

SUFFRAGETTS TRY NEW PLAN

Will Surround House of Commons a Hundred Thousand Strong and Then Interview Premier Asquith Peaceably.

LONDON, June 16—(Special)—Convinced that their recent tactics have failed to persuade Premier Asquith to accelerate legislation in their favor, the Suffragettes project another novel demonstration next Tuesday with a view to exerting further pressure. While a deputation will seek an interview with the Prime Minister it is the intention to surround the House of Commons with a cordon of Suffragettes, which their leaders predict will number 100,000.

It will be a peaceful gathering, however, and no attempt will be made to force an entry into the House.

MOTOR BOAT ACCIDENT DROWNS TWO PERSONS

Light Motor Boat Skiff Was Cut Clean in Two By Fast Motor Boat Running at Railway Speed—Two Saved and Two Were Drowned.

WATERTOWN, June 26—(Special)—A special from Chayton, N. Y. says Edward Wells aged 18 and Miss Lulu Carmen of Albany were drowned in the St. Lawrence last night in company with William Wells, brother of one of the victims and Miss Maggie McGraw.

The young people had just left the dock in a skiff equipped with a motor. They had scarcely gotten under way when they were run down by a fast motor boat owned by George Miller of Clayton and occupied by himself and George Baynton, going at a 25 miles clip.

It struck the light skiff squarely in the centre, cutting it in two as clean as with a cleaver and hurling the occupants into the water. William Wells succeeded in keeping himself and Miss McGraw afloat until rescued, but Edward and Miss Carmen went down before their rescue was effected.

BRAKEMAN HERO GIVES HIS LIFE

And Saves Express Passengers From a Horrible Death, Himself Crushed And Mangled Beneath the Wheels.

PARIS, Ill., June 26—(Special)—Mangled beneath the wheels of the Knickerbocker special Lawrence Friend, brakeman, gave his life in preventing the fast passenger train from crashing into a row of freight cars, head-on and the loss of scores of lives that might have followed the collision.

Friend was working on the freight train which was blocking the one when the passenger train came along at forty miles an hour. The brakeman ran to the switch and turned it just in time to throw the passenger train on the side track, but not quickly enough to avoid being struck down and crushed by the Knickerbocker's engine.

GHOST NEEDED EXPLANATION

Mr. Corried shook his head and smiled. "There was a ghost," he said. "a ghost in Bieltz, my native Bieltz. I will tell you of him. The ghost haunted the inn. Nobody minded him, for in Silesia, as was well known, but an Englishman stopped at the inn one night in the season, and to him the ghost had not been explained. "So the next morning the Englishman came down to breakfast pale, bloodshot and irritable. "Landlord," he said "tell me, is not my room haunted?" "Why, yes," said the landlord. "Didn't you know?" "Of course I did not know! What do you mean, sir, by putting me in a haunted room," the Englishman stormed. "But the old fellow is quite harmless," said the landlord, reassuringly. "The old fellow?" "Yes," said the landlord. "The ghost, is the old fellow who built up the business. He built it up, you know, and died, and now he can't rest easy because it goes on as well as ever it did without him."

NEW WONDERLAND

Saturday Night's Program a Grand One. Miss McKinnon Will Sing The Very Popular Song "Gratitude".

The announcement of the production of the Scarlet Letter at New Wonderland last night brought a deluge of letters and every detail of the film—and every detail of a famous story was told clearly. Tonight is the final showing of this picture, and every one should go.

The regular program of pictures which were given last evening, will be supplemented by the film "Going to Switzerland" as an extra. This picture has been the occasion of so many requests to have it shown again, that the management have decided to put it on this evening. Miss McKinnon will sing "We have no one to care for us now" and as an additional attraction the popular song "Gratitude" under the spot light. Every one should go to New Wonderland tonight, for the program is excellent—the pictures steady and clear, and the music an entertainment in itself.

BACHELORS MUST CHOOSE COMRADES

The Annual Marriage Mart at the Ecaussines--Spinsters of the Place Welcome Bachelors, Escort Them About Town, and Give Them a Dinner.

BRUSSELS, June 25—The marriageable spinsters of the village of Ecaussines have completed their arrangements for the annual bachelor party. The bachelor guests will be received at the gates of the town by a reception committee composed of the prettiest of the marriageable spinsters. The new president of the association (the late president having married two months ago) will deliver an address of welcome, which will be responded to by a bachelor.

