

# Ch'town Curlers Take Big Prize At Quebec

## P. E. Island Rink Comes From Behind To Defeat Americans

QUEBEC, Jan. 25 (CP)—The Charlottetown curlers skipped by George A. Hawkins, newly crowned champion, were homeward-bound today with the Lieutenant-Governor's prize they won yesterday in the first Canadian-American final of the Province of Quebec International Curling. The Prince Edward Islanders finished strongly to defeat Walter Polak's colorful rink of Virginia, Minn., 10-2.

## British Consols Elimination Begins Tonight

13 rinks swing into action at the Charlottetown Curling Club tonight in opening matches of the Club's British Consols elimination tournament to decide two rinks to represent Charlottetown in the Consols Trophy provincial play-downs to be staged here the week of February 9th in conjunction with the Confederation Bouspiel. At that time rinks from other centres of the Province will join the local winners to decide the rink that will represent the Island in the Macdonald-Brier Tankard, of the Dominion curling championship, to be held this year at Calgary, Alberta.

Interest is high at the local club and much keen competition and fine curling is expected before the standard-bearers are decided. Skips of the rinks taking part in the local competition are Messrs. William Nicholson, Dr. L.E. Prowse, R.W. Turner, R.H. Carruthers, George Hawkins, E.F. Acorn, J.S. Moore, J.E. Burden, R.S. McLaughlin, G.E. Full, Dr. E.S. Giddings, W.R. Jenkins and R.S.P. Jardine.

This year's competition is divided into three sections with each set on playing a round-robin series. Providing there is a tie at the end of sectional play, a sudden death game will be played to decide the winner.

Ray's Millionaires of the City Basketball League gave convincing proof Saturday night that fans who had tagged them as the team to beat for the title this season were not far wrong when they took a convincing victory from Saints in the first game of a doubleheader.

Although the league is as yet in its infancy and much can happen before the final chapter is written, the latest victory of the City team is not to be discounted. Away to disastrous start, the winners showed they could come from behind and in so doing they gave an exhibition of sharpshooting that bodes ill for any team they may meet during the season.

It was a tough loss for the Saints who appeared to be well on their way to a victory but for some unaccountable reason their fast attack that has always been a potent factor in other victories slowed down after they had gained an early lead and in the slower parts of play there was little doubt of the winner's superiority.

But knowing Saint Dunstan's athletic teams as we do their second straight setback—this one was at the hands of the Navy—will only spur them on to better efforts. Big and fast the Saints have all the requisites of a smart, efficient basketball squad and if they can keep their attack rolling at the same clip as they did in the first ten minutes Saturday night Millionaires or any other team in the league will have their hands full trying to keep step with them.

The fans received yet another surprise in the second encounter when the Navy team came through with an upset victory over the highly-favored P. W. C. team. Showing the best accuracy they have done all season long and continually getting men into the clear for set-up shots the Tars chalked up their first victory and while their margin was not as convincing one it must be taken into consideration that the team they beat was the same quintette that had already beaten the Saints and had only been beaten out in the dying moments of their game against the league-leading Millionaires.

Navy were strengthened Saturday night by the addition of Freddie McTague who added both punch and defensive strength to their lineup. If the club can add another couple of men of the same calibre then they too, as we said so many times before, will have to be figured strongly when playoff time rolls around.

Racing fans can easily take the mantle as being the most enthusiastic in the world. Saturday afternoon, despite near zero weather, a good sized crowd were on hand for the Victoria Driving Club's meeting at Victoria Park and despite the intense cold the majority of them stayed shivering through to the very last heat.

They were rewarded with seeing what was probably the best afternoon's racing of the season in over 90 per cent of the heats the finishes terminated with three horses battling it out with only few separating them and with times also being the fastest of the season.

The Island trotters and pacers are fast rounding into shape for their coming inter-provincial trials with Halifax and Dartmouth-owned horses and when the mouth contingent take the word in those two centres during the week of February tenth they will be able to take back a fair share of the trophies and prizes that will go to the winners.

**Detroit 1, Montreal 0**  
DETROIT, Jan. 25 (CP)—Don Morrison scored in the last six minutes of play tonight to give Detroit Red Wings a 1-0 victory over Montreal Canadiens before a National Hockey League crowd of 13,656 fans.

Morrison's tally was loudly protested by the Canadiens. He lined out a shot from back of the net and it hit Durnan on the ankle and fell between the goaltender's feet. When Durnan dropped blindly to cover the area he apparently pushed the puck back over the goal line. Durnan and Glen Harmon both claimed the puck never entered the goal.

Driving Club officials to keep up the continuity of this popular event, an event that, in the past couple of seasons has been witnessed by thousands of race followers.

Anybody who like their hockey crammed full of action should have taken in the opening game of the City School series between West Kent and Queen Square last Friday night at the Forum when the challenging Queen Square team set back the West Kent squad 5-2.

