Prof. Smith Principal of the Provincial school of Agriculture, N. S., Percy J. Shaw, B. A. Instructor in the MacDonald Rural Schools, Schools of Nova Scotia, George D. Fuller, M. A. Instructor in the MacDonald Rural Schools, Quebec and Theodore H. Macdonald Instructor for P.E.I. and came to the Island by the Princess last night to be present at the opening of the Tryn Consolidated School on Monday Aug. 15th. They go to Kensington this morning to see the school garden and then to Malpeque to visit the Biological Marine Station. Monday they will visit the school garden of Bedouque and Searletown and be present at Tryn in the afternoon. Twenty gallant soldier lads from the Island arrived on the Point du Chevre train yesterday afternoon. They formed up and proudly marched through the train station conscious of the admiring glances turned their way. "If it were the officer in command called out to him as he saw the baggage room door and held it as a means of exit from the station. Through the baggage vans they marched only to be brought up by the low parapet and iron frame through which the baggage is delivered to and from coaches. This was a pincer. How could they as British soldiers flinch with the traditions of the past, scramble for this obstruction in a most undignified and unheroic manner. For a moment there was hesitation. "Over you go," cried the officer and over they went.—S. John Spar, Aug 12th.

A well filled hall greeted the Rev. Dr. Moore in his appearance last evening. The Rev. gentleman is thoroughly conversant with his subject and equally at home in his presentation. His voice is very pleasant, his remarks and delivery colloquial rather than hortatory. Unflagging in energy was inevitable. The lecture will readily many false assumptions that have heretofore obtained and will re those disposed or not disposed to tubercular s. To the first admirable warnings were given, to the second much hope was extended. His Worship Mayor Kelly filled the chair and in a few complimentary remarks introduced Mrs. Boyne on a vocal list of New York who delighted the audience with two solos. Frank Stanley closed the program with one of his stirring British songs. Mr. Bell acted as a sympathetic accompanist and played the National Anthem. The vote of thanks was moved by Dr. T. Yorland seconded by Dr. McNeill.

THE LIVER TO BLAME.
 So long as the liver is active in filtering the bile from the blood there is no biliousness and no constipation, because the bile is passed from the liver into the intestines where it acts as a cathartic in keeping the bowels active. Because of their direct action on the liver as well as the bowels, Dr. Cass's Kidney-Liver Pills thoroughly cure constipation, the real cause of nine-tenths of the common ills of life.
