PROCEEDINGS IN THE FEDERAL PARLIAMENT

Naturalization Bill Killed in the Senate - Agitation Continues for the Application of the Dumping Clause.

(From Our Own Correspondent)
OTTAWA, May 31. - As the result of the naturalization bill being killed in the Senate yesterday an impression has gone abroad that it was done as a straight party vote, decided upon in a Conservative caucus. In fact, this is wholly untrue. The vote was 38 to 20 on a majority of 18. The Conservatives have only now a majority of five in the Senate. As the Senate was in committee no names were recorded, but a number of Liberals were counted in killing the bill.

The objections to the bill, however, were very much the same as those expressed so forcibly in the Commons, and when more forcibly presented. Speaking of the Senate a new duty has been created in Canada. The Hon. H. W. Laird read a letter from a farmer in Saskatchewan as follows:

"We have had a wonderful seeding time, and everything is now in the ground in good shape. I wish you would draw the attention of the Prime Minister to the desirability of rain once each week for the next three weeks, and we will guarantee to deliver the greatest crop Western Canada has ever produced."

"Knowing the superhuman powers claimed by the present government, I trust the honourable leader of the House will intercede with the Prime Minister to have his magic wand so that this supply of rain may be delivered strictly on time and in ample quantity."

The leader of the Government in the Senate said it was rather a large order for the Government "because they are smiling rather than weeping."

Last evening another curious situation in the customs prevention service was revealed. A. B. Thompson, Simeco East, pointed out in the discussion of estimates that one of the vessels of the Government Merchant Marine sold in 1922 for \$18,000 had been leased since from the owners who had been paid \$55,000 in rentals. The Minister of National Revenue explained that conditions had changed since the vessel was sold. There was a surplus of bottoms and when the department wanted a vessel recently it could not get one and had to lease this one for revenue purposes. The charter expires next year. The policy of the Government was to build and own ships.

In connection with the excise duties on liquor and cigars the excise was increased. This was a material reduction in the great factor in doing away with smuggling. This was in support of opinions of Hon. Messrs. Manion and Stevens expressed before recess. Mr. Brown, L. S. Gar, wanted to be sure that drunkenness would not increase before he would subscribe to reductions.

New Zealand Favors Kellogg Proposals

(Special to the Guardian)
LONDON, May 31. - New Zealand is understood in official headquarters in London to have replied to the outflow of war proposals suggested by Secretary of State Kellogg of the United States. The note of reply is said to favor the American proposals.

Message From Lord Willingdon

(Special to the Guardian)
TORONTO, May 31. - "You may rest assured that my thoughts are with you today, and it is my earnest hope that providence will guide you in your discussions and deliberations of the next few days, and that the greatest success may attend your efforts to improve the lot of our dear fellow countrymen." (Signed) Marie Willingdon.

Campaign For The Blind

HALIFAX, N. S., May 31. - In campaign for the blind covering the Maritime Provinces, Halifax has secured over two thirds of this quota and there is every indication that the amount in this city will be considerably over-subscribed. May go to one hundred thousand. Reports from all sections indicate practically all communities will secure at least full quota, many having it over-subscribed.

Baby Killed In His Crib

(Canadian Press)
HALIFAX, N. S., May 31. - Donald, two years old son of Mr. and Mrs. George Roma, West Chezzetcook was killed in his crib Tuesday night and his mother and grandparents were injured when lightning struck the Roma home, it was learned here today.

Death Of Mrs. Frank McKenna

QUEBEC, May 31. - Mrs. Frank McKenna, daughter of Hon. Narcisse Peroudeau, Lieutenant-Governor of Quebec, died here today at five o'clock.

question in this way. "Is it the intention to give any assistance to the early vegetable and fruit growers of Western Ontario or in the Dominion at large?" The Prime Minister replied, "I am not in position to make a statement read in full, is as follows: "Government permitting U. S. products to nullify our best efforts by glutting and swamping our market. The condition did not exist last year when dumping duties were applied. We feel discouraged and situation has demoralizing effect. Cannot something be done to safeguard our interests. You know our situation and can explain it to the Government."

