reach first. Cameron singles to centre field. Daley the Crystal heavy hitter drove out the nicest hit of the game, a beautiful three base hit to left field on which Cameron scored. Wright struck out retiring the side, score 6:3.

McCarey started the third with a beautiful two bagger to right field. Francis went to first. McCarey and Francis advanced to third and second, Lynds fanned. Saunders flies to the pitcher, Cronin out at first. Score 6:3.

Howatt started with a single to short. Gallant sacrifices. Howatt goes to second, Noonan sacrifices and Howatt goes to third. Peters was the next batter and when he had two strikes called on him Francis threw the ball back to the pitcher, Howatt coming up for a sensational stand leading home safely for the seventh and final run of the game. Peters fanned retiring the side.

In the fourth not an Abbie got to first and not a Crystal got to second with a Texas getting one bag. He stole second. McCarey got a free pass to first. McInnis and

McCarey made a double steal and it looked as if Noonan was in a hole, however, the Crystal pitcher showed his true form when the next three batters failed to reach first. The game ending on account of approaching darkness at the end of the fifth with the score 7:3 in favor of the Crystals.

Dr. J. A. McMurdo was umpire and Mr. Jack McAleer on the bases.

If the Crystals play as they did last night they have a good chance to win the next two games which will make the league a draw. It is regrettable that there was such a small attendance at last night's game as it was a splendid exhibition of ball by both teams with very few errors. It is hoped that at the next game in Summerside that the fans will show their interest by attending in larger numbers.

The lineup was as follows:

Francis	Catcher	Crystals
Francis	Pitcher	Wright
Hobbs	First Base	Noonan
McCarey	Second Base	Peters
Diamond	Third Base	Daley
Lynds	Short Stop	Cameron
McInnis	Left Field	Howatt
Cronin	Centre Field	Johnston
Saunders	Right Field	Silliphant
Campbell	Short Stop	Gallant

City Baseball League

At the Abegweit grounds this evening at 6 o'clock the Anchors and Stars will fight out a deciding baseball contest on the City League Baseball series.

Should the Anchors win they will clinch the second section of the League and the right to play off with the Stars for the City League Championship.

On the other hand should the Stars win, they will still have a chance to pull through as winners of the second section, providing they win all their games, and in this case it will illuminate any play off for the championship.

Both teams have a hard row to hoe and the game should be a red hot one and it will only be a matter of time that the play heads up ball to come out on the safe side.

In their last tilt the Stars held the lead right up to the last innings when the Anchors filled the sack and run in the two runs that tied up the game and had the fans on their toes in a thrilling finish.

It was pronounced the best game of the League, so that tonight's game should be a matinee of the team that plays heads up ball to come out on the safe side.

There is only a few more games left and as the brand of ball was of a high order throughout the series, a large turn out of fans is expected this evening to help along their team and boost the running of the clubs.

2 New Features
in this Exquisite Hose

- To add grace to pretty legs Holeproof extends the silk above the knee. You'll be amazed at the difference it makes in appearance. Fashion now demands it.
- Holeproof is following the new short dresses with longer stockings. In the future the numbers mentioned below will have a 23-inch leg. This extra length gives care-free smartness otherwise impossible.

plus these 5 Holeproof Style Points

THE extra length and new style knee are something new in fine hosiery. Holeproof alone can give them to you. But they are not the only points of Holeproof difference.

Five other style features have made this hosiery the favorite of two million women... have carried with them the assurance of being fashionably correct. Note each one carefully.

- Exquisite clearness. In sheer chiffons clearness comes only through uniformly even thread. The lack of it in cheaper silks causes unsightly shadow rings. So at greater cost Holeproof selects silk in China, judged finest of all oriental grades.
- Correct Paris shades. Paris authorities select the newest colors. A unique scientific dyeing process keeps them clear and bright. Holeproof's anti-fade treatment protects from fading.
- Superlative transparency, even in the heavier weights. There is no cloudiness, no streaking. First the silk is tested, then it undergoes the special Holeproof treatment.
- No loose ends. Loose threads mar appearance. So Holeproof carefully trims the inside of each stocking by hand.
- No imperfections. Style vanishes with imperfections. And here Holeproof safeguards you by nine separate inspections. It is a fact that few other fine hose are so uniformly perfect.

Go to your nearest shop today and see Holeproof's newest numbers in the newest shades fresh from Paris.
