

BULGARIAN TROOPS STILL WINNING

French Government Refuses Turkish Appeal. Bulgarians Capture 1,500 Turks

(Canadian Press)
PARIS, Nov. 4.—The French government has refused the Turkish appeal for it to take the initiative in bringing about the intervention of the great powers to stop hostilities and impose an armistice on the Balkan states.

The reply of the French foreign office points out that for France to take the course suggested would be contrary to the international law and would make her appear as siding against the Balkan states.

France can only, it was added, consider the request for mediation probably called for such a request be addressed to her.

SOFIA, Nov. 4.—The Bulgarian troops have now occupied Buk on Salanika, Constantinople railroad and this with the possession of Nevrekeop finally cuts off all communication between the Turkish army in Macedonia and the Turkish garrison at Adrianople.

The Turks on Saturday attacked the Bulgarian left flank at Narhussar but the Bulgarians repulsed the attack putting the Turks to flight and capturing 5 officers and 1,500 men and their quick-firing battery.

VIENNA, Nov. 4.—A Reichspost correspondent says that the brilliant co-operation of the Bulgarian commanders combined with the heroism of the troops is bringing to the Bulgarians fresh success daily.

An attempt was made by the Turks to take up a position again to the mouth of Serai and at Tcherlin in order to cover their retreat, totally failed as also did an intervention in the Turkish army of the Visas of the Turkish troops who had advanced to the right of Sultan Bagtche.

The Bulgarian army is pushing forward its pursuit of the flying Turks with the greatest energy in order to succeed in driving the greater part of the defeated army from the line of the retreat on Tchatalja as a final result of the operation between Lule Burgas and Serai.

PARIS, Nov. 4.—The French attitude in regard to the Turkish appeal for the mediation is shared by England and Russia.

LONDON, Nov. 4.—Hon. Secretary Reginald McKenna, was prevented from making a speech to-night in the House of Commons because of an uproar created by suffragettes fleeing with his wife through a side-door.

POLES MAY STRIKE FOR INDEPENDENCE
LONDON, Nov. 4.—A Vienna dispatch to the London Daily Mail says: For the first time since Napoleon's invasion of Russia a hundred years ago, the Eagle of Poland is raising its head and looking to the threatened conflict between Austria and Russia to free the Polish nation from the hated Russian yoke.

While the eyes of Europe are riveted on the battlefields of Thrace and Macedonia, a great national movement is spreading in Poland. Its aim is to unite all the Poles in common action for the possible outbreak of hostilities between Russia and Austria. The Polish nation numbers twenty-five millions, of whom twelve million are Russian subjects; over six million Austrian subjects inhabiting Galicia, and four million Russian subjects. There are two million Poles in America.

THE INTELLIGENCE OF A DOG

LONDON, Nov. 5, (Special)—An interesting story of a black Pomeranian dog comes from a residence in the Chobham Road, Sunningdale.

The animal enjoys living in front of the fire, and as he sleeps indoors has had opportunities of witnessing every morning the operation of fire-lighting. One cold morning recently the owner found the dog keeping guard on the hearthrug over some paper, a piece of wood, and a lump of coal, which he had fetched, piece by piece, from the coalbox in order, apparently, to expedite the lighting of the fire that he might the sooner warm himself.

LARGEST DRY-DOCK IN THE WORLD.

HALIFAX, Nov. 4.—Sir Arthur Trevor Dawson, the English engineer who arrived at New York Wednesday on the Oceanic with his wife and two daughters, said that the Montreal floating dock, had cost \$250,000 to build at Barrow. He said that it would accommodate a vessel of 27,500 tons, and was the largest floating dock in the world.

WON A PRIZE WITH CONVICT'S VERSE.

BALTIMORE, Md., Nov. 2.—Because he took credit for a verse written by a convict Patrick Cullen, an inside guard at the Maryland Penitentiary, has been indefinitely suspended from duty by Warden John F. Leonard.

The verse was written by Frank Smith, alias Frank Deese, alias Specks, a yeoman, now serving a fifteen year term. Cullen entered the verse in a newspaper contest under his own name and was awarded a cash prize of \$25.

Later an article, together with a picture of Cullen appeared in one of the local papers. Then Warden Leonard learned that Smith was really the writer of the verse and summoned the yeoman into his office.

The Warden said today that Smith admitted that he had composed the verse and had given it to the guard, but had no agreement with Cullen as to a division of the money in event that it won a prize.

