

THE CENTRAL GUARDIAN

IT PAYS to buy in this province.

ICE RACING SPECIAL.—The ice racing special will not leave the city for Summerside this morning as arranged as the weather conditions are expected to be unfavorable.

THE PEOPLE'S.—Mr. Hogg of the People's Theatre has rented his Hall to the Punch and Judy show for this afternoon. The usual picture show tonight will be at the customary price, 5c. 1653.

MORE PLACES.—Twenty more places are needed for the entertainment of delegates to the Boys' Conference which begins this evening. Any persons who can entertain delegates are asked to telephone the committee headquarters at the Y.M.C.A.

THE ALSATIAN.—The Fine New Alsatian Liner "Alsatian" the largest ship from Canada and three representatives of this Province on her Maiden East bound trip from Halifax this winter, all booked through the office of W. K. Rogers, who is in a position to book passage on any steamship line carrying passengers.

SKATE AT ARENA.—A fair crowd attended the skate in the Arena rink last night. The ice was fairly good at first but before the end it became too soft to be pleasant. Music was furnished by the Charlottetown Brass Band and on the whole the skaters had a good time. It was thought last night, that if soft weather continues there will be no more rink skating this season.

EGG CIRCLE.—The members of the New Perth Egg Circle received their first visit from their general collector Mr. Oswald Collins last week and although many did not know of his coming and had disposed of their eggs he was able to make a shipment from the first collection of 570 dozen which speaks well of the hens in that section. The Egg Circle movement is being heartily endorsed, over 90 per cent of the residents on the routes travelled having already formed the Circle.

Rev. E. J. Rattee, of Malpeque, returned yesterday from Halifax where he attended a meeting of the Home Mission Committee of the Presbyterian Church. A very large amount of business (affecting all the Home Mission fields in the Maritime Provinces) was transacted at this meeting. On Monday when in Montreal Mr. Rattee had the privilege of seeing Rev. Dr. D. J. Fraser for a few minutes, whom he reports to be now slowly but steadily improving from his recent severe attack of Pneumonia.

ANOTHER HOUSE BURNED.—On Saturday evening last, the house of Mr. John Whelan, Irishtown, about four miles from Kensington, was accidentally burned to the ground with all its contents. Mr. Whelan who occupied the house alone, had gone to the post office shortly after nightfall, and on return discovered his house ablaze, too late to save anything. The building was a fairly large and comfortable one although built some fifty or sixty years ago by the late Patrick Reedy who formerly owned the property. There was no insurance, and the loss is a heavy one. Much sympathy is expressed for Mr. Whelan who is a respected resident of the place.—E.

FOX BREEDER'S ATTENTION.—The fox men of this Province will be specially interested in the ad. of the Ruckers Hardware Company which appears elsewhere in this issue. As the demand for fox wire netting increases to be very heavy the offer they make will no doubt be widely taken advantage of.

LOST MAN FOUND.—Mr. John Gillis, the man whose disappearance was reported in a recent issue of The Guardian, has been located, and his parents notified. He is at Harrington near Brackley Point Road, and is in partnership in a grocery business. His friends and relatives are relieved to hear of his whereabouts.

FIRE ALARM.—Citizens were alarmed at midnight last night to hear the ringing of the fire bell. The alarm was caused by a chimney on fire at the residence of Judge Reddin, Prince Street. No damages were done and the services of the fire brigade, although promptly on hand, were not required.

FORTY HOURS DEVOTION.—The Forty Hours Devotion closed in the Pro-Cathedral yesterday morning at 9 o'clock. The Mass of Reposition was sung by Rev. J. C. McLean, Summerside, with Father Pius McDonald as deacon and Father Frank McQuaid as sub-deacon. Rev. Dr. McLellan was Master of Ceremonies. After the Mass there was a procession of the Blessed Sacrament and the ceremony ended with the singing of the Te Deum.

REMAINS ARRIVE.—The body of the late Mr. Bernard O'Callaghan, who died recently in Boston, arrived in Charlottetown yesterday afternoon by the Georgetown special. It was accompanied by Miss Lucy O'Callaghan, Boston, and Miss Sarah, of Chicago, daughters of the deceased. The funeral takes place this morning at 9.45 o'clock from the residence of Mr. Frank Lockern, King Street, to the Pro-Cathedral, thence to the Catholic Cemetery.

