## Abbies Win First Game Maritime Final

### President Wry Will Not Seek Re-election At Meeting Of M.A.H.A.

(C. P. by Guardian's Special Wire) AMHERST, N. S., March 15.—President James Wry and Secretary-Registrar H. F. Tennant of the Maritime Amateur Hockey Association will not offer for re-election at the association's annual meeting in Moncton, N. B., next Monday.

In announcing his withdrawal from the position, President Wry declared today the demands of business did not permit him to devote enough time to the work of the association. He is secretary of a manufacturing company in Amherst.

Secretary-Treasurer Tennant asserted merely that he had no intention of continuing in the position after his present term of office expired Monday.

Suggestion was advanced in some quarters tonight that J. A. Hanway, K. C., president of the Maritime Hockey League, might seek the presidency of the parent organization. But it was stated on good authority he would not accept the post even if it were offered him.

There was talk of other candidates. Prince Edward Island delegates, it was reported, would be backing Vice-President J. E. Starnes as a candidate. There would be a nominee from the Annapolis Valley, Cape Breton delegates, if they did not put forward a man of their own, would favour behind J. D. MacIntyre, K. C., President of

### REDMEN TO PLAY QUEBEC ACES SATURDAY

(C. P. by Guardian's Special Wire) MONTREAL, March 15.—McGill University tonight officially announced its team will go to Quebec City on Saturday to play Quebec Aces in the second of home-and-home series for the right to represent the Province of Quebec in Allan Cup play-downs—and thereby removed fears of hockey fans that the great team of Redmen might have to default from competition.

The McGill acceptance issued by the athletic board was coupled with a rebuke to the Quebec Amateur Hockey Association for ordering McGill to Quebec and a statement that the University did not wish to disappoint the people of the provincial capital.

The rebuke follows: "The authority even though it is exercised inconsistently and foolishly is still authority. Therefore, in order to avoid further confusion, unpleasantness and embarrassment in administration of hockey and so as not to disappoint the people of Quebec, the athletic board . . . will be represented at Quebec for the second game on Saturday evening, 17th inst."

McGill Athletic Board, the statement said, has "always been under the impression that play-off games are for the purpose of determining the best team to represent the province. They therefore find it difficult to explain the necessity for a second game at Quebec . . ." McGill defeated Aces, intermediate provincial champions, 11-1 here last night.

Tommy Gorman's Hawks spotted the Leafs a one goal lead in the first period then came back to tie it up in the second and win the game with an early third period goal. Great defensive work held the desperate Leafs at bay in a five forward clogging attack that broke on the sturdy bulk of Taffy Abel and big Lionel Custer. ### Locals Down Fast Halifax Team In Brilliant Game

Third Period Offensive Sees Juniors Score Four Markers To Overcome 2 Goal Lead.

Staging one of the greatest uphill fights ever witnessed on local ice, after being down two goals to two stages of the game to a smart Halifax team, Charlottetown's Junior Abbies earned a 6-5 victory over Halifax Canadians, Junior Nova Scotia champions, at the Forum last night.

It was the first tilt of a two-game, total-goal series, the final encounter to be staged on Halifax ice Saturday night next.

Witnessed by a large turnout of spectators, the game developed from a slow start into a hair-raising and nerve-racking finish as the locals jumped from behind a two-goal lead twice during the tilt to eke out the victory.

Both squads displayed brilliant hockey all through the tussle with the visitors having a decided edge in the opening stages, only to be outplayed and outgeneraled in the latter half, especially in the final period as the locals battled to cut down the commanding lead the Nova Scotia champions had built up.

The game started away at a slow pace with Grant, brilliant centre ice man of the Canadians leading many dangerous rushes. Copus was right in five minutes after the start but fell when in the act of shooting. Halifax was forcing the play but the locals managed to keep their net clear. Copus was right through again shortly after the fifteen minute mark but a hooking offense by McKee spoiled the effort, with the rangy rearguard being sent to the cooler.

Quick to take advantage of the break Canadians exerted the pressure but after being foiled by the stubborn Island team, a lucky goal from the stick of Grant gave the visitors the opening score. Grant had been leading the Halifax attacks and when just across the blue line let go, the puck sliding into the cage behind the surprised Abbie goalie.

Emms made it 2-0 with a minute left of the session, rounding Simpson on the local defence to beat Baker cleanly.

Abbies forced their way into Halifax territory and Whitlock made it 2-1 as he slammed the rubber behind Rouse from a penalty face-off in the front of the Halifax cage. The score came just twenty-two seconds after the Canadians' second goal. Penalties by Whitlock and Bell for roughing and then Fitzgerald of the visitors gave the Abbies an edge in manpower but the bell saved the situation as Rouse outgassed Currie from short range.

