PROMINENT
(Continued from page one)

ner with the late Andrew MacNair, establishing the firm of Bruce Stewart & Company, founders and machinists. Under their able direction the business rapidly expanded until it became one of Charlottetown's chief industries, well known throughout Eastern Canada and points beyond, their plant consisting of machine shop, boiler shop, pattern shop, and foundry, being well equipped for carrying on varied lines of work.

In 1910 a joint stock company was formed known as Bruce Stewart & Company, Ltd. Mr. Stewart being elected President.

The new company continued to expand, taking on a number of new lines of manufacturing and repairing and erecting a new brick machine shop, blacksmith shop and other buildings in 1919 until now the plant is one of the establishments of which this province has every reason to feel proud, being a great asset to this city and furnishing employment to a large number of men. Of the many activities of the firm the building of marine gasoline engines was one of the additions in recent years.

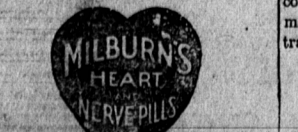

A man of magnificent physique, intellectual personality, and an expert mechanic, Mr. Stewart was a worthy descendant of his stalwart Scottish forebears. Frank and outspoken in his manner but believing in fair play to all he was highly esteemed and respected by his business associates and employees, while in his relations with the public he was known as a man of honour and strict integrity.

By his skill, industry, intelligence, and enterprise, Mr. Stewart was instrumental in building up an important industry in this province where such industries are unfortunately too few, thus furnishing the means of livelihood to many families and giving that mechanical training to young men who have won success at home and abroad. In this way he rendered a signal service to the community.

In politics Mr. Stewart was a strong Liberal and an active worker for the party. He was a prominent member of the Masonic body, being East Master of Victoria Lodge. He was

Pains Around Heart Weak Spells Would Fall Over

Mrs. James Vannalstine, Fibroch, Man., writes: "I had pains around my heart, and suffered with weak, smothering spells. Sometimes I would fall over and would have to be picked up and put to bed."

and it is now over three years since I have had a spell. I hope anyone who is in the same condition I was will give H. & N. Pills a fair trial. Price, five cents a box at all druggists and dealers, or direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

The Mails

A number of enquiries have been made at the post office with regard to the mail from the mainland received in post office boxes about noon, each day, and also delivered by the letter carriers on the afternoon delivery. In order that the public may fully understand the facts the Postal Authorities here wish to advise that since the termination of the regular double mail and passenger service on Saturday, the 4th, instant, a supplementary service has been provided, so that the Province still continues to receive two mails daily. The first mail is by train, due in Charlottetown daily at 6.30 p. m. There is no change whatever from the summer service in the mail arriving by that train.

The second mail leaves Sackville daily at 6.30 p. m. or after the arrival of the Ocean Limited from Montreal. The train is due at Tormentine at 8.15 p. m. and is sent for ward by the special night trip of the Car Ferry steamer as far as Borden. As the crossing is necessarily very uncertain at this season of the year, the arrival of the mail at Borden varies, so that it is not forwarded to either Summerside or Charlottetown until the following morning, the train being due here at 10.30 a. m. The mail thus received is the full mail that was formerly received by the late train, due in Charlottetown at 11.20 p. m. The service therefore, so far as mails inward are concerned is practically as good as during the summer months.

There is also a despatch of mails to the mainland by the train leaving here at 8.40 p. m. but no connection is made for points beyond the Maritime Provinces. However so long as the present service lasts, it is much preferable, from a post office standpoint, to any air mail service that could be established under present conditions and from the statement made by the Postmaster General, which appeared in this paper some time ago, it would appear that the Department does not contemplate the starting of any air mail service whilst the existing train services are continued.

CARD OF THANKS

Mr. and Mrs. John McKeeman of Fort William, Ontario, wish to acknowledge with sincere thanks the kind expression of sympathy shown us in our recent bereavement of our dear sister Mrs. Chas. Hooker by the people of Gasperaux, Murray Harbor North and Georgetown.

