HARD YET NEEDFUL.

Trials are very hard to bear. To see the wealth, for which we have laboured long, make to itself wings, and fly away.—To have to stand and serve, where beforetime we have sat and ruled.—To lay loved ones in the lonesome grave.—To miss the mercy laugh, and the glad welcome, and the protecting hand, or the guiding mind.—To see the fairest flower in our garden withered; the brightest light in our households quenched. These things are not joyous, but grievous; just as winter is not the pleasant season that summer brings, with ner merry songs, and her sunny days, and her gorgeous wealth of foliage and flowers, and just as bitter medicine are not savoury meat. But, then, winter is needed in nature, and medicines are needed for the body; and afflictions also are needed. The sharp frosts, and the keen biting winds of winter, kill the weeds and break up the soil, and so prepare it for the spring rains and the summer suns. And afflictions, when sanctified by God, wean us from earth and nurture us for heaven.

GRAND TRUNK SYSTEM NEWS ITEMS. OCTOBER 2ND, 1913

Track laying on the main line of the G. T. P. Ry.

Track laying on the main line of the G. T. P. Ry. is proceeding towards Prince George at a rapid rate. Steel is now at mile 1200 from Winnipeg. A short check was experienced at mile 1190 where the railway for the second time crosses the Fraser River. Track laying was held up for a short time while the steel bridge across the Fraser River was completed. This obstacle has been successfully passed and the track laying machines are steadily pushing their way forward. The Fraser River is crossed for the third time about forty miles west of the second crossing, but bridges here will not be allowed to delay track laying, temporary trestle being erected to get the steel across the river. The steel bridge will be put in place shortly after, and towards the end of November the track should reach Prince George.

Raith, a station on the G. T. P. Ry., 57 miles west of Fort William, has been made a divisional point for operating convenience, and engines and crews on the G. T. P. Ry. will, from now on, be changed there.

One hundred and five miles of Branch line in the Province of Saskatchewan have just been opened for traffic by the G. T. P. Ry. with the inauguration of mixed train service on a part of the Biggar-Calgary Branch. This line has been completed to Loverna, on the boundry line between Saskatchewan and Alberta, 105 miles from Biggar. Mixed train will leave Biggar on Tuesday and Friday 6.00 a. m. arriving at Loverna 6.30 p. m. on same day. East bound train will leave Loverna 6.00 a. m. on Wednesday and Saturday, arriving at Biggar 6.30 p. m. same day. The territory through which this line runs is a very rich one, and heavy shipments of wheat are looked for in the next few weeks. Promising towns have shown large growth at Dodsland, Coleville, Dewar Lake and Loverna.

Track laying on the Regina-Moose Jaw & North Westerly Branch of the G. T. P. Ry. has just been completed to mile 91, a short distance beyond Mawer, Sask., fifty miles west of Moose Jaw, and within a few miles of the Saskatchewan River. Permission has been granted by the Board of Railway Commissioners for operation of this line, and as this is one of the greatest grain producing lines in the west, a very heavy traffic will move this season.

On the Tofield-Calgary Branch of the G. T. P. Ry., ballasting can be established as soon as Terminals at Calgary are completed. Owing to the solid construction of this line, the service between Calgary, Tofield and Edmonton will be particularly good. 1950-Meli.

CANADA'S GRAND OLD COMPANY

Compared with recent developments in Assessment Life Assurance a claim paid by the CANADA LIFE on the first day of October, presents a striking contrast.

The policy was on the straight Life plan for $1,000.00 and the assured elected to take the profits as a bonus additions to the face of the policy. When the policy became a claim a few days ago there had been declared bonus additions to the amount of $706.25. The Company handed their cheque for one thousand seven hundred and six dollars and twenty-five cents to the widow on the first inst.

The assured had entered at the age of thirty years and paid the Company only $731.60 in premiums. The profit to his estate was $974.65 besides the best Insurance protection for thirty years.