The verse that Smith composed and that won for Cullen follows:—
"Several hundred years ago,
When cave men wanted cooks,
Around the springs and brooks,
They used to lie in wait for them,
The ways of men are different now,
If we a cook can use
We simply write a little ad,
And put it in the News."

Smith was convicted of having participated in the blowing open of a safe in the Chesapeake and Atlantic Railway station at Salisbury, Md., in 1906. He is a rather good looking young man, about twenty-six years old, and has the appearance of a man of some refinement. He is well educated, a model prisoner and is devoted to literature.

MAYOR GAYNOR SAYS COMMISSIONER WILL STAY.
NEW YORK, Nov. 2.—Mayor Gaynor, in his first public utterance on the Becker case since the conviction of the Police Commissioner Waldo in office.

"I would not be surprised if Waldo is deceived again," he said. "He has got old-timers around him, and you can't get rid of them quite so easily as you think."

ATHENS, Nov. 4.—A Greek advance on Monaster has suffered a check.

The force marching from Banitza to Florina twenty miles to the south of Monaster met the superior Turkish force and was obliged to suspend the march and entrench in stray position.

WHITE WOMEN FOR SOUTH AFRICA

CAPE TOWN, S. A., Nov. 5, (Special)—White women are wanted in South Africa. At present there is a shortage of nearly 100,000 women in a total white population of 1,300,000, and the view is held by leading authorities that it would be very much better for the European population if the sexes were more equal in numbers.

Behind this opinion lies a great problem of the relationship between black and white, and it is clear that South African farmers and colonists generally would appreciate life in the dominion better if they could replace the Kafir boy in the kitchen by a woman domestic from Europe.

"Women are badly wanted in South Africa," declares a colonial official. "There is a great opportunity for hardworking, strong, young women on the farms and as domestics, while nurses and dressmakers are also wanted. At present a large part of the domestic work is done by blacks, but obviously it would be advantageous to find many of the 'boys' other employment. Wages are good, and there is every opportunity to save money."

KILLED WIFE FOR REVENGE.

LONDON, Nov. 2.—The tragedy of a husband's revenge, as grim as anything in the pages of Guy de Maupassant, is revealed in a King's Cross crime. Mrs. Ellen Coxon, aged forty-eight was found early in the morning

and in particular: The report and evidences of the violation of the law, to call on the prosecutor to investigate suspicious circumstances and otherwise assist law enforcement.

1 To arrange for an attractive and educational Public Temperance Meeting at least once a year and as often as practicable.
2 To aid in the distribution of temperance literature in the homes, public meetings, Sunday or week-end schools.

3 To see that each church and temperance society in the community is represented at meetings of the Provincial or County Alliance.
4 To manage finances for local temperance work and to secure support for the wider work of the Alliance.

Resolved that this meeting instruct the Executive of the Alliance to take into consideration the whole matter of the employment of a Field Secretary, and report as soon as possible. Several suggestions were made as to what the provincial alliance should ask the government to do at the next session of the legislature. Committees were then appointed to carry into effect the several resolutions.

S. W. DYDE RECTOR QUEENS COLLEGE

(Canadian Press)
KINGSTON, Nov. 4.—Principal S. W. Dyde, of the Presbyterian Theological College at Strathcona, Alberta, has been chosen by the Alma Mater Society of Queen's University as Rector of the University.

This is a new position provided for by the new legislation.

MRS. EDDY'S MONEY FOR CHRISTIAN SCIENCE
BOSTON, Nov. 4.—Mrs. Mary Baker Eddy, founder of the Christian Science Church, had in Massachusetts at the time of her death \$2,843.75 in personal property, and real estate valued at \$155,000, according to the report of Thomas W. Streeter, Frederick E. Jennings and John W. Worthington, who were appointed to appraise the estate.

All the personal property goes to the Christian Science Church under the decision of the Supreme Court of New Hampshire, which sustained the will of Mrs. Eddy. The entire amount the New Hampshire administrator will turn over to the church is about \$2,900,000.

The Massachusetts Supreme Court, which has jurisdiction only over the \$155,000 of the real estate within the Commonwealth, has decided that the statute bars the Christian Science Church from receiving this property as left by Mrs. Eddy's will, but that the property may be administered as a charitable trust by the trustees appointed by the court.

terribly wounded at her home in Judd street. A taxicab-driver saw her leaning against the first floor window of a room over a barber shop. There was no other occupant of the room, but a chopper was lying by the side of the window.