Potato Crop Report Issued

Prince Edward Island's potato crop will total 3,825,000 cwt. as compared with 5,708,000 cwt. in 1928, a reduction of 33 per cent, according to figures issued by the Market Extension Division of the Federal Department of Agriculture. The report is for December, 1929. Although the crop totals only 67 per cent of the previous year, the report states, the net value to the growers should approximate 200 per cent of that of the 1928 crop. Prices paid to growers averaged 80 cents per bushel for Cobblers, 90 cents for Mountains and \$1.25 for seed stock.

ST. JAMES AND ZION CHURCHES

There will be joint services with the above Presbyterian churches on Sabbath the 12th inst. Mr. Fulton will occupy St. James pulpit in the morning, and will preach in Zion in the evening. The morning theme will be, "Does it Matter What We Believe?" Thought is the man; it is the sail which carries the ship along. What you believe you either are or are becoming.

Sabbath School and Bible Classes meet at 2.30 in the afternoon. Minister's Communion class after Sabbath School. Evening service in Zion to which the members of St. James, our own people, friends and students are invited. The topic will be "Where Man's Dominion Ends." The Literary Digest for Jan'y 11th, contains an article on "Favorite Hymns." Titles of 25 which led the list in the British Churches are given. It is a record of hymns actually selected and used in some 3,000 church services in the United Kingdom within recent months. In order of choice the first six are: 1. Our Blest Redeemer. 2. For the Beauty of the Earth. 3. Praise my Soul the King of Heaven. 4. O Breath of God, Breathe on us. 4. Jesus, Thou Joy of Loving Hearts. 6. Jesus calls us o'er the Tumult. It is likely that the selections to be sung in St. James and Zion will be taken from this list of twenty-five as given in the Digest.

BRITISH
(Continued from page one)

interested in placing industry upon a broad, sound basis and is ready to support any plans that in his opinion lead to this end. Those in the city who have been studying this matter are convinced that a number of our important industries might be fundamentally re-organized and modernized in order to produce at prices that will enable them to compete with the world. "For the first time the whole forces of British finance are prepared to stand behind British industry."

MANCHESTER, England, Jan. 10.—As if to emphasize the futility of all effort to relieve unemployment adopted so far, the figure of unemployed this week for the first time in more than a year exceeded 1,500,000. So far the Labor Government had adopted more or less admitted "hinkering" methods, efforts to relieve unemployment by schemes of construction of public works, but the government, and the men particularly concerned, Rt. Hon. J. H. Thomas, Lord Privy Seal and Minister of Employment, recognized that the only effective way to deal with the greatest problem in Great Britain's present difficulties is to revive the export trade, and Mr. Thomas making an eagerly awaited statement before the Manchester Board of Trade today, declared that the first time British finance was wholly behind British industry. Through the efforts of the Labor Government, he declared, a concerted effort had been made for rehabilitation of British economic life and consequently, for a solution of the unemployment problem. Mr. Thomas announced the Government would strengthen British trade representation in Canada, South Africa, China, Egypt and the West Indies. He cited Canada as an example of lack of organized collective marketing and salesmanship on the part of the British industry. Canada he said im-

CITY LEAGUE BASKETBALL

Tonight at 7.30 there will be another double-header basketball program at the Y. The first match will be between the All Stars and C. N. R. The All Stars has on its lineup Scott LeBlanc, R. Spillet, H. Spillet, P. McInnis, E. McInnis and E. Garnham and the C. N. R. team is composed of E. Warren, E. Robin, S. Matheson, E. Goss, R. Doyle and S. MacLeod. As 8.30 P. W. C. girls will play Prince Street. Basketball fans are assured of two fast and exciting games. A good attendance at these games will do much to boost the game and bring it back to its former high position as a clean and fast line of sport. An admission of 10 cents will be charged.

