"Nerves in Bad State Could Not Sleep" Mrs. H. N. Tardell, Harrowsmith, Ont., writes: "My nerves were in a very bad state, and for nearly six months I did not know what it was to have a good night's rest. I could not eat, and never felt well. I heard about Dr. Chase's Nerve Food, and thought I would try it. After taking it for a few days I began to feel better, and soon was able to sleep well at night. I have also given the Nerve Food to my little girl, with good results." Dr. Chase's Nerve Food 60 cts. a box of 60 pills. Ed. B. Bates & Co., Ltd., Toronto

had twelve Lieutenant-Governors in this Province. Four of these were Catholics; only one of them, Governor MacIntyre was appointed by the Liberals. Since 1873 we have had nine judges of the Supreme Court appointed by the Federal Government. Two of these were Catholics, both appointed by the Conservatives; none have been appointed by the Liberals. Therefore since Confederation in 1873, 12 Lieutenant-Governors, 14 Senators, and 9 Justices of the Supreme Court, or 35 in all have been appointed to the highest offices in the Federal Service. Out of the 35, the Liberal party has one solitary Catholic appointment to its credit. Will this be taken into consideration in the appointment of a successor to the late Hon. Senator Yeoo? 'THE GALLOPING FISH' AT THE PRINCE EDWARD

New Ince Comedy "Fast Steppers" and the Favorite Monkey Comedy Complete a Great Program

Leave it to Thomas H. Ince to discover something new for the "fan" audiences. This time it is a trained seal which plays the title role in "The Galloping Fish." Ince's previous comedy special, which opened at the Prince Edward Theatre yesterday.

Every time we remember that fool seal galloping across a crowded street after a fish wagon; tearing on a lopsided lorry through the lobby of a smart hotel pursued by a timid, panting little man in an agony of embarrassment; romping through a flood with that same sad little chap tangled up in a rope that was attached to the seal, we must roar with laughter.

Literally there are seven reels of fast and furious fun in this new laugh wallop. Besides the furry "fish" who carries the title, there is a stellar cast of comedians warranted to draw tears of laughter from a turnip. Louise Fazenda, Syd Chaplin, Ford Sterling, Chester Conklin—they need no introduction beyond the fact that they have put over the funniest characterizations of their careers, individually and collectively, in this new Ince triumph.

Miss Fazenda is not only funny but amazingly beautiful as the "Diving Venus," who, with her pet seal, gets Syd Chaplin, playing the role of a timid little newlywed, into twenty-four hours of deep water, including a spectacular flood that is as thrilling as it is humorous. Ford Sterling gets a laugh a minute as the manager-fiancee of the bathing beauty, who discovers, as did several mythological gentlemen before him, that managing Venus is a handful.

Del Andrews, who put over the exciting steepchase scenes of "The Hotentot," the Ince comedy hit of the past season, directed. The picture is a First National release. "The Fast Steppers" this week is better than ever, if that is possible, also "Stolen Sweeties" a side-splitting monkey comedy that brings tears of merriment to the eyes. The above program will be repeated today.

MINARD'S "KING OF PAIN" OINTMENT

MAILS LATE—The Car-ferry made an extra special trip between her regular runs yesterday. As a result she did not leave Tormentine with the mails until 6.00 p.m., reaching Borden at 8.45 p.m. and the express did not arrive in Charlottetown until 11.15 p.m.

THE RELIGION OF RESCUE will be the subject of the evening sermon at the Baptist Church tomorrow night. The sermon will be illustrated by incidents from the old Bible's "Twice Born Men." Old time Gospel hymns of rescue will be sung. Some of them are "Rescue the Perishing," "Jesus is Calling," "Throw Out the Life Line," "Are You Coming Home Tonight."

EMERALD WHIST—On Monday 9th, a large number enjoyed a very pleasant evening at the weekly Whist in Emerald Hall. The winners of the prizes were, Ladies' prize, Miss Florence Power and the gentlemen's was equally merited by Messrs. John D. McIvar and Ernest Clow, drawn by John D. McIvar. For the preceding week the winners were Mrs. Fidele Perry and Mr. Carl Greenan. As there are only two more nights before the Lenten season begins no doubt large numbers will be in attendance as keen interest is evidenced in the Whist tournament. A number of the players having a very close score, they will undoubtedly make it interesting for their competitors for the grand prize which will be given on the last night.

CURLERS RETURN HOME.—Messrs. L. B. McNeil, Gordon Hughes, Jack Fraser, G. Elliott, Full, the Island Curling team returned from Halifax Thursday night after having made a very fine showing. Each and every member of the team is feeling fine and reports having been royally entertained by the different Curling Clubs with whom they played. At Halifax the Rotary Club held a special Curlers' Day for their benefit and gave them a wonderful time. Charlottetown has every reason to be proud of their success. The team looks forward with pleasure to another trip such as the one just completed.

The brown satin hat is very much in evidence since it harmonizes so well with so many different kinds of fur. It is always and usually trimmed on top.

Hats are being worn very down over the head, but it is for the woman with the short, not to emphasize this feature, strongly by pulling her hat too low.

Instead of keeping small hats of small hats for bobbed hair, some New York stores now have that they really have hats that will fit unbobbed heads. In of the bobbed vague, transformations are now more popular. Cabins made its first hit.

RHEUMATISM AND LUMBAGO ARE BANISHED BY Dr. Williams' Pink Pills They Give New Vitality—and more. Some diseases give immunity from another attack, but rheumatism and lumbago (which is really muscular rheumatism) work just the other way. Every attack invites another. There is scarcely any disease which physicians find more difficult to treat successfully than rheumatism. Long study, however, has shown that the seat of the disease is in the blood. By maintaining the quality of the blood, you are doing the best possible thing to prevent and combat rheumatism. That is why Dr. Williams' Pink Pills has proved successful in thousands of cases of rheumatism and lumbago. These pills enrich the blood and enable it to throw off the poisons of the disease. And so long as the blood is kept pure and rich, there need be no fear of a return of the trouble. Mrs. Annie Wright, Wobchester, Alta., says:—"I was a sufferer from rheumatism for six years and most of that time in my life was one of misery. I tried several doctors but never got more than temporary relief. The trouble seemed to affect my whole system. Finally I was advised to try Dr. Williams' Pink Pills and through these I found complete relief. I can strongly recommend Dr. Williams' Pink Pills to anyone suffering from this trouble."