The woman must have been attacked while lying in bed, and had tried to protect herself for the first finger of her right hand had been cut through to the bone. Her head was shockingly injured.

Her assailant had then left the room, and had locked the door behind him. It was only the fact that the injured woman had been able to struggle to the window that led to the discovery. She was taken to the Royal Free Hospital, where her condition is regarded as hopeless.

Her husband, Edwin Coxon, had only just been released from Prisonville Prison, having completed a term of six months' hard labor for attacking her with a hammer. She was a reluctant witness against him. Scotland yard search for the husband all day, and found his body in the Regent's Canal off Portland-road. W. He had drowned himself after escaping from the scene of the crime.

PROVINCIAL TEMPERANCE ALLIANCE MEETING

The provincial temperance Alliance met yesterday at 1.30 p. m. at the Y. M. C. A. hall, Charlottetown, with president Rev. G. A. Sutherland in the chair and a large attendance of delegates from all parts of the Island. Mr. Spence was present and was invited to sit and correspond. Rev. E. F. Rattee, reported meeting of the government on the twelfth of April last. The following resolutions were discussed and unanimously adopted:

1 That a committee on Literature be appointed to select keep for sale or forward orders for literature, charts and lantern slides, needed for educational work.
2 That this department be made largely self supporting but that the Alliance Appeals for funds that will enable it to spend \$100 at the earliest possible day to purchase:
(a) Literature to aid public speakers.
(b) Charts and Lantern Slides.
(c) Literature for distribution.

That it is desirable that each church and Temperance Society in the community be represented on the Local Committee of the Alliance and at least part of the members should be appointed by these bodies. It is the duty of the Committee to work in every practicable way for the total suppression of the liquor traffic.

In the evening the Alliance met in the Hertz Memorial Hall when considerable business was transacted, to which he made a fitting response.

TURKEY ASKS POWERS AID

Germany and Other Five Powers to bring About Armistice

(Canadian Press)
BERLIN, Nov. 4.—The Turkish ambassador presented to the foreign office this afternoon communication from his government asking the powers good offices to bring about armistice.

Germany immediately put itself in communication with the other five powers with a view to carrying out the request.

FARMERS STOP FOX HUNT

DUBLIN, Nov. 5, (Special)—The County Limerick Hunt, on its opening meet a few days since was stopped at Four Blins, a few miles from Limerick, owing to certain farmers objecting to hounds going over their lands because members of the Hunt had taken part in a recent anti-Home Rule meeting at Limerick. An attempt was made to reason with the crowd that had assembled, and several members of the Hunt said they could not understand why they should be stopped because some persons had publicly stated their political opinion. The opposition, however, was persisted in, and the hounds were taken away for Ballinagarde, some distance off.

DESERTED BABY ON TRAIN

ATTLEBORO, Mass., Nov. 4.—The train that left Attleboro for Boston at 5.43 p. m. reached Boston with a three-year old baby, with no person to care for the infant.

According to the brakeman, when the train stopped at Boston he found a piece of burlap between two seats and under the cloth was the baby. He gave government statistics of the various provinces showing that the number of convictions for crime in each was in direct relation to the amount of prohibitory legislation in force. Prince Edward Island has the distinction of being the lowest in the criminal list.

Following these figures Mr. Spence eloquently and pleasantly discussed the fundamental principles underlying the temperance movement. He illustrated his observations on the effect of alcohol upon the human system with a number of experiments with alcohol, making his points clear and conclusive. His address was a forceful one and was listened to with the closest attention throughout.

At the close he was thanked with a cordial vote of thanks to which he made a fitting response.

ELECTION CONTEST CLOSES TONIGHT

PROSECUTIONS OF INSURANCE ACT

LONDON, Nov. 5, (Special)—Wholesale prosecutions under the Insurance Act are reported to be imminent. The commissioners are now in possession of detailed reports from their representatives in the various districts regarding evasion of the Act. So far only a very small percentage of delinquents have been proceeded against, but it is fully expected that before long the authorities will take steps to prosecute on a much larger scale than has yet been attempted.

Proceedings will first be taken against farmers, who as a class are believed to provide the greatest number of resistors, and after that attention will be given to the employers of domestic servants.

TRIED IN VAIN TO SAVE CHILD.