Dr. Edwards then rose and said that yesterday the Prime Minister in answer to a question asked by Mr. Esling, Kootenay, as to whether there were "reasonable grounds" for passing an order in council authorizing his colleagues. Had he consulted his colleagues, asked Dr. Edwards. The Hon. Mr. Mackenzie King replied that he had not consulted his colleagues, nothing had arisen to make it necessary.

In committee on Marine and Fisheries estimates there were questions from Mr. Church, Toronto, and others as to the need for greater life-saving stations on the Great Lakes. What proved to be a live topic of discussion was the cancellation of radio licenses for broadcasting by the International Bible Students Association. The criticism of the opposition was directed principally not to a defence of the Association, but to religious propaganda, but as to religious policy exhibited by the department in dealing with the matter.

MARITIME CLUB OF MONTREAL ORGANIZED

Rev. Dr. Fraser, Sir Andrew MacPhail and Dr. Cyrus MacMillan Represent Prince Edward Island on The Executive.

MONTREAL, Que., May 31. - The Maritime Provinces Club of Montreal came into being here last night. The club will be devoted to the interests of the Maritime Provinces. At a meeting here last night officers were elected, and a constitution adopted.

L. A. Forsythe, advocate, presided, over the meeting, which was attended by a committee through whose efforts the organization came into being. The constitution, which was approved, indicated that the objects of the club are to demonstrate the loyalty of its members to the provinces of their origin in the form of practical service to these provinces and to the residents therein and to one another; to promote a better understanding between the Maritime Provinces and the other constituent provinces of the Dominion of Canada, to the end that harmony and unity within the confederation shall prevail in the Dominion; to promote the social spirit among the members, to foster good fellowship, broaden human sympathies and express them in terms of social helpfulness; to encourage the study of the institutions, history, arts, literature and resources, of the Maritime Provinces of Canada and of the Dominion generally and to use all possible means to promote that study and disseminate the knowledge thereby acquired.

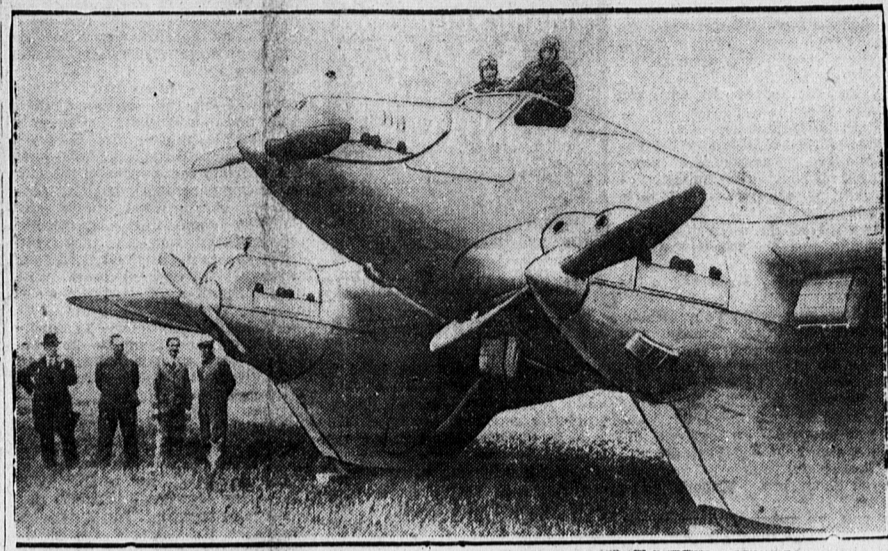

The following compose the executive Council of the Club: Honorary President, Rev. Canon A. P. Shaflord, W. Lane. Honorary Vice-President, three from each of the provinces - From New Brunswick, Sir Frederick Williams-Taylor, C. E. Neill and C. B. Foster. From Nova Scotia, Hon. George H. Murray, Col. C. B. Stairs, and Dr. W. W. Chipman. From Prince Edward Island, Rev. Dr. J. Fraser, Sir Andrew MacPhail, Dr. Cyrus MacMillan. President, L. A. Forsythe. Vice-Presidents, for New Brunswick, A. T. Weldon. For Nova Scotia, H. S. Ross, K. C. and Dr. T. Gammell. For New Brunswick, W. C. Pitfield and A. M. Irving, for Prince Edward Island, George R. McLeod and J. J. McDonald.