W. K. Rogers, Provincial Manager of the Canada Life, or any of the agents throughout the Province will be pleased to quote rates on all plans of Life Assurance. The Canada Life is Canada's Oldest and Strongest Company and the most liberal in the world. 1910-10-4M4i.

KINGSTON.—In the Methodist Church on Sunday afternoon, Oct. 5th, the Sunday School under the leadership of Superintendent George Crewys and Miss Lola Barrett, who presided at the organ, rendered most effectively the Rally Day services wholly sustaining the same except that the pastor Rev. George Orman led in prayer and gave an address.

MRS. WHITE, HAIR DRESSER, will again visit Charlottetown for a few weeks only, after Oct. 6th, and will be pleased to meet all her patrons at the Lennox, Water St. We gladly welcome the fall hairdressings which is the high fluffy effects. All styles made up from your own combings; also massage and shampooing. 1893.

CORNWALL.—The Cornwall Methodist Sunday School held its Rally Day Services in the church on Sunday evening, Sept. 28th. The children and the younger people under the leadership of the Superintendent, Mr. James Howard and Miss Myrtle Boyle, who presided at the organ, rendered the program most successfully, taking the whole service except that the pastor led in prayer and delivered an address.

YESTERDAY MARKET — The Charlottetown market was somewhat brisk yesterday and a goodly number of people were in from the surrounding districts. Ducks sold at 75 cents each; beef (qr.) at 8 to 10c. lamb at 12 to 14c.; Mutton 10 to 12; sausages at 12 to 15; plums at 9 cts. per qt. Potatoes were plentiful and were selling at 25 cents. In all other cases prices remained the same, a full list appears in another column.

NEW TYPEWRITER.— The Telegraph Company have added to their list of recent improvements two "telegraph typewriters." These machines are built especially for copying telegrams, after specifications given by the Western Union Telegraph Co., and are constructed with a view to speed and accuracy in copying messages. Patrons, however, are more directly interested in the type feature. The type on these machines are more than twice as large as the ordinary type and are particularly legible.

PORK.— There was a fair offering of dressed hogs on the market yesterday and select weight brought 11½ cents per lb. In talking with a leading shipper he told a Guardian representative that whilst the weather is mild great attention should be given to the killing and handling and more particularly with heavy hogs as these should be killed only when weather is clear and cold. Hogs to be shipped by rail should be killed early enough in the week to avoid being held over Sunday in transit. He said also that he had been informed that a few carcasses of heavy pork which were shipped to dealers last week arrived at their destination in so bad a condition as to be unfit for food, and a total loss to the shipper.

RALLY DAY.—North Wiltshire Sunday School Raily Day was held on Sunday, Oct. 5th. The service was in every way most interesting and the whole of the provided program was gone through in a manner that reflects great credit on Mr. J. Howard Balderston the Superintendent and Miss Clara Balderston and the fifteen young persons who rendered the exercise. The whole of the service was practically undertaken by the school except the offering of prayer and the delivering of an address by the pastor, Rev. George Orman, on Mary Jones and her Bible, the Welsh girl who in the year 1800 walked fifty miles to procure a Bible and from whose earnestness and zeal the great Bible societies of Britain, Canada and the United States trace their origin as surely as the harvest may be traced back to the seed.

Twice Proven Cure for Nerves

Irritable, Hysterical, Sleepless, Dr. Chase's Nerve Food Restores Health.

There is a message in this letter for thousands of women who are suffering from broken-down nervous systems. Sleepless nights, much irritability over little things, spells of dizziness and nervous sick headaches are among the symptoms.

You may not realize the nature of your ailments until nervous prostration comes upon you. But, in whatever stage you find yourself, Dr. Chase's Nerve Food is ready to help you.

Mrs. W. J. May, 88 Annette street, Toronto, writes: "Some years ago I suffered from nervous trouble, and took Dr. Chase's Nerve Food, which completely cured me. About six months ago I received a shock which again shattered my nervous system to such an extent that I was irritable and hysterical, and could not sleep nights. I began to use the Nerve Food again and was not disappointed. Improvement was apparent from the first box, and now I am entirely well."