OWEN SOUND, Nov. 4.—Mrs. Charles Tebitt, of Berkeley, near Chatsworth, was terribly burned in an attempt to save her child from a burning house. She was removed to the hospital here at once and has lain in a precarious condition, suffering great pain.

Mrs. Tebitt left her little 7-months-old daughter in a cradle in the kitchen while she went out to the barn. In her absence a fire started and when she came out of the barn she saw flames issuing from the kitchen. She rushed in, despite the smoke and flames, in a desperate attempt to get her child, but her efforts were unavailing and in the attempt her clothing was fired, with the result that she was severely burned about the face, arms and body. The house was burned and the baby completely incinerated. Mrs. Tebitt's recovery is doubtful.

SUNDAY MOVING PICTURES IN MONTREAL

MONTREAL, Nov. 4.—That a further effort will be made shortly to contest the right of moving picture show proprietors to open on Sunday was started by a member of the Lord's Day Alliance of this city. It was pointed out that previous prosecutions which had failed and been dismissed in the Supreme Court had been undertaken under the Provincial law, whereas the next step will be to invoke the Dominion law on the subject of Sunday observance. Under the Quebec Sunday Observance Act the organizing of "theatrical performances" is forbidden, but under the judgment of the Supreme Court it was held that moving picture exhibitions unaccompanied by verbal explanations or other representation did not constitute a theatrical performance.

The Lord's Day Act, 1907, of the Dominion is, however, considered as being more restrictive in its provisions; but in order to prosecute under this law, it is necessary to obtain the consent of the Attorney General before a magistrate may hear a case. This permission is being sought by the Lord's Day Alliance, and it is likely that a batch of prosecutions will be attempted against moving picture shows in this city.

In addition to the moving picture shows it is probable that a campaign will be launched by the Lord's Day Alliance against other people, such as real estate dealers, who are said to be engaging in their business every Sunday, although it is manifested forbidden by both Dominion and Provincial legislation.

TOMORROW WILL DECIDE WHO WILL BE THE NEXT OCCUPANT OF THE WHITE HOUSE

(Canadian Press)
NEW YORK, Nov. 4.—The presidential election contest closes tonight and tomorrow will decide whether Roosevelt, Taft or Wilson will be the next occupant of the White House.

The indications are that a heavy vote will be polled in almost every state and interest in the election is everywhere keen.

The leaders of the Republican, Democratic and Progressive parties alike predict victory at the polls tomorrow.

MEMORY OF TITANIC HEROES HONORED.

NEW YORK, Nov. 3.—The heroic musicians who played "Nearer my God to Thee" when the Titanic sank in the North Atlantic last April, were honored to-day in memory by musicians here. A bronze tablet to the seven bandmen of the sunken liner has been prepared by members of the musical mutual protective union and to-day the tablet by Albert Weyner was unveiled at the club house of the organization. The exercises were simple.

URGES IMMIGRATION FOR NEW BRUNSWICK.

ST. JOHN, Nov. 4.—A lecture on Catholic Immigration into New Brunswick, before St. Joseph Society, yesterday afternoon, by Rev. Father O'Reilly, was heard by a large number of the members. Rev. Father Conway, spiritual director, was present, and the president, Geo. Cunningham, was in the chair.

Father O'Reilly began his lecture by laying down certain general positions on the subject of nationalism, and made some distinctions between imperialism and nationalism, and provincial patriotism. The younger men of St. Joseph's, he said, should make a strenuous effort for a greater New Brunswick, and there could be a greater St. John until they had a greater New Brunswick, and that would not come until the province had acquired 100,000 families from Europe and the United States to give backbone to a greater St. John.

The real growth of the country depended on its manhood, and New Brunswick should arise up and demand her full share of provincial immigration. This question should not be left in the hands of a few statesmen, but the entire population of the province should fall into line and work for a greater New Brunswick.

As we are now entering upon the port season, he said, when comes the flood tide of immigration, immediate steps should be taken to divert the stream of immigrants into New Brunswick. It may be before long that the Catholic societies of the city shall prepare a gigantic petition to be sent to the C. P. R. and I. C. R., and also to the Dominion and provincial governments, with the object of obtaining for the province her due share of the immigration.

There should be made an effort to make New Brunswick the empire province as she has from time immemorial been the Empire Loyalist province of Canada.

There was a large attendance at the lecture.