Motners, Mix This at Home for a Bad Cough

You'll be pleasantly surprised when you make up this simple home mixture and try it for a distressing cough or chest cold. It takes but a moment to mix and costs little, but it can be depended upon to give quick and lasting relief. Get 2 1/2 ounces of Pinex from any drugist. Pour this into a 16 oz. bottle; then fill it with plain granulated sugar syrup or strained honey. The 16 ounces thus made costs no more than a small bottle of ready-made medicine, yet it is much more effective. It is pure, keeps perfectly and children love its pleasant taste. This simple remedy has a remarkable three-fold action. It goes right to the seat of the trouble, loosens the serum-laden phlegm, and soothes away the inflammation. Part of the medicine is absorbed into the blood, where it acts directly upon the bronchial tubes and thus helps inwardly to throw off the whole trouble with surprising ease. Pinex is a highly concentrated compound of genuine Norway Pine, containing the active agent of creosote. In a refined, palatable form, and known as one of the greatest healing agents for severe coughs, chest colds and bronchial troubles. It is guaranteed to give prompt relief or money refunded.

Central Guardian
BAND AT THE BINK this afternoon. 1049
RED CROSS SOCIETY ANNUAL MEETING will be held on Friday, January 17th, in St. Paul's Parish Hall at 8 p. m. 1040-1-11-15-16-17
WATER RATES—Friday, the 10th is the last day for paying water rates. 1220-21.
BAND AT THE BINK this afternoon. 1049
LECTURE AT CORNWALL—Cometo the lecture on "David Livingstone," by Rev. E. M. Aitken, in Cornwall United Church on Thursday, Jan. 16th, at 8 p. m. 1045-Tue.-Thur.
SNOW PLOUGH OPERATING—The Government snow plough has been in operation successfully between the city and Falconwood and the city and Dunstaffnage. An effort is to be made to open up the road to Summerside and also to Mount Stewart.

BEDEQUE UNITED CHARGE—Rev. A. J. Reynolds, minister. Services Sunday, Dec. 12.—Bedeque, 11 a. m. and 7 p. m. Rev. F. A. Robinson of Toronto, will speak at both services, and will hold a meeting for men only at 8 p. m. Miss Robinson will sing. Scartown; 3 p. m.; Cape Traverse, 7 p. m.

THE SALVATION ARMY CITADEL—Service for Saturday, Sunday, Monday, Jan. 11, 12, 13. Saturday, 8 p. m., praise service; Sunday, 11 a. m., Holiness meeting; 3 p. m., service of music and singing. Broadcast over CKCK; 7 p. m., Salvation meeting, subject, "The Extent of the Atonement," being sixth of the Fundamental Truth Series, at 10 a. m. and 2 p. m., the Junior companies will meet. Monday evening at 8 p. m. lantern service entitled "The Stowaway." All are invited.

FINISHES WORK HERE—Mr. R. W. Low, who has been in charge of the construction of the foundation of the new Canadian National Hotel, leaves this morning on return to Halifax. With the exception of some extra work, the foundation is now complete and in about another week the contractor, Mr. R. S. Allen, will have concluded his operations here for the present. After a visit to his mother in Halifax, Mr. Low will return to California where he has made his home for the last ten years.

TRINITY UNITED CHURCH—Early prayer meeting at 10 a. m. At morning service, Rev. W. L. Out-house, B. A., pastor of Central Christian Church, will preach; his subject being "My Master's Cross, and Mine." The choir will render an appropriate anthem. Junior Congregation and Sabbath School meet at usual respective hours. At evening service Rev. Dr. Ramsay will preach on "Temperance," and the music will include a contra' solo by Miss Lillian McKennie, and an anthem by the choir. C. H. C. K. will broadcast this service. Everybody welcome at all services.

PERSONALS

Mr. J. N. A. Gallant, of Abram's Village, is in the City, attending the meeting of Egg and Poultry Assn.