Treasurer, W. W. Lane. Honorary Secretary, A. Nicholson. Auditor, G. W. Spinney. Messages of encouragement were read from the following: Sir Robert Borden who remarked that it would be "undesirable to emphasize a purely provincial outlook." Sir Robert Falconer, president of the University of Toronto; Hon. W. D. Ross, Lieutenant-Governor of the province of Ontario; Colonel the Hon. J. L. Ralston, Minister of National Defence; Hon. R. B. Bennett, Premier J. B. M. Baxter of New Brunswick; C. C. Jones, Chancellor of the University of New Brunswick; Hon. P. J. Veniot, Postmaster-General; Hon. Edgar Rhodes, Premier of Nova Scotia. Hon. Frank R. Hertz, Lieutenant-Governor of Prince Edward Island; the President of the Acadia University and the President of the Dalhousie University.

Death Of Rev. Charles H. Martell

WOLFVILLE, N. S., May 31. - Rev. Charles Holmes Martell, 81, prominent in the Baptist clergy and former member of the senate of Acadia University, died suddenly while in the act of chopping kindling at his home here today. He was the sixteenth oldest living graduate of Acadia University, being a member of the class of '76. He had been living here without a charge for some years but had supplied in numerous pulpits throughout the Maritime Provinces and had taken a prominent part in home and foreign mission work. He was born in Homeville, Cape Breton, and was married to Annie C. MacDonnell of Pughwash in 1878. The couple were to have celebrated their fiftieth anniversary next September.

GIANT MONOPLANE FOR TRANS-ATLANTIC FLIGHT

The new giant monoplane L'Arc-en-Ciel, which was built by the young and which, it is expected, Maurice Drouhin will attempt to fly across the Atlantic from west to east this summer. It was given its first trial at Orly recently by the famous unique streamline design and entirely different from any other three-motored plane yet built.

ANNUAL MEETING P. E. I. PROTESTANT ORPHANAGE

Interesting Reports of Various Committees - Election Of Trustees For Coming Year.

The annual meeting of the Prince Edward Island Protestant Orphanage was held last evening in the Zion Church Hall, and was fairly well attended. Rev. G. T. Spriggs occupied the chair. After the minutes of the last annual meeting were read and adopted the following reports were then presented:

REPORT OF ADOPTION COMMITTEE
During the past year thirty-one (31) children have been admitted, and fourteen (14) adopted from the Home. One child is attending the Halifax School for the Deaf. Once more we report "No Deaths" in the Home. This is the fourth consecutive year and is a record of which we are very proud. Once again thanks are due Dr. Tidmarsh for his medical supervision and care of the children. Respectfully submitted, MRS. A. HENRY, MRS. H. HORNE, J. T. MCKENZIE. -Adoption Committee.

REPORT OF SCHOOL COMMITTEE
The school in the Orphanage is conducted under public school regulations, with all school age children enrolled. The attendance as might be expected is practically 100% - the only absentees being hospital cases. Our teacher has shown exceptional ability along lines for beginning and these show very marked improvement. Our well-equipped school room, furnished and since provided with all supplies by our loyal friends the Royal Arch Masons, is a credit to the Province. This branch of our educational

Dry Ginger Ale for "Dry" Mayor

(Halifax Star News Item - May 26th)

Two days ago at a presentation function Mayor Gaston-guy showed a preference for ginger ale over anything else. In fact His Worship would rather have ginger ale than anything else. This fact was chronicled in the public press. This morning on entering his office he found a case of fifty bottles of the liquid on his desk.

Howards, Limited, took occasion to make the presentation, and they made him a gift of fifty bottles of EVANGELINE PALE DRY. Now the Mayor is a single man, and fifty bottles is a lot of ginger ale, and what His Worship intends to do with it no one knows. It will take a considerable time to drink it. At any rate the Mayor will have sufficient of his FAVORITE BEVERAGE to treat his friends.