SCHOOL IMPROVEMENTS.—On Thursday afternoon, February 26th, the Milton Women's Institute held their regular monthly meeting at the home of Mr. C. E. MacKenzie, Birchlea, and the meeting was as usual most interesting. Among other matters of business the subject of "School Improvement" was taken up. Mrs. Trivett gave a demonstration on her method of making pastry, and all present were much pleased with it. Various recipes and especially for the use of "left-overs" were discussed, by those present, luncheon was served during the meeting, next meeting, at the home of Mrs. John Pierce, March 26th at 2 p. m.

INSTITUTE MEETING.—A very large and representative meeting of the Clyde River farmers institute was held in the Kingston Hall on Monday evening, March 23rd, Clyde River Colwill Road and Hampshire being represented. The meeting was called to order by the President Mr. Nicholas Colwill who in a few well chosen remarks called upon Mr. Clark of the Experimental Farm, who gave a splendid address on good seeds and the preparation of the soil for a seed bed. Mr. Clark proved himself to be master of his subject and was listened to with rapt attention, many questions being asked which were fully explained by the lecturer to the satisfaction of all present. After a vote of thanks being tendered Mr. Clark for his very instructive lecture, the auto question was brought up and discussed.

We Want the Ear of Every Man on P. E. I. The New Suits for Men and Boys at P. E. I. Greatest Clothing House

For many years we have set the Standard in Men's and Boys' clothing. Men naturally look to us now for what is latest in men's wear, 1000 NEW SUITS now displayed on the large clothing racks in the big clothing department, second floor. The largest display of medium as well as the high priced clothing ever shown under one roof in this country. The men are cordially invited to pay a visit to this department it will repay you in the way of new ideas. You will see here displayed the labour, the artistic genius of the best clothing designers on the American Continent. We have made it a rule to never sacrifice quality, nor to be undersold by any one, quality and price have been the foundation of our success and our big clothing trade is what has made our store a household word throughout the country. If its S. A. McDonald's its right in price, in fit, its right in design.

One of Our Specials A nicely finished brown tweed suit, well trimmed, a smart stylish suit, one that will give satisfaction too, the special price is \$7.50 made from a good quality imported tweed, finished in one of the best clothing factories in Canada. Will be sent Parcel Post pre-paid to any address on P. E. I. with the privilege of returning if not satisfactory.

Some of Our Hand Tailored Suits Our hand tailored suits for men are a triumph of the tailoring art, the beautifully moulded shoulders the hand shaped collars and lappels the nicely curved fronts, and let us explain to you how we have suits to fit the different type of forms, no matter how difficult you may be to please we can do it here. These suits range in price from \$15.00 to \$24.00 finished while you wait, call in and let us demonstrate our new method of fitting and finishing suits.

Our store which has been in the hands of carpenters, painters and designers for sometime, is again squared away for business and is now more comfortable and convenient for our numerous patrons.

This Way Boys for Your new Suits Extra Pair of Knickers Free

While we have been taxing our energies to gather the largest and best stock of men's clothing ever shown in this Province, we have not been unmindful of the boys also. We have selected for them an assortment of new spring suits that would do credit to a City much larger than Charlottetown. Mothers will be interested to know that we have now some very special suits in dark mixed tweed patterns made in 2 piece suits and two pairs of knickers. The price is \$5.50 to fit boys from 8 to 15 years, an extra pair of knickers is given away free. Another special with a pair of knickers free made of extra good Worsted for \$6.50.

CHESS

A number of the Chess friends and citizens assembled last night at the usual rendezvous. Mr. May and Mr. Woodman early in the evening complained of being sick and the disciple of Esculapius was sent for. At first he tried blue pills which proved ineffectual. He then proceeded to operate upon them. After cutting open their anatomy he removed several superficial pawns, two horses, one or two bishops, a castle or so and a woman or two. Those who witnessed this extraordinary and blowless operation pronounced it a brilliant and successful one, but unfortunately like many other brilliant surgical feats both patients died.

The tournament is now nearly over and the gladiators are furnishing up their armour for the final rounds. N. B. The Chess poet laureate was present after an absence of several days, and no doubt the mighty deeds of that night will inspire his muse. The public are warned to look out for some more heroic verse. Tonight the fight will be resumed at the Dalton Offices. All are welcome to see the fray.

