DESTRUCTIVE FIRE—Fire of unknown origin destroyed the large barn with the entire year's crop of Mr. Sphas Gregg at the illustration station at West Devon on Saturday morning. The fire was discovered about 10:30 a.m. and was well under way. The wind was blowing directly on the house and several men mounted the roof and kept a steady stream of water on the house. All the furniture was moved to a safe distance. Later on the wind shifted to the opposite direction and the men could relax a little. The stock was got out of the burning building but some machinery was burned, also a wagon house. The loss is estimated at nearly \$3,000 with a little insurance. Mr. Gregg is very grateful to the neighbors who worked so hard and saved the house from destruction. Much sympathy is expressed for Mr. Gregg in his heavy loss. S.

FROM FLORIDA—Interesting extracts from a letter received by F. Baker, city, from his sister wintering in Florida. "This is a delightful climate. I am so thankful to be here through the cold. St. Petersburg is certainly a nice city, so clean, the streets look polished. The sun shines most all the time. Such nice trees and shrubbery. The palms and palmetto are in bloom. Such beautiful flowers and blossoms! There is plenty of fruit—oranges and grapefruit in abundance. We see a large flock of robins that arrived this morning. They are twittering and talking as if excited over their arrival. The ducks are coming in large flocks. They soar around and come down on lake or pond, keeping close together. They often cover a space of two or three acres. They are very tame when they come, you can row out and pack them in your boat—they being too tired to offer resistance! The colored people of the South seem a happy and contented race. Some have comfortable homes and drive around in cars. They are most all in a part of the city by themselves and have their own churches, schools and societies. Many are talented musicians. They are well treated here—not one missed a fine Christmas dinner. They ride in the cars but in seats provided for them in the rear of the car. It seems, as you look at their pleasant, happy faces, as if good had come to them out of seeming evil, for they are so much in advance of their race in Africa. We drove out to the Gulf of Mexico. You can pick up such lovely shells of all kinds and shapes. There is good fishing over there,

many large trout, blue fish, tarpon, sea bass, Spanish mackerel and many others. Some one caught a baby whale last week! How's that for fishing? There are no old here—boys and girls of 80 are considered young and you would believe it if you saw them 'trip the light fantastic' too."

PASSING OF MRS. JAMES HARRIS—Friends will regret to learn of the death at her home on Saturday night of Mrs. Sarah Jane Harris, wife of Mr. James Harris of Summerside at 76 years of age. Mrs. Harris had not been well for some time and her death was unexpected. She was formerly Miss Sarah Jane Linkletter, daughter of John and Catherine Linkletter of Linkletter Road. She was most highly esteemed for her many good qualities and kindly hospitality. She was a life long member of the Presbyterian Church and in her younger days very active in the work of the church, and especially in connection with the Missionary Society. Eloquent and appropriate sermons were preached and the services very largely attended. S.

FUNERAL OF GEORGE MONKIE—The funeral of George Monkley was held on Sunday afternoon from the home of Mr. and Mrs. Robert Yeo of Fort Hill to St. James Anglican Church. The impressive burial service of the Church of England was conducted by Rev. Mr. Coleman, rector of the parish. Many old friends attended the service to pay tribute to an old and honored member of St. James Church. A short service was held at the home of Mr. and Mrs. A. D. Inman at Hampton, where the deceased was living at the time of his death, before the remains were conveyed to his old home at Fort Hill. Interment took place in the family plot in the Anglican Cemetery at Fort Hill, the remains being laid beside those of his wife, who predeceased him a few years ago. The pall bearers were his five sons-in-law and one grandson, namely, Messrs. Robert Yeo, A. D. Inman, Russell Birch, Birchfield Yeo, Boyd McQuarrie and Ralph Monkley. S.

WEDDING BELLS—A very pretty marriage was solemnized in St. Michael's Church, Boston, on December 21st, when Catherine, daughter of the late Mr. and Mrs. James McPhee, was united in the Holy Bonds of Matrimony to Mr. Reginald McDonald, of Souris, son of the late Mr. and Mrs. Alex. S. McDonald, of Little Pond, P. E. I. The bride was attended by Miss Nellie McDonald, of Boston, and the groom by Mr. Neil McCormack, of Little Pond, P. E. I., who came to Boston especially for the occasion. The bride was becomingly attired in a man's brown suit with accessories to match. The bridesmaid was similarly attired. The ceremony was performed by the Rev. Father O'Brien, cousin of the groom. A wedding breakfast was served at the home of the bride's aunt, Mrs. Francis Keenan. Thirty guests were in attendance. The happy couple left on a trip through the New England States. Many and costly presents were received. The bride was the recipient of many useful articles at several social functions held in her honor. We understand that Mr. and Mrs. McDonald intend residing in Souris, P. E. I., where Mr. McDonald has purchased a very nice property. The Guardian joins with their many friends in wishing Mr. and Mrs. McDonald many years of wedded bliss.

