TELEPHONE FOR MT. PLEASANT.—A meeting was recently held in Mt. Pleasant school-house to discuss ways and means for installing a telephone system in the three adjoining districts of Mt. Pleasant, Enmore, and Victoria West. For some time past much need has been felt for this mode of communication, hence the project met with unanimous approval and support. As pointed out by the different members, a telephone system invariably proves a boon to any community. It affords an easy and ready means of communication between neighbors and friends, thus in proving social conditions. Then again a farmer wishing to ascertain the latest market prices of farm products, or to secure the services of a doctor, he but to spend a few moments phoning when but for that facility he would be obliged to travel several miles possibly over almost impassible roads. For these and various other reasons telephone system was considered an indispensable means for promoting the growth and prosperity of this locality. With the advent of spring this great modern convenience will readily be installed and put in operation. In view of this a company was formed to carry out the scheme. The following officers were elected: President—Mr. Percy Adams, Mt. Pleasant Sec. and Treas.—Mr. Theo. Enmore; Auditor.—Mr. Alfred Fros; Enmore; Directors.—Mr. Almer Moore, Victoria West, and Mr. Wallace Noy, Enmore.

MR. JOHN SINNOTT. There passed peacefully away at his home in Morell, on Feb. 23rd, Mr. John Sinnott, the much esteemed father of Archibald Sinnott, of Wainwright.

Deceased, who had reached the ripe old age of ninety-six, enjoyed his usual good health up to a month previous to his death. Mr. Sinnott possessed a charming personality and was highly respected by all who knew him. Besides his family of eleven children, Mr. Sinnott adopted two children who were tenderly nurtured by him and his venerable spouse.

The funeral, which took place on Wednesday, Feb. 27th, was a very imposing one. Upwards of a hundred mourners followed the remains to St. Joseph's church, where solemn requiem mass was celebrated by Archbishop Sinnott, assisted by Fathers Duffy, McLellan and Hughes. The funeral oration was preached by Bishop O'Leary, of Charlottetown, who did a high tribute to the deceased. There were a number of priests present in the sanctuary.

After the service in the church was concluded, the procession proceeded to the adjoining cemetery, where at 10 o'clock, the remains were laid to rest in a loving partner, who predeceased him four years ago. The following members of the family were present: Mrs. T. Molvorne, Portland, Me., Mrs. Mullally, of St. John's, N.S., and Miss Hannah, who cared for her father during his illness.

The reason why they are good and bad, all clearly, humanly and beautifully told in Hobart Henley's thought film of real life "PARENTAGE". A message A blending of drama—pathos—love. Every adult should—any child can see it.

Advertisement for DODD'S KIDNEY PILLS. BIG THOUGHT FILM "PARENTAGE" COMING. Will Interest Men, Women And Children. When a film registers as real, it makes people talk, and when people start talking about any one subject, that particular subject is a success, regardless of whether it is tooth-paste, crow-bars, or moving pictures. Gossip is responsible for the success or failure of most everything we have in this world. The subject chosen for this picture is as old as creation, and is without question, one of the most vital, because it affects every man, woman, and child in the Universe. It is not a proclamation, but a Message. It is the most important topic in every household, and has been, ever since man first started to be born. For centuries it has occupied its exalted place, and it will continue to remain there as long as we have the earth, the sky and the sea. At first, it might appear that "PARENTAGE" is a "preachy" production. But, it is not; on the other hand, it is one of the most dramatic entertainments shown on the screen since the motion picture camera was invented. It is a story which shows the effects of parents' lives upon their children. There is no attempt to obtain thrills or sensations. The theme is beautiful, and the story surrounding it is one that might have been taken from your household, or the household of your neighbor. It is truth, without any attempt to exaggerate, and there are moments when the audience will laugh, and others when eyes that are dry as the great Sahara will be moved to tears. It touches a responsive note in the human breast of every soul that knows the meaning of divine affection—and that is most of us. This remarkable work comes from the pen of Martin G. Chandler, and Hobart Henley. The idea originated with Henley, and in addition he directed and played the leading role in the production; thus putting himself on record as the youngest author-actor-director in the entire industry. It is a big work, and for more than two years Henley has been waiting to produce the picture which has now been completed, in fact it has been the one big ambition that has dominated him ever since the inspiration came to him. At last the opportunity came, and Henley went at it with an energy which controls any man when he realizes the big moment in his life has arrived, and he has the chance to show the world what he can really do.

Advertisement for P. E. Island Artillery Auxiliary. The Eighth Canadian Siege Battery Auxiliary have decided to enlarge their usefulness and in order to enable them to carry out this good intention they have asked the cooperation of all the women interested in artillery men overseas. As a result of this a new organization has been formed to be known as the Prince Edward Island Artillery Auxiliary. This new organization has been incorporated under Letters Patent and registered at Ottawa under the New War Charities Act, for the purpose of providing comforts for all island artillery men overseas. The response to the first request issued by the new organization was most generous as is shown by the fact that on Tuesday last they packed and mailed 72 seven pound parcels to the boys. In addition to these, parcels were sent to all island artillery men in hospitals whose addresses they were able to obtain, and also to those who are attached to units other than the original island batteries. The packing and preparation for mailing was done at the Y.M.C.A. rooms on Tuesday afternoon when over fifty of the lady members assisted in the work. It is expected that these parcels, each of which contained Easter Greetings from the Auxiliary, will reach their destination in time for Easter.
