::It will Prevent Ulcerated Throat At the first symptoms of sore throat, which presages ulceration and information, take a spoonful of Dr. Thomas' Eclectric Oil. Add a little sugar to it to make it palatable. It will ally the irritation and prevent the ulceration and swelling that are so painful. Those who were periodically subject to quinsy have thus made themselves immune to attack.

Fox Men Attention

I have opened my fur cleaning and pelting business for this season, above the office of the estate of A. J. Biffin.

I have had a longer experience in fur cleaning than any other firm now in operation on the Island and therefore earnestly solicit your business for 1930-31.

POWNAL NEWS

On the night of Saturday, Nov. 29th, Waterside was all aglow with bright lights, this being the eventful day, twenty years ago, when a blushing bride and groom, Mr. and Mrs. Malcolm MacRae, decided to paddle their own canoe on the changeable sea of life. A surprise party of twenty couples instituted by Mrs. William Wood and Miss Violet Ballem waited upon the happy couple and presented them with a beautiful gift in china ware. The presentation was made by Mr. William MacEachern. The bride, who was formerly Miss Beatrice MacKenzie, of Cross Roads, looked girlish in her pretty frock. The groom, with evening dress, and his ever-present smile, belied the fact that he had passed through twenty years of wedded life. Mr. and Mrs. MacRae have two beautiful young sons, Alexandra and Robert, of which they are pardonable proud. The writer wishes this happy couple continued health and prosperity and hopes to be invited on Nov. 29, 1970.

The Y. P. League met last week at the home of Mr. W. A. Smith. A very large number were present, including a number of visitors. During the evening, further plans were discussed for the year's work. A number of interesting games were put on by the committee in charge. Dainty refreshments were served at the close. A committee meeting was held and the report of same will be given at the next meeting.

Another of Pownal's residents has been called away. We make reference to Mr. Alexandra Weatherbie, who, with Mrs. Weatherbie, has been residing for the past three years in our village. The funeral service was conducted by his minister, Rev. Ewen MacDougall, assisted by Rev. H. E. Campbell. Interment was in Birch Hill Cemetery.

Two men from the Dredge No. 2, went for a row lately and while rowing broke one of their oars and would have gone adrift, but for the tug boat which went to their rescue and brought them back safely.

Raymond Ahearn and Ernest Gaudet, of Dredge No. 2, which is at work at Pownal Bay, were recent visitors to Mr. John McInnis, where they spent an enjoyable evening with music and singing.

An earth tremor was felt in this locality on Saturday, Nov. 22nd. Naturally it is the talk of the village, no telling what may happen next. —P.

Closing Stock Letter

By LOGAN & BRYAN

Special to Johnston & Ward

BY THEIR OWN PRIVATE WIRE

NEW YORK, December 9—The early transactions today reflected continuation of reactionary sentiment with weakness again conspicuous in the rails, many of which registered new lows for the year. New York Central sold off about one and a half points and American Tel. and Tel. about two points before the end of the first half hour. However, the bulk of the market represented by the rank and file of issues displayed good resistance, recessions being but fractional. Shortly after the end of the first hour the whole list turned firmer under leadership of U. S. Steel, to the accompaniment of reports from the floor that influential interests were giving support to the market. During the rest of the session modrate gains continued to be registered, including New York Central. The directors of the latter company are due to meet for dividend action tomorrow and the action of the stock today is taken as a refutation of the rumor that the dividend rate would be revised downward. In the matter of news it was reported that two mills in the Youngstown district resumed operations today after a shut down of more than ten days. In the tool trade encouragement is derived from the number of increased inquiries.

The final transactions showed the list in general fully recovered with several instances of net gains ranging from a fraction to a little more than a full point. We believe that more assertive buying will feature the market and look for extension of the current rally.

LIVESTOCK MARKES

(Canadian Press)

MONTREAL, Que. Dec. 9—There were 48 cattle, 44 calves, 224 hogs and 22 sheep and lambs for sale on the two Montreal livestock markets today.

On yesterday's market six choice baby beeves averaging 830 lbs were sold for $8.75.

The cattle offered today were only common to medium quality cows and bulls. Medium quality cows brought up to $4.25 and common were between $3 and $3.50 calves were steady at $11 to $11.50 for ploin to just medium quality veals. lambs were unchanged at $8.50 for good ewes and wethers. Sheep were mostly $4 to $4.50. The ruling price for bacons and butchers were $10 feed and watered, with $1 premium per hog on selects. Sows were sold for $8.25 to $8.50.

RETROSPECTION

CANADA is advancing towards greater wealth, denser population and wider influence. In this great principle we place absolute confidence.

There are at least two vital factors assisting this growth: one, her immense water power and electric resources; the other, the development of the telephone. In addition, there is rising to prime importance the transmission of sound by radio and by the talking pictures and public address systems.

The Northern Electric Company is engaged in the manufacture of most of the telephones and telephone accessories used in the Dominion, a considerable part of the machinery used in the transmission of sound by radio and its allied systems, and also much of the material used for transmitting electric current.

We are grateful thus to be employed in assisting the upbuilding of this great Dominion.

Northern Electric
COMPANY LIMITED
A National Electrical Service

HALIFAX, N. S.
86 HOLLIS STREET,

DO YOU KNOW

That there are in Canada over a million and a quarter telephones, over 400,000 radio sets, over three hundred Northern Electric talking picture installations and many public address systems are installed in the leading hotels and in public meeting places, such as auditoriums, stadiums, rinks, churches, etc.?
