We are not altogether selfish in urging the early selection of gifts.

It has always been our aim to offer Jewellery—"Out of the Ordinary"—so that a great many of the articles we show cannot be duplicated in a short time.

Our stock is now at its best—our assortment complete—and the advantages to be gained by buying early need only be suggested.

**ORDERS FOR PELTS.**—The P. E. I. Fur Sales Board has received an order for 200 fox pelts varying in value from \$200 to \$500 from a company to whom goods were sold last year. The Board also has an order for 100 skins from a firm in South America.

**SOME SPLENDID PELTS.**—Mr. Chester, McLure, manager of the P. E. Island Fur Sales Board came in from the East Saturday bringing with him a collection of fifty silver fox skins ranging in value from \$150.00 to \$1,000. These pelts were from different ranches and one would only have to see them to note the difference in the value, as they were graded and classified. They were on exhibition in the window of the Fur Sales Board until yesterday morning and much interest was manifested in the display. They are being shipped today to the American market.

**EXPERIMENTAL FARM VISITED.**—His Excellency the Duke of Devonshire and party paid a short visit to the Experimental Farm on Friday. His visit was not on the laid-down programme and came as a surprise to the staff. His Excellency was however most hearty and graciously welcomed and he showed much interest in what was to be seen at this time of year. He visited the poultry department and was shown the latest method in poultry culture; the steel tanning test showing the various methods of feeding stock, and the splendid stock to be seen at the barns were also matters of much interest to His Excellency. He also visited the cellars where the methods employed in storing roots and vegetables were described to him.

### PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache, no hawking, snuffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly.

It is just what every cold and catarrh sufferer needs. Don't stay stuffed up and miserable.
