PREMIER SIR LOMER GOULIN HAS TENDERED RESIGNATION

He is Succeeded by Hon. L. A. Tachereau For Many Years a Member of Goulin Cabinet

QUEBEC, July 8.—Sir Lomer Goulin, for fifteen years Premier of Quebec, this afternoon tendered his resignation to the Lieutenant-Governor Sir Charles Fitzpatrick. His successor will be the Hon. L. A. Tachereau, for many years a member of Sir Lomer Goulin's cabinet. He will be sworn in tomorrow morning. The retirement from Provincial politics of Sir Lomer Goulin at a time when the situation in the Federal field is so chaotic, causes some speculation, but it is out of the question for any one in this province to believe that Sir Lomer is leaving Quebec to enter any sort of coalition cabinet that may be formed at Ottawa with Hon. Arthur Meighen at its head.

Sir Lomer's Statement. Sir Lomer Goulin's statement follows: "In 1905, after having been called upon to form a government, I drew up a programme which, since that time, has appeared to carry weight and which affected every branch of the administration. "During fifteen years, I have had the signal honor of enjoying the most complete confidence of our population and, with the co-operation of my colleagues in the cabinet, as also that of my friends in the legislative council and assembly, I have applied myself conscientiously to carrying out that programme. "To this task I have given the best of my energy and of my devotion, and I have, today, the satisfaction of having attained the goal that I set before myself. "I feel that I should now confide to other hands the work of peace, concord and prosperity which the Liberal party has striven to accomplish in this province since 1905. My successors, I am convinced, will pursue this work with energy and success. "Thanks to the harmony that reigns among all the groups of our population, and to their intelligent and effective collaboration our province is developing rapidly, and already occupies a very enviable position in the Dominion. I of an unalterable faith in the brilliant future that awaits it. "The ambition of my life has been to merit the confidence of my fellow citizens and, in taking leave of them as prime minister, I am gratified to think that I have been worthy of their confidence. I offer to them my profound gratitude for having permitted me the opportunity of working so long for the welfare of our province and, at the same time, I thank my zealous and devoted collaborators very sincerely."

Press Comment On New Leader

TORONTO, July 8.—The Globe today says: "The Premier designate is a Conservative who acknowledges the old time Tories who have been calling for a return to pre-war politics and for the reorganization of the party under a hustling leader will follow Mr. Meighen gladly. He is not only true blue politically, but he is a first rate fighting man." The Mail and Empire says: "With all the questions that are now before the country, Mr. Meighen is familiar. There is no closer student of our affairs than he has been. He will prove to be an acceptable leader, and we hope the country will have the good fortune to have him long at the head of its affairs." The World says: "Hon Arthur Meighen may be trusted to organize his followers, to boldly announce his policy, and prepare to carry on an aggressive campaign. "Although a Western man, he is an outspoken upholder of the National Policy and upon every issue that may rise he can be trusted to declare himself with frankness. He will enthrone many of his followers, who began to fear that the Government was committed to a policy of drift. "He takes up the burden of party leadership and government administration at a difficult time, but the House has the reputation for the House of surmounting difficulties and of turning apparent disaster into victory."

Norris Government Will Endeavor To Carry On

WINNIPEG, July 8.—Definite decision to carry on the administration has been reached by the Norris Government, according to information supplied today from an official source. The government, according to the Free Press informant, has decided that there is no other alternative, even "if they believed the vote showed a lack of confidence by the public. The government, however, has decided that the public to a large extent is behind their return to power and that a sufficient support will be accorded them in the next legislature."

GERMANS AGAIN AGREE TO ALLIED ULTIMATUM

As Usual the Delegation Protested Against the Condition that the Allies Would Occupy German Territory if Terms are not Fulfilled by October First

(Dom. Press Special.) SPA, BELGIUM, July 8.—The joint Allied-German conference on the terms of the peace treaty reached another critical point today. The Germans have, until noon tomorrow to say whether they will accept the Foch-Wilson plan for disarmament. The alternative is contained in the specific treaty that the Allies will occupy the Ruhr or other territory if Germany cannot or does not accept. The German cabinet of which seven of the nine members are here, held a meeting which continued from 5.15 o'clock this afternoon until 8. No decision was reached and the Council adjourned until 9 tomorrow morning. The prevailing view among the Germans was that the Allies had carried their demands, particularly the menace of occupying further German territory, much beyond any provision of the Versailles treaty, and also that the Allies are taking up an aggressive position not contemplated by any clause of the treaty. The final decision of the Allies sets forth first, Germany must immediately disarm certain of its forces, including the security of police; second, publish a proclamation asking for the immediate surrender of all weapons and firearms in the hands of the

civilian population; third, abolish immediately compulsory service; fourth, surrender to the Allies all arms guns and cannon which it possesses above the limit fixed by the treaty of Versailles. The Allied decision concerning disarmament reads: If on October 1 the German army is not reduced to 150,000 men the Allies will proceed to occupy German territory in the Ruhr or any other part of German territory and will not evacuate it until all the conditions of the present agreement has been fulfilled. SPA, July 9.—The German delegation today agreed to meet the terms of the Allied ultimatum demanding disarmament immediately. The Germans however when signing the ultimatum protested against the proposition, that Allied forces occupy German territory in the Ruhr River, unless the German army is reduced to 150,000 officers and men by October 1, claiming the demand a violation of the Versailles treaty. The Germans agreed first to four terms of the Allied ultimatum, 1, disarmament of German forces, including as security that the police must resign immediately; 2, Germany must publish a proclamation ordering immediate surrender of all arms held by German civilians; 3, All arms, ammunition, guns and cannon in excess of the treaty terms must be handed over to the Allies without delay.

Nonsensical Story About Pres. Wilson

LONDON, July 8.—The rumor that President Wilson has received a letter from all the members of the League of Nations urging him to accept the Presidency is entirely without foundation and even nonsensical in view of the fact that it is impossible to appoint him permanent president of the League under the terms of the covenant. This was the answer tonight of a prominent official of the League of Nations to an inquiry as to certain rumors cabled from America. A story, said my informant, probably arose from the fact that correspondence actually had been going on between League members and President Wilson, requesting him to convene the first meeting of the Assembly of the League at Brussels next November. President Wilson replied that this was agreeable to him in asking Mr. Wilson to convene the meeting at Brussels the members desired to pay their personal compliment to the man mainly responsible for the birth of the League and is its most devoted apostle.