In the first instance, a half-acre, more or less, levied on at the suit of Stanislaus Buote against Firman Pineau, was put up at auction, and, with the bidding commencing, for $10. The next piece of land was a quarter of an acre, more or less, which had been taken into execution also at the instance of Stanislaus Buote, being the property of Joseph Le Clair. This was knocked down to the same person, George LeClair, for $45. It is to be hoped that this most important business will be an ever increasing one.—D.

From Yesterday's Evening Guardian.

WEDDING ANNIVERSARY.— A party of the immediate friends of Mr. and Mrs. J. S. Lewis gathered at the home on Stellar St. Stellarton last evening, the occasion being the tenth anniversary of their wedding. Mr. and Mrs. Lewis are well known in this vicinity, Mr. Lewis being the manager of the Bank of Nova Scotia which position he has occupied for some years, Mrs. Lewis is also well known both in Stellarton and New Glasgow as her old home was here. She is a sister of Mrs. W. H. Torry and Mrs. Simon Fraser. The party last evening was especially interesting from the fact that most of the guests were also guests at the wedding of Mr. and Mrs. Lewis. The evening was a very pleasant one to all concerned, and after the disposal of presents, the guests were unanimous in wishing Mr. and Mrs. Lewis many pleasant anniversaries.— New Glasgow News. (Mr. Lewis is a brother of Mrs. R. M. Johnson of Charlottetown.)

WEDDING BELLS.— A very pretty home wedding took place on Wednesday, Oct. 1st, at 7 o'clock p. m., at the residence of James and Mrs. Hardy, Montrose, when their youngest daughter, Barbra Ethel, and James Allan Clark of Alma were united in marriage. The ceremony was performed by the Revd. J. H. McHattie of Brookfield, formerly of Montrose, in the presence of near relatives and friends of the bride and groom. The parlors were very tastefully decorated for the occasion with autumn leaves, evergreen vines and cut flowers. The bride, who was given away by her father, looked charming in an elegant gown of white crepe de chene with satin and lace trimmings. She wore the conventional veil and carried a bouquet of white asters. She was attended by Miss Mary Clark, sister of the groom, who looked very pretty in a gown of white nuns veiling with silk and lace trimmings. The groom was ably supported by Mr. Ramsay Hardy, the bride's brother. After the ceremony and congratulations a very dainty supper was served in the dining room, the table decorations being smilax and white asters. The groom's gift to the bride was a handsome mink muff. Among the other presents was a sum of money from the Montrose Presbyterian Church of which the bride has been for a number of years the faithful and efficient organist. After a pleasant evening during which congratulations were received from a number of fantastically dressed but well-conducted serenaders, the happy couple drove to their future home in Alma, followed by the good wishes of a host of friends.

ROAD RACE.— The pick of the Maritime Provinces will compete in the twenty mile bicycle race and the ten mile road race under the auspices of the St. John Lodge of Moose next Wednesday afternoon says a St. John exchange. Oulton, of Amherst, has not yet sent in his entry for the bicycle race, but it is confidently expected he will do so. The other competitors in this race will be: Winchester, of Charlottetown, who is the present holder of the cup; Cochrane, of Bloomfield, who has been a keen contestant in previous races for the big trophy; Gallet, of St. John, who made a good showing in this race three years ago, and the following new men: Walsh, Milton, Spearman, Martin and Beddingford, all of St. John. This will certainly be a great field, and is the largest that has ever entered for the trophy. For the ten mile road race the entries include no less than five from the City of Halifax, as follows: Rogers, one of the fastest men in the province; Thornton, who finished second in the ten mile race at St. John last year; Holmes, who was third in the Herald and Mail race in Halifax last year; Mackin, who also made a good showing in that race, and Yates, who defeated Thomas last summer. The other entries are: Chambers, who won the Labor Day road race here last year, and Peterson, who made a good showing in the ten mile race two years ago. A great deal of interest has been aroused in these races, and as it is the first entry of the Moose into the field to encourage and conduct clean amateur athletic sport, the members are determined to make the affair a success.
