Oxford County Won First Place

(Special to the Guardian)

WOODSTOCK, Ont., Aug. 22. — Word has been received here of the outstanding success of the Oxford County egg circles in the competitions at the Central Canada exhibition at Ottawa. The eggs from Oxford County won first place in the four classes in which they were entered, and also won the sweepstakes thus duplicating the success achieved in 1926.

OLYMPIAD HERO NOT TO BUSY TO REMEMBER MOTHER.

VANCOUVER, B. C., Aug. 22—Amid all the stress and bustle of his preliminary preparations and training here just prior to leaving for the qualifying trials at Hamilton, Percy Williams, hero of the Olympiad, thought of his mother and how best to surprise her on her birthday with a birthday present.

On the last mail before the Dominion Day holiday Mrs. Williams got a letter from Percy. After expressing his regret that he could not be there in person to wish her many happy returns of the day he requested her to go up to his bedroom and in a certain designed place she would find a sum of money which he had hidden there for that purpose.

"I want you to take it and buy yourself a birthday present, mother: use it all. I only wish it were more." In the place designated she found $20.

In Memoriam

MR. JOHN A. NICHOLSON

On the morning of August 7, 1928, Mr. John A. Nicholson, aged 58, passed quietly away at the family home in Wood Islands, P. E. I. after a protracted illness of 6 months. Early in February Mr. Nicholson was stricken down with pluresy and neither the loving care of the family nor medical aid was able to restore him to health and strength, due to his weakened condition following the severe illness.

Mr. Nicholson is survived by a widow and 8 children: Alexander, in Winnipeg; Daniel and George in Medicine Hat; Anna (Mrs. J. J. Gillis) in Melville; Allan, May, Winifred and Kathryn at home. The funeral was held at the home on Thursday morning, August 9th, at 10.00 o'clock, with interment in the Wood Islands Cemetery.

His many friends mourn with the family the loss of such a splendid friend and neighbor and extend to the bereaved their deepest and heartfelt sympathy.

WEDDING BELLS

The marriage of Irene Elizabeth, only daughter of Mr. and Mrs. W. J. Seaman, to Mr. Leslie Clark Ramsay, of Hamilton, took place Wednesday evening, August 15th, at the bride's home, Springfield, Rev. Dr. Saint officiating, assisted by Rev. Mr. Coburn.

The wedding march was rendered by Mrs. Saint as the bridal party took their places under a beautiful arch of evergreen and phlox on the lawn.

The bride who was given away by her father was gowned in white georgette with Rhinestone trimmings, and veil caught with orange blossoms, she carried a shower bouquet of white asters and sweet peas. Miss Sophie Ramsay, sister of the groom acted as bridesmaid and wore a dainty frock of Queen blue georgette with sand trimmings and carried a bouquet of pink sweet peas and roses. The groom was supported by Mr. Alfred Seaman, brother of the bride.

The little Misses Muriel and Dorothy Toombs, nieces of the groom, acted as flower girls dressed in pink silk and carrying a basket of sweet peas.

Immediately after the ceremony, about seventy invited guests sat down to supper.

A large crowd of serenaders added much to the merriment of the evening.

There was a large array of valuable wedding presents.

Mr. and Mrs. Ramsay left the following morning on a motor trip through the Maritime Provinces. On their return they will make their home at "The Stone Cottage, Beach Point," Hamilton.

A few evenings previous the bride was given a large miscellaneous shower by her friends at her home.

Englishmen Visit Western Canada

(Canadian Press)

JASPER, Alta., Aug. 21.—To get a glimpse at first hand of the size and possibilities of this particular portion of the new world thirty-four young men, representing those strongholds of tradition, the public schools of England arrived in Jasper this morning. They are travelling across Canada under the auspices of the school empire tour committee composed of the governors and head masters of the public schools of Britain and sponsored by Col. Emery, Secretary of State for the Dominions. In the group are boys from Eton, Harrow, Stowe, Winchester. Rugby, Marlborough, Clifton, Millhill, Eastbourne, City of Oxford, Fettes, Blundells, Kidderminster and Tonbridge. They are accompanied by the Rev. G. H. Wooley, V. C., M. C., Master of Harrow in charge of the tour. Lieut. D. A. H. Wynns, Rifle Brigade and Mr. Henry Studholme who acts in the capacity of advance agent. The party landed at Quebec from the White Star liner Calgaric, were shown the historic features of the city and left immediately for Ottawa where they were received at Government House and visited the Government Experimental farm. The next stop was at Timmins, Ontario, where the mining activities took their attention and gripped the imagination of the travellers.