Mrs. Thomas McCarville, of Kinross, is visiting friends and relatives in Charlottetown.

Mr. J. M. Murley, manager of the C. N. R. Telegraph office, is visiting his son Elmer in New York. Mr. J. F. Fraser is acting manager in Mr. Murley's absence.

Sign of Genius—The boy who wanted to work in a bank because there was money in it.

WHOLESALE
(Continued from page one)

Mr. A. A. McLean, K. O., summing up on behalf of the three prisoners, Lund, Gormley and McLeod, argued that the complaint is laid under section 469 of the act. The 774th sec. is one under which procedure is taken. He contended that when the offence is punishable by more than two years the consent of the Attorney-General must be gained before the sentence can be suspended. There is very little evidence connecting these men with the crime, he said. Heretofore the men stand as individuals of good character. According to the evidence of Ray Moore the men were on Queen St. previous to eleven o'clock. McLeod was apparently under the influence of liquor. Law makes possession of liquor, etc., a crime, although it is not a moral crime. Mr. McLean reviewed Officer Doyle's evidence and incidentally pointed out that there was no attempt made to conceal the goods, nor was there anything found on the persons of the prisoners. The can in the attic was discovered three hours after the arrest. The can, he contended, is the only link connecting the young men with the crime, and might have been a "plant." There was nothing to show which way the cracks between Earle Fisheries and Union Hall led. Mr. Gormley had stated that the back gate has been looked for some months. Officer Doyle, recalled, testified that the gate is eight feet high. The tracks went to the west side. The gate is on the east side and has not been open this winter. It is 75 feet from door of Union Hall to end of the brick building adjoining. There was a path in the new snow, and it was impossible to tell which way the tracks were going. Continuing Mr. McLean contended that the boys are not known to be

EVIDENCE CONCLUDED IN BURGLARY CASE

Hearing Further Adjourned Until Monday.

The preliminary hearing of the four men, Earl Lund, Maurice Gormley, Andrew McLeod and James Roberts, charged with breaking and entering the Earle Fisheries and stealing goods therefrom, was continued yesterday afternoon at the Police Court, the time being occupied mainly with the examination of witnesses for the defense.

Mr. E. D. Nicholson (sworn) stated that he has known Andrew McLeod since the latter was a young boy. He has been helping witness in tobacco factory for six or seven years. He was always on time, did his work well, and never gave any trouble. Mr. Nicholson stated that he would start him on work if he came back now. McLeod had left the tobacco factory last spring.

Mr. Joseph McLeod (sworn) stated that Andrew McLeod is his son. The latter had been working with Hickey & Nicholson for seven years and three months. The witness stated that he had worked there himself 52 years. His son left Hickey and Nicholson's last spring during a shortage. Since that time he has been working on the waterfront earning good money. He is married and has two children.

Questioned by Mr. Campbell on behalf of the Crown, the witness stated that his son's wife had left her husband two months ago. The boy had always been strictly honest, but had not been working for the last few months. He had appeared previously in the Police Court charged with drunkenness.

The next witness examined for the defence was Mrs. Lund (sworn) who stated that she is Earl Lund's mother, a widow with a family of five living on Hillsboro Street. The children are too young to work. The only means of support for the family is the wages earned by the witness at Stern's Laundry and by her son, the accused, who always brought his wages home. He was seventeen years of age last September, and is the oldest boy. The accused can get work when navigation opens with Mr. Weeks.

Mr. John Gormley (sworn) stated that he is the father of Maurice Gormley and a member of the Labour Union. The witness stated that the gate at the rear of the Labour Union Hall has been closed for four months, locked on both sides and barred. To get to the back door it would be necessary to go 70 feet towards Queen St. and 150 to the rear. Maurice, who is going on twenty years of age, is unmarried.

Asked whether he had anything to say in his own defense Roberts replied in the negative.