The above is just another independent evidence of how Evangeline Pale Dry scores in entertainments.

Heenan Is Chosen President

(Special to the Guardian)
GENEVA, May 30. - Hon. Peter Heenan, Minister of Labor in the Canadian Government has been chosen as President of the organization committee of the International Labor Conference, now in session.

Heard Nightingale 10,000 Miles Away

(Special to the Guardian)
WELLINGTON, N. Z., May 31. - A nightingale singing in Pangbourne, England, more than 10,000 miles away - was heard in New Zealand, its notes clear as life. A suburban enthusiast tuned in on the Sydney Station, 5-SW, which was broadcasting an English programme. The programme included the singing of a nightingale at Pangbourne and the operator here said he heard the nightingale perfectly.

Burned To Death As He Made Forced Landing

(Special to the Guardian)
DOUGLAS, Ariz., May 31. - Captain B. W. Baucum of the army aviation corps and commander of a squadron of three planes enroute from San Antonio to Marchfield, Calif. was burned to death this morning as he made a forced landing near here.

Italy And Turkey Sign 5-Year Treaty

(Special to the Guardian)
ROME, May 31. - Premier Mussolini and the Turkish Minister, Suid Bey, this afternoon, at the Chigi Palace, signed a five year bilateral treaty binding Italy and Turkey to neutrality, arbitration and conciliation. It is understood the document while not made public, engages both states not to enter into political combinations likely to menace one or the other of them, to neutrality in case of conflict of either with a third party, and resort to conciliatory means of settlement in the event of differences between themselves. A protocol attached provides means of functioning of an arbitral tribunal to iron out such differences.

No Word Of Missing Airship

KINGS BAY, Spitzbergen, May 31. - No word has come out of the gloom and wastes of the far north of General Noble, his companions and the missing dirigible "Italia." With the return here of the base ship Citta di Milano from a cruise off the northern part of Spitzbergen anxiety for the fate of the aeronauts has increased and hope of their rescue seems farther away. Telephone subscribers at The Hague can receive radio broadcasts by connecting with a certain number at their exchange.

LOTTA FOLKS WOULD TAKE UP THE ORGAN-IF MONKEYS WERE NY SO SCARCE

TORONTO, May 31. - Maritime tide to moderate winds, mostly cloudy, probably scattered showers. Toronto, cloudy 64-44. Montreal, fair 66-50. Quebec, cloudy 64-46. Charlottetown, fair 69-52. Halifax, cloudy 64-46. St. John, fog 58-44. Boston, clear 74-52. New York, clear 68-52. High tide this morning at 9:09 and tonight at 10:18. Sun sets this evening at 7:44 and rises tomorrow morning at 4:11. Full moon Sunday June 3rd 7:49 a. m. Summerside tide eighteen minutes later than Charlottetown.

ANTI-ITALIAN RIOTS OCCUR IN BELGRADE

Seventeen Students Were Arrested as Participants in Renewed Anti-Italian Demonstrations.

(Special to the Guardian)
BELGRADE, Jugo Slavia, May 31. - Sixty persons were reported wounded today, two fatally, in renewed Anti-Italian riots here. Other riots were reported elsewhere in the country. Seventeen students and 43 laborers in local riots. A special session of the cabinet was called to discuss the situation. The cabinet session was called after Italian representatives had called upon the Government to demand compensation for material damage to Italian citizens residing through the nation. In parliament, Foreign Minister Marinkovich defended the treaty with Italy, that precipitated the riots, and said it was open to parliament either to accept or reject it. Riots occurred last night when students assembled in Prince Michael St., and began a series of anti-Italian demonstrations.

Canadian Farmers Must Have Permits

(Special to the Guardian)
OTTAWA, May 31. - Canadian farmers are much perturbed over the passing into force on June first of a United States law prohibiting the shipping of milk and cream into the United States, except by holders of permits granted by Washington authorities. Tomorrow any farmer who has not received this permit will be unable to ship his milk. Many applications for permits are said to be held up in Washington and representations are being made at Ottawa that the Canadian legation seek a suspension of the regulations until these applications are dealt with.