Then the bachelors will be escorted around the town by the reception committee. After the promenade, during which the visitors will be given a fair opportunity to inspect the charms of the spinsters, a concert will be given in the public park. The band will play nothing but nuptial marches and love songs. At sunset a dinner will be served in the town hall, the bachelors and spinsters occupying alternate seats. Any bachelor who wishes to sit beside a particular spinster may do so. A ball will follow, and it is expected that the usual number of engagements will be announced before the evening is over.

OPEN-AIR PULPIT, FIRST OF ITS KIND

NEW YORK, June 25.—New York's first permanent open-air pulpit was dedicated last night in front of the Second Avenue Baptist Church, at No. 166 Second Avenue. It was placed on the steps of the church and sermons will be delivered from it every Sunday night during the summer. It was at the suggestion of the Rev. Dr. R. F. Pierce, pastor of the church, that the pulpit was installed. Dr. Pierce conceived the idea from his recent travels abroad, where open-air pulpits are much in use. The dedications last night was attended by several of the leading Baptist ministers of the city, all of whom expressed the hope that the idea would be taken up by other churches.

Evangelist Mitchell preached a powerful sermon on Excesses in the Central Christian Church last night to a good audience. The meetings continue to grow in interest and several have accepted the invitation of the Gospel. Two confessions last night and others are expected during the coming week. Prof. Billy sang in his usual good form "Flee as a bird." The meetings on Sunday will all have special music.

PAP-AS-YOU-ENTER CHURCH LATEST

WORCESTER, Mass., June 25—Announcement was made to the parishioners of St. Casimir's Church by the new parish priest that Bishop Beaver had refused their application to have an auditing committee, but instead had ordered that cash registers be put in the church. They will be placed at the entrance before next Sunday and then the church-goers must give up their dime at the door, paying as they enter and can see their money registered. In this way the bishop expects to do away with the tangles, financial and otherwise, in which the new priest found the affairs of the church on his arrival here a week ago.

CHILDREN STRUCK BY LIGHTNING

BARRIE, Ont., June 25—During the heavy electric storm which passed over this locality yesterday morning, the house of Michael Hayes, of Oro, was struck by lightning. Three of Hayes' children, a son aged nine, and two little girls, were playing in the dining room. The nine-year-old boy received a severe shock and died in the greatest agony at six o'clock in the evening. The older girl was also badly injured, and is not expected to live. The third child had the calf of her leg burned, but is not otherwise hurt.

REVOLT AGAINST THE PORTUGUESE

LISBON, June 25.—News has been received here of a serious state of affairs in Portuguese Guinea. The natives everywhere are reported to be in revolt. On the Island of Ilor several interior posts have been destroyed, and Europeans have been killed or carried off into captivity. The Portuguese troops have taken refuge at Bissau, where they are surrounded. A French warship has arrived for the protection of French subjects. The newspapers here attribute the revolt to the cruelties practiced by the troops while collecting the "hut" tax. It is their custom frequently to levy heavy sums, and if payment is refused to flog the natives, burn the villages, and sometimes capture the wives and children of rich chiefs and hold them for ransom.

BOTTLE FOUND AFTER 14 YEARS

NEW YORK, June 25.—Washed ashore after being in the Pacific for fourteen years, a bottle containing the last words of a shipwrecked crew has been picked up in Yaquina Bay, Oregon, and is now on its way to the United States hydrographic office in Washington. The message came from the American steamer Montserrat, which disappeared in a great storm in December, 1894. News of finding. News of the finding of the message was received here today by Superintendent C. Lynn Bundy, of the Maritime exchange, in a special despatch from Portland, Ore.

What seemed first to be a very serious accident occurred yesterday afternoon on the corner of Prince and Grafton streets. A young boy was coming around the corner on a bicycle and came in contact with a team which was also rounding the corner at a rapid rate. The teamster seeing the boy hastily drew in his horse to avoid the collision but not quickly enough for the boy fell and the express wagon passed over his body. Quite a number witnessed the accident and thought at first the boy was injured but, out of a bad fright and shaking up he quite escaped severe injuries.

FEAR LOSS OF LIFE IS HEAVY

LONDON, June 25—Special despatches from Corruia indicate that the sinking of the steamer Larche may prove a very serious disaster. The reports received here are very conflicting, but apparently there were nearly 100 passengers aboard the steamship in addition to a large crew. There was a terrible panic and the rough seas made the launching of the boats a hard task. Some of them were smashed against the side of the sinking ship. The shipowner's boats in the vicinity went to the rescue and succeeded in landing 17 at Murao and 15 at other places near by. As far as is known no others were rescued. A special despatch to a news agency here which is very brief says it is reported that the crew now numbering 53, and 54 of the passengers are safe.