WHOLESALE
(Continued from page one)

extras among the eggs are a little cheaper, but other grades of eggs are unchanged. Storage eggs are moving freely and stocks in Montreal are getting low. No change is reported in the cheese market, with trading nominally quiet. The potato market is firm at from \$1.80 to \$1.90 per 90 pounds in bulk egg track here. Poultry prices are unchanged. Spring wheat flour was reduced 20 cents a barrel here today by wholesalers, while the price on rolled oats dropped 10 cents a bag.

OTTAWA, Ont., Jan. 10.—Egg market conditions are rather unsettled today, many points report a continued nervous feeling, while at other centres the market is holding steady to firm.

TORONTO, Ont., Jan. 10.—Local egg markets continue nervous and irregular with prices about unchanged. Brokers are making sales of local shipments at extras 55-55; firsts 53-55; pullet extras 50; seconds 40 delivered in used-free cases. Live fowls are one to two cents lower.

CHAMBER
(Continued from page one)

Canada. "4-The further implementation of the Dunaon report. "5-The further reducing of the income and sales tax as and when warranted by the Dominions finances and the avoidance of deplorable taxation. "6-The payment of interest on monies held by the Government which are refundable to citizens. "7-More adequate remuneration to judges. "8-The continuance of the cooperation of the Federal Government in the solving of seasonal unemployment, especially with respect to the promotion of public work during such periods. "9-The completion of a national highway through the effective cooperation of the Provinces and the Federal Government. "10-The development of the Peace River country. "11-We would also favor whatever practical steps are taken by the Government to promote a greater flow of commerce between the various parts of the Empire, providing that the economic life of the Dominion be not prejudiced. Our councillors, both in the West and in the East are of the opinion that the Government might well go further and set up a small national committee of business men, with Government experts, would make a thorough going business inquiry into the reasons for that unfavorable situation of which our fruit and vegetable growers complain, and make recommendations to the Government.

ISLANDER CHARGED WITH MURDER

MERRIMAC, New Hampshire, Jan. 10.—Police are probing today the elopement here two years ago of Warren Cliff, 28, who is alleged to have murdered his young wife Betty Cliff, at Atlantic City, N. J., day before yesterday.

The couple went to Atlantic City from Quincy, Mass., after the supposed marriage here and Quincy Town Clerk records show they were married here in October, 1927; that Cliff came from Crapeaud, P. E. I., where his father, John Cliff, was born and formerly lived.

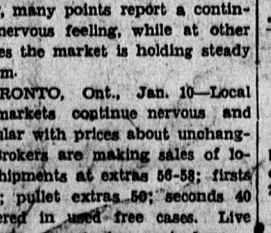

A brother of Warren Cliff, John H. Cliff, Jr., who came from Prince Edward Island, was a Princes Pat hero; died in the World War in France and lived in Halifax, N. S. The murder story from Atlantic City, N. J., is sensational. Cliff after a series of violent quarrels with his young wife, of whom he was insanely jealous, cut her throat. He also slashed his own throat and was at first reported a suicide. Later despatches say that he is still alive, but in a critical condition. Mrs. Cliff, his mother, hurried on to Atlantic City from Quincy and collapsed in the hospital there where she is seriously ill.

Some time ago the Quincy police were asked to hunt for Mrs. Warren Cliff who had disappeared in New Jersey. The Quincy parents went to New Jersey and looked at a body found at the roadside but it was not her. She was later found separated from her husband.

Twice later the Quincy, Mass., police were called upon to help straighten out marital difficulties of the Cliffs, but a reconciliation took place a year ago and they were again happy until a few weeks ago.

EDMONTON, Jan. 10.—This egg market is holding steady. Prices of fresh eggs to retailers are extras 53; firsts 50; pullet extras 45; seconds 40.

That Cold
So miserable and lasting. Shake it off with Minard's Heat and Inmate. Also rub on throat and chest.