By the margin of their victory Queen Square should be good bet to break the monopoly of the West Kent team on the C.F. Archer trophy but they are not yet out of the woods. West Kent by their showing in the first game are still mighty threats and the next game date to be announced later, should be a thriller all the way.

## Quebec Triumph Is Notable One For Local Curling Rink

The trophy donated by the Lieutenant-Governor of Quebec, representing the International championship of the Quebec Bouspiel will rest for the next year in the Charlottetown Curling Club as a result of the outstanding achievement of the George Hawkins-skipped rink at the 'goal just recently completed. The trophy will arrive here shortly after being suitably engraved. Skip Hawkins stated last night.

A plaque will also adorn the trophy room of the local club. In addition to the trophy members of the Charlottetown rink were presented with individual pins by the Lieutenant-Governor on Saturday.

Skip Hawkins and Mate Rankine McLaine arrived home yesterday. J. Andrew Likely, second stone of the rink continued on to Saint John to visit his home there. Lead Wendell Worth, other member of the rink has gone on to Ottawa on business.

In winning the coveted trophy the Hawkins rink won seven of their nine matches. The Poluski Bros. rink from Minneapolis which they defeated in the finals had just finished competing in the Nipawin 'spiel where they finished well up in the battle for the \$25,000 in prizes.

The local rink advanced to the finals by beating the Muth rink of the Quebec Victoria Club who had chalked up eight wins while the Poluski rink were polishing off the McLeod rink of the Mayflower Curling Club of Halifax which also had eight wins during the competition.

124 rinks were entered in the Quebec Bouspiel and play was by sections.

**HALIFAX, Jan. 25**—(CP)—Two pacers from Cyril Dauphinee's stables, Jacob Withrow and Ima Kalmuck, captured two of the four races on the harness horse club's card at the North Commons Saturday.

A penetrating cold thinned the gathering of the overcast league at the dash path where Withrow won the free-for-all and Ima Kalmuck the Class B event. Phil Craig won class A while Dize Dean and 7-Up Direct took Class C with two straight heat victories.

## Beavers Defeat Crescents 5-1

SAINT JOHN, N. B., Jan. 25 (CP)—Led by the two-goal effort of second-line centre Bobby Newton, Saint John Beavers ran to a rough-and-tumble 5-1 win over Halifax Crescents in a Maritime Senior Hockey League game here Saturday.

The game was decided in a hectic second period after Halifax had come back to score a tally in response to the single first period tally of Beavers marked up before the game was a minute old.

The Beavers formed repeated ganging attacks on the Halifax goal during the middle canto in which six penalties were handed out. Halifax mentor Gerald (Sham) Hanrahan was banished from the rink, and Beavers won the game.

Hanrahan was tossed from the rink when referee in chief Stevie Estabrook voiced his displeasure of Hanrahan's attempt to cut a strangle-hold around his neck in a board-side argument.

Hanrahan was loudly protesting a two-minute penalty handed out to Metcalfe for boarding. He caught Estabrook about the neck and the referee called for police assistance to eject the Halifax official.

Hanrahan walked across the ice unescorted and sardonically tossed his hat to the roaring crowd.

## Ray's Beat Saints; Navy Springs Upset In Beating P.W.C.

### Overcoming their opponents early lead late in the first half and then outscoring them badly in the second session Ray's Millionaires Saturday night kept their City Basketball League winning streak intact when they defeated the Saints 55-36 in a fast and rugged encounter that saw a total of 30 fouls called, 15 against each squad.

Saints, opening at a terrifically fast clip were ahead by eleven points before the ten minute mark had been reached and seemed well on their way to handing Millionaires their first defeat of the season but the winners steadied from there on and led by Earl Smith and Walter LePage who accounted for 42 of the 55 points with Smith getting twenty five, gradually caught up with their opponents.

They were ahead at the halfway mark 32-27 and in the last twenty minutes of play, despite the loss of their stellar guard, Irving McKinnon in the early stages, outscored their opponents 23-9 to rack up their convincing win.

**NAVY UPSETS P.W.C.**  
Joe Cullen's Navy basketball team given little chance to win, racked up an upset victory when they outplayed the Prince of Wales team in each half to win by a 56-45 margin in the second game of the double bill.

Led by the sharpshooting of Peters with 20 points and Cullen with seventeen, the Navy took an early lead and from there on were always in command.

During the first twenty minutes of play the Prince of Wales team, trying desperately to overcome the fast widening margin separating them from their opponents, trailed at the halfway mark 28-17. Early in the second half five points without a return saw the losers pull up to within six points but again the Navy's attack started to pay off and the two squads battled it out on even terms during the half, each squad racking up a total of 28 points to leave the winner's opening half lead unchanged.