DOCTOR SUPPOSED DEAD REPORTED IN CANADA.

LONDON, March 25.—Is Dr. Rudolph Diesel, inventor of the Diesel heavy oil engine, in Canada? is the question raised by the Berlin correspondent of the Daily Citizen. Dr. Diesel was reported lost while crossing from Antwerp to Harwich on September 30 last. A body was found by some Dutch fishermen on October 13 and this was identified as the missing inventor by the jewelry on the body. Now it is alleged that Dr. Diesel is in Canada, that his wife has received letters and has also disappeared from Munich. Representatives of the Consolidated Diesel Engine Company here believe the identification of the body found was reliable.

SUCCESSFUL SALE OF HORSES

The second horse show and sale of horses, held under the auspices of the Horse Breeders' Association, closed yesterday afternoon, having been attended with considerably more success than its predecessor. After the judging had been completed, on the previous evening, a number of the horses were removed from the show and yesterday morning the remainder, with the exception of those put on sale, were taken to their home by train and otherwise. In the afternoon a crowd of nearly seven hundred people gathered in the Agricultural Hall for the sale. The auction started at 1.30 o'clock and in about three hours Autoneer Benjamin Carter disposed of about \$4,500 worth of horse-flesh. There were about 25 horses offered and those sold realized prices ranging from \$150 to \$700. It was one of the greatest sales of horses ever held on the Island. It included animals of nearly every standard. The show on the whole was a decided success the entries having greatly exceeded those of last year while the attendance was at least twice as large. A word of commendation is due the Executive of the Association and the officials of the Agricultural Department, as well as all those who were concerned in the conduct of the show and sale for their efforts in helping to make the event the success it was.

PRIZE LIST

The judging resulted as follows: Registered Clydesdale of Shire stallion (foaled previous to 1910), 1, David Reid, Victoria Cross; 2, Chas. D. McLean & Son, Cornwall. CHAMPION ROADSTER STALLION

Hammond Kelly, Southport.

CHAMPION ROADSTER STALLION

Hammond Kelly, Southport.

IN MEMORIAM

PETER PETERS. A few years ago the home of Mr. and Mrs. Stephen Peters was the scene of much depression and sorrow when one of their much beloved sons departed from this life. Again on Friday the 15th the same sad and sorrowful gloom disclosed itself in the home, when, Peter, another of their sons, was taken from them. The deceased had been a very ambitious youth, whose every year had shown a keen desire for work and an utter hatred for idleness. A few years ago he left for Western Canada with good prospects before him. He had not been there two years when failing health made it necessary for him to quit work and return home which he did last summer. Every effort, on the part of parents and deceased, was made to restore health but without avail. His courage and marked cheerfulness, however, maintained throughout his sickness, coupled with the longing desire to be once more at work, gave the family bright hopes of his recovery; and indeed it may be truly said, that it was a very sudden and unexpected shock to the family to learn that the unmerciful 'Vision of Death' should claim him so soon. The funeral procession, consisting of relatives and friends of the deceased, wended its way from the home about 4 o'clock on Saturday to Hope River Cemetery where the remains were interred, and where the last rites of the Roman Catholic Church were administered by Rev. Father Gaudet. A much grieved father and mother, together with a large number of their sons and daughters are left to sorrow over an affectionate son and kind and loving brother, whose whole life was an inscription of comfort and happiness in the home. The surrounding community and friends of the deceased extend their heartfelt sympathy to the sorrow stricken family in this, their trying hour of sad bereavement. R. I. P. Com.

I was cured of Rheumatic Gout by INARD'S LINIMENT. Halifax. ANDREW KING. I was cured of Acute Bronchitis by MINARD'S LINIMENT. LT.-COL. C. CREW READ, Essex. I was cured of Acute Rheumatism by MINARD'S LINIMENT. Markham, Ont. O. S. BILLING, Lakefield, Que., Oct. 9, 1907.

PERFORMED A VERY DELICATE OPERATION.

BALTIMORE, March 25.—What is believed to be the first operation of its kind in this country was performed yesterday at a local hospital when the cornea of a pig's eye was taken off and grafted on the sightless eye of a three months old boy. In the operation the pig was chloroformed, the eyeball taken out and the cornea cut from it.
