Governor General
Arrives Today

(Special to The Guardian.)
OTTAWA, May 10.—His Excellency the Duke of Devonshire, Governor General will arrive in Ottawa tomorrow morning at seven o'clock.

Sir Robert Borden
Arrives Wednesday

(Special to The Guardian.)

OTTAWA, May 10.—Sir Robert Borden will arrive in Ottawa on Wednesday morning to take up the duties which for his health's sake he was obliged to lay down temporarily in December last. Press dispatches had it that the Prime Minister would be home again today and led many people to inquire of local newspapers tonight whether or not he had returned. It was understood, however, by Sir Robert's intimate friends here that he would spend some days in New York on his way northward from Asheville, North Carolina. He has reached New York and will, it is announced, be in Ottawa on Wednesday morning.

BACK FROM NOVA SCOTIA.—Mr. E. E. Parkman has just returned from a trip to Nova Scotia. Work has just been completed on a three-flat building in Halifax of which Mr. Parkman had the contract, and work is about to begin on his contract for the new Presbyterian Church in Sydney. Mr. Parkman reports business booming in Sydney and it is expected that about 2,000 people will go in there this summer on account of the Steel merger. Business appears to be very active throughout Nova Scotia.

A BUSY WEEK.—Adjutant H. A. Hurd of the Salvation Army leaves this morning for Summerside, where he will meet a number of the leading citizens at luncheon at the Queen Hotel. Wednesday morning he leaves for Parrishoto, N. S., where he will meet another batch of twenty-five men Wednesday evening. At noon Thursday he will meet another batch at Springhill, and conduct a mass meeting at 8 p. m. Friday evening at Pugwash, mass meeting; Saturday at 1 p. m. Joggins Mines; 10 p. m. Saturday arrive at Moncton, where he will conduct service in the Baptist Church Sunday morning. In the afternoon at Salisbury, and at 8 p. m. will address a mass meeting in the theatre at Moncton. He expects to return to the Island Tuesday morning.

THE LOBSTER SITUATION.—Reports from the various sections where lobster fishing is being carried on are coming in. The catch is reported very promising in West Prince County and at East Point. From Rustico to Neufrage the catch so far is rather slim. From East Point to Murray Harbor the catches are fair. On the South Shore the fishermen are just starting in. The supply of bait has been quite sufficient in all sections but the South side. The Inspector inspected several canneries in King's County recently and is sorry to report that his instructions regarding the method of packing have not been observed. Some of the packers packing very light. The result is that these lobsters are being held pending instructions from headquarters as it is impossible for light weight loads to be shipped for export this year. The instructions sent out by the Inspector was to remind packers of the necessity to take every precaution that the weight of lobster meat for the different size cans after processing must contain the following NET weights:—1/4 lb. 3 ounces; 1/2 lb. 6 ounces; 3/4 lb. 9 ounces; 1 lb. 12 ounces. It was further pointed out that to make sure that the cans will weigh out the weights mentioned above it is necessary to weigh in the cans from the packing tables the following weights of dry lobster meat:—1/4 lb cans 3 1/2 ozs; 1/2 lb cans 7 ozs; 3/4 lb cans 10 1/2 ozs; 1 lb cans 14 ozs. Meat must be packed and weights adjusted before putting the pickle in the cans. The above regulation must be obeyed, otherwise the canning license may be cancelled on the first visit of the overseer, who is authorized to test the net weights of canned lobsters.

Mr. A. E. McLean on Taxation Bill

(Continued from Page 1E)

\$10,000 to even be able to pay a small dividend, still they come in the class where they will have to pay 5 or 6 per cent, whereas a man with one or two pair with \$1,000 profit and who, will have much more money himself will only have to pay from 1 to 1 1/2 per cent. Then on top of that we have the Dominion Government getting after the business for 10 per cent, it looks to me that it will be taxed out of existence.

Now this is an industry that a great many people of the Province are interested in and I would favor a stationary tax or around 2 per cent or else allow the company to set aside at least 3 per cent for dividends that would be exempted. If we encourage the industry even with a 2 per cent stationary tax it will bring in quite a large revenue. There is the question of the rate on the other incomes and what exemptions should be allowed, also the rate on farm lands, etc., which are open for discussion when in committee.

In closing my remarks I just wish to say that although I believe to be one of the most equitable acts in some respects that has yet been proposed in this Province still as I said I wish to reserve the right to criticize and endeavor to have amended some of the provisions of the act while it is before the committee of the whole House, with which I am not in full accord.

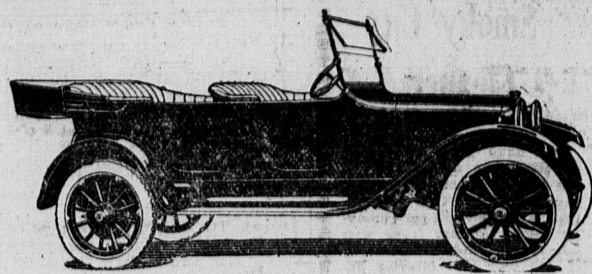

I believe we were committed to a large tax to meet the increased cost of Education, and like the Honorable Member from New Perth, Mr. Dewar, I feel that economy should be our watchword, and I have no doubt but it will be practiced.

AFTER "FLU," GRIP

FEVERS AND OTHER PROSTRATING DISEASES THAT EXHAUST THE BLOOD

There is often that extreme tired feeling, loss of appetite, tendency to anemia, nerve exhaustion, inactive bowels, constipation and great danger of still further prostration and serious illness. Hood's Sarsaparilla first works upon the blood. It is remarkable how promptly its purifying, vitalizing effects are noticed. It "makes food taste good," promotes assimilation so as to help secure the greatest nourishment possible, promotes digestion. Nerve strength and cheery health inevitably follow, further danger is avoided and the glad-to-be-alive feeling again prevails. To read this is well, to realize it yourself is better.

Get Hood's Sarsaparilla today, and for a cathartic, nothing better than Hood's Pills, in small doses a gentle laxative; larger, an active cathartic.