The pulp and paper mills at Iroquois Falls were visited and then they proceeded to Saskatoon visiting farms in the neighborhood. In Edmonton Canadian methods of dairying and a visit to wheat elevators took up the morning. Tea at Government House in the afternoon and a dance in the evening completed a delightful day during which the young English were entertained by private citizens and thus got an opportunity of seeing home life in this new country from the inside. They will be in camp at the Y. M. C. A. camp on Lake Edith in Jasper National Park for four days, the longest stop all across the continent during which time they are to do exactly as they please, according to Mr. Wooley, who stated that the boys are here for no other reason than to see or hearetaoinetaoin son than to see and hear all they can about this particular part of the Empire in the short time at their disposal. Tomorrow we shall all go to see Mount Edith Cavell, apart from that we are free to fish, ride, hike, canoe, do as we will until we leave for Prince Rupert on Friday morning.

BOY BABIES ARE ON THE INCREASE

WINNIPEG, Man., Aug. 22—Writing in the Manitoba Medical Bulletin, C. C. Ferguson states that boy babies are decidedly more numerous than for females, especially during rate for males is decidedly higher than for females, especially during infancy and middle life. As the second of these factors is more potent than the first the result is that the world contains more women than men.

In Canada the proportion of boy babies to girl babies is given as 1,061 to 1,000. This rate is higher than in the United States and in most European countries. In Great Britain it is in the proportion of 1,047 to 1,000. The Province of Manitoba, it appears, is especially strong on boys and as the infant mortality rate for male babies is proportionately lower than in most other places, it is suggested that Manitoba is a good place for men to reside in, especially for those who, like the late Czar of Russia, wish to have male heirs.

The "Tribune" says, anent this:—

The appellation "the weaker sex" as applied to women is clearly in need of revision. What term may be employed, without disrespect, to indicate women's greater vitality? Mr. Ferguson does not like the expression "the tougher sex" nor the "the aged sex." Perhaps, he courteously suggests, the term "vital sex" connoting not only death resisting powers but also a vivacious disposition and a keen interest in life generally, would be more appropriate. Also more diplomatic.

West Indies Trade Outlook Bright

(Special to the Guardian)

SAINT JOHN, N. B., Aug. 22.—The export of butter and cheese and other like products to British Guiana and the West Indies should be materially increased by the provision of a cold storage warehouse at Halifax, N. S., declared Mr. T. Dalgleish, Manager of the Royal Bank of Canada at Georgetown, British Guiana, on his arrival here today on board the S. S. "Canadian Pathfinder" of the Canadian National steamships, Capt. R. M. Manning, ex-British Guiana, the West Indies and Bermuda with a general cargo consisting of sugar, molasses, cocoa, cocoanuts, etc.

A cold storage warehouse is now under construction at Halifax, the corner stone of which laid by Sir Henry Thornton, K. B. E., President and Chairman of the Canadian National Railways on Monday last. British Guiana, Mr. Dalgleish stated offers a good market in addition to butter and cheese for dried codfish and flour, fairly large quantities of which latter are imported from Canada at the present time. The principal exports of British Guiana are sugar, copra, rice, bauxite, diamonds. The diamond trade amounts yearly to between £700,000 and £800.000. Rice is principally exported to the West Indian Islands while the sugar goes to Canada and the bauxite principally to the United States. Copra is general while most of the diamonds produced find their way to Great Britain and Amsterdam, the great diamond market of the world. Mr. Dalgleish considered that British Guiana offers excellent opportunities for tourists as the climate is very delightful, there being no extreme heat and the scenery is of a character distinct from that of the West Indies. Passengers for the Maritimes included Mr. J. D. Bush, Miss M. A. Dunn, Miss M. Britton, all destined to Halifax; Miss M. Morton, Miss D. Smith, Mrs. B. Smith, Mrs. I. I. Darrell, Miss N. S. Wilkinson, all for Saint John, N. B. Mr. Moosai Moharaj and Mr. S. M. Rameshwar, Sackville, N. B. Passengers left St. John by special train via the Canadian National Railways making connections at Moncton with regular trains for destination. A smooth voyage was reported with delightful weather.

PENALTY FOR CARLESSNESS

TORONTO, ONT., Aug 22—"It was no credit to her that her death did not result,' said Magistrate Patterson when fining a woman $50 and costs or 10 days and forbidding her to drive a car for one year as a penalty for reckless driving. Accused's car mounted the sidewalk and knocked a baby carriage out of the hand of another woman. The baby was injured. The defendant had a "learner's" permit only, and should have been accompanied by a licensed driver.