A vote of \$87.50 also was made to the Rev. Dr. Hallam, Bishop of Saskatchewan, for white settlers work in Western Canada. The Superintendent's report showed that the Sunday School had good success throughout the year, especially in regards the attendance of children at both Church and Sunday School. He was the son of Patrick O'Holleran of Campbellton, Lot 4. The remains were taken on the noon train on Saturday to his home for burial. S.

WEDNESDAY—VICTORIA HARBOR FREE OF ICE—There have been some exceptionally high tides during Saturday and Sunday on the south shore of the Island. By noon on Sunday, Victoria harbor was free from ice and an open stretch of water could be seen for miles. This was due to the very high tides. Bedeque harbor has also been visited by high tides, making open water round the shores. Mr. and Mrs. George Frizzell of Summerside who skated across to Bedeque on Sunday on their return trip had to be taken from the shore to the firm ice on a hand sledge as there was so much water near the bank. —S.

AT GYRO—While the attendance at Gyro Monday evening was small, the best of the series of programs was presented by committee number four, under chairman Doc. Miller. After the usual business was finished the program numbers were much enjoyed. The first number was a song by Walter Hyndman, a duet by Horrie Brown and Walter Hyndman, an excellent paper on salesmanship by Lloyd Proud. Then an art lecture by Chas. Williams with Dr. Creelman in the cinema. The lecture covered literature, music, sculpture, painting. Each of these subjects cleverly brought in different members of the club in the illustrations to the laughter of all.

HOUSE BURNED—The residence of Mr. Harold Francis, of Shamrock, on the County Line Road was burned to the ground on Saturday morning, the occupants barely escaping with their lives. Mrs. Francis had put on the fire in the kitchen and went out to the barn to milk the cows. Her husband arose shortly after and found the kitchen in flames. He scarcely had time to arouse his mother, Mrs. Edna Francis, who was sleeping in a room on the other side of the house, before the whole building was on fire. They had no time to get their clothes or any of the furniture. Neighbors came to their assistance and gave them clothing and temporary shelter. Much sympathy is extended to them in their loss. It is not known just how the fire started.—S.

PASSED AWAY ON SUNDAY—There passed away on Sunday evening on the Pearson homestead at Seven Mile Bay, John Hagan, in his 73rd year after a brief illness. The deceased was a most highly respected resident of North Carleton for many years. He was formerly of Kelly's Cross. Some years ago he met with an accident in the woods, which left him lame, but he continued to farm up to the time of his last illness. He was a member of the Roman Catholic Church at Seven Mile Bay and received the consolation of his religion before he died. There are left to mourn his passing, two daughters, Mrs. Jeremiah Noonan and Mrs. Frank Kelly, of Albany and four sons, Basil, Herman and Augustus, of Halifax, N.S., and Emmitt, of Albany; and one brother, Frank, of Kelly's Cross, to all of whom much sympathy is extended. The funeral took place on Tuesday morning from Seven Mile Bay Church, Rev. W. E. Monaghan officiating. Interment was in the cemetery adjoining the church.—S.

LIBRARY REPORT—The annual meeting of the Legislative and Public Library and the Robert Harris Memorial Gallery was held on Monday afternoon, Mr. Justice Haszard, the chairman of the Board, presiding. The report of the Librarian, Mr. A. D. Fraser, the report of Mr. J. E. Harris, trustee representing the interest of the Harris family, and the financial report showing the operating expenses which are divided equally between the Provincial and Civic governments were all submitted, discussed and approved. Suggestions were considered along the line of what might be done in the way of increasing the interest of the public in the library so that greater provision might be made for an increase in the supply of books which is absolutely necessary if the great increase in the circulation of the books is to be maintained. Practically all of the income of the Dodd bequest is being used for the purchase of new books and quite a number of citizens have during the year presented one or more volumes. But with a circulation of more than forty-five thousand books from the library during a year much wear and tear results and many books become worn out. So that the immediate need is for a greater number of donations from interested citizens, additional endowments, the income of which will supply a continuous supply of new volumes, or larger grants from the governments.

The fire was not discovered until the building was practically in ruins as the farm was unoccupied. There was some machinery and wagons in the barns, but no livestock.—S.