The three players were still serving time as the second period got underway. Stewart just missed the open corner on a nice play as the Abbies pressed hard but Halifax hung on grimly. The teams were at full strength as the locals tied it up. Currie and Whitlock broke fast at centre with the former sending a short forward pass, his centre-mate who picked his spot before firing into the left-hand corner. Abbies gave the Canadian goalie several trying moments in the next few minutes but a penalty to Simpson for tripping Fitzgerald paved the way for the visitors to regain their two-goal margin. Grant broke fast at centre ice to parade in on Baker, who didn't have a chance. Just fifty-nine seconds later, Bell broke fast at his blue line and fed a perfect pass to Fitzgerald on the left boards. Fitzgerald cut in fast on the Abbie citadel, his low drive once again picking the unprotected corner.

Abbies seemed to be coming to themselves as the period waned with Stewart being outgassed by Rouse from a few feet out. Bell was waved for tripping Fitzgerald and had just jumped back on when he upended Simpson. Without even looking at Referee Wilson the Canadian defenceman stepped right back into the box. Abbies were gangling the Halifax cage but erratically passing inside the strips, spoiling the efforts. "Bunky" Fitzgerald was right through at the bell but his shot missed the net completely.

Abbie's jumped right to work at the start of the third and final session, running four goals behind the busy Halifax netminder in the hectic twenty minutes, with the visitors caging one tally for their right. Harry Currie's snappy shot from the blue line less than two minutes after the start started off fireworks as the low burning shot burned his way to the strings. Currie was through minutes later but his weak shot rolled past the goal mouth. The lines had just equalized as the locals got the equalizer. "Bunky" Fitzgerald, turning in a great game on the left boards, roused deep into Halifax territory. Forced behind the net he sent a short pass out to Steele who was uncovered. Steele didn't give Rouse a chance as the goalie kicked

### AMERKS GOALIE INJURED

(C. P. by Guardian's Special Wire) OTTAWA, March 15.—Roy Worters, goalie of New York Americans, was injured here tonight in the first period of the National Hockey League game with Ottawa Senators and, upon advice of physicians, did not continue.

His place was taken by Alex Connell, spare goalie for Senators, and a few years ago regarded as one of the greatest goalies of them all.

Worters' left eye was cut deeply by an upswinging stick and he suffered a slight concussion, it was announced. Nick Wasnie's stick struck the goalie after Nick had pulled it clear from Red Dutton, American defenceman, who was holding the Ottawa winger.

### Qualify For U.S. Indoor Tennis Title

NEW YORK, March 15.—(Associated Press)—Lester R. Stoecken and Gregory S. Mangin, Uncle Sam's tallest and one of his smallest tennis players, qualified today to play for the United States indoor championships. Stoecken negotiated his semi-final segment in the seventh regiment armory in straight-forward fashion, defeating Frank X. Shields, top ranking American, 6-4, 11-0, 6-4. The lofty Californian's irrefragable volleys and surprising backhand mounded an attack that completely encompassed the New Yorker.

Mangin, the 1932-33 champion, outlasted and generally outplayed Sidney Wood Jr., twice a member of the U. S. Davis Cup team, in a four-set match, 6-4, 3-6, 6-2, 7-5. Fourteen of the 39 games went to deuce.

### Term, "British Subject," Is Disputed

CAPE TOWN, March 15.—(Canadian Press Cable)—Suggestion the words "British subject" will disappear from clauses of the Union of South Africa's constitution under the new union status bill to be introduced shortly has roused a storm of criticism in Natal and sections of the Cape Province, and a member of Parliament, for instance, being described as a "Union National" would automatically be a British subject according to forecasts of the bill. His Majesty will have the same relationship to South Africa as to the United Kingdom and other Dominions acting on the advice of his Ministers. Further, however, it is stated that no bill passed by the Union Parliament would be reserved for Royal assent.

The speech from the Throne at the opening of Parliament in January said that as a result of the Imperial Conferences of 1926 and 1930 and the Statute of Westminster the Cape Province and the Union of South Africa's legislative and constitutional position relating to His Majesty's acts as head of the executive of the Union.

(Continued from Page 1)

Others Arrested

The others arrested besides the Athens lawyer were said to be persons implicated in the telephone conversation Monday. Some claimed they overheard. These included a broker, a cook, a valet, a man servant and two others. They were not brought to have been in Insull's service.

All prisoners held by police were thoroughly questioned. Officers said Mrs. Insull fainted twice under the examination to which she was subjected.

The law permits detention of arrested persons for 24 hours.

In answer to questions, the chief of Athens police said "I believe Insull is still in Greece but far from Athens."

The latest rumor, which was persistent, was that Insull is now in the Grecian City of Salonika.

### BURIED IN SNOWBANK GOBLER IS UNCOVERED AFTER 5 WEEKS' RETREAT

BERLINGTON, Ont., Mar. 14.—Buried in a snow bank for five weeks, a turkey gobbler on Gordon Wright's farm was recuperating in the barnyard today, weak but doing well.

Five weeks ago Wright purchased a pure-bred Bourbon gobbler from former Warden H. G. Taylor. Two days later the turkey could not be located and Wright gave the bird up as lost, and bought another.

Morgan, Wright's son, heard curious noises coming from a snow bank last night. Pushing the snow away, he uncovered the emaciated Bourbon. He was taken to the hen-house but the bird was too weak to reach the roost. For five weeks children have been tootling around the snow bank.
