PRETTY GROUNDS.—The Prince Street School grounds are showing the expert care now being bestowed on them. A fine new hedge has been planted all around and citizens are specially asked not to go through it to make short cuts through the grounds as it will spoil the symmetry. The strips add a dash of color to the front of the building being quite profuse around the flag staff while the smooth green grass is a pleasure to the passer-by. Signs are being put up to "keep off the grass" but it is hoped they will be unnecessary.

Insist Upon Fresh Infant Foods

A healthy baby is usually fat and chubby, because his food agrees with him. If you have had trouble in finding a food that agrees with your baby, try some of the brands which we carry.

We handle all of the good ones which you see advertised in the magazines.

These foods come to us at frequent intervals—so we can always guarantee their freshness.

This is an important point to consider for even a normally healthy baby is apt to get sick if given stale food.

We carry a complete line of Nursery Supplies.
