UNEXPECTED TURN IN CURRENCY CASE

(Canadian Press) WASHINGTON, Nov. 25.—The currency situation took an unexpected turn in the Senate to-day when the Democratic leaders decided to summon a party conference at once to dispose of points of difference and attempt to unite the party members behind the bill that has the support of President Wilson.

AVIATOR BEACHEY LOOPED THE LOOP

SAN DIEGO, Nov. 25.—Lincoln Beachey, aviator, looped the loop twice in the air above North Island late today, a feat accomplished with ease. Starting at a height of 2500 feet he dropped straight downwards into the first loop, immediately turned over again into the second and landing afterwards. At no time seemingly was there any loss of control nor did he experience any difficulty.

INSURANCE AUTHORITIES FINISH I.O.F. PROBE

CHICAGO, Nov. 24.—Insurance authorities of Illinois, Wisconsin and Nebraska, who have been examining reports of the actuarial and legal questions involved in the operation in the United States of the Independent Order of Foresters of Toronto, Canada, have concluded their conference and expect to make a public report in a week. On this report will depend the attitude of the Insurance Commissioners of all the States of the Union. Reorganization of the Independent Order of Foresters while in accord with the Canadian law, has been questioned under some State laws.

GOLD IN TONS REACHES MONTREAL

MONTREAL, November 23.—Approximately four and one half tons of gold, two million dollars worth in all, arrived at the Royal Bank here on Saturday from London and New York. The London shipment was the second consignment of bullion to come direct from London to Canada via a Canadian line. The first was made in 1906 on the maiden trip of the Empress of Britain, the same steamer which brought over yesterday's shipment.

NATIONAL FORCE FOR IRELAND

(Canadian Press.) DUBLIN, Nov. 25.—An Irish National Volunteer force to uphold the authority of the crown and government in Ireland on the same lines as the Ulster force of which Sir Edward Carson is sponsor, was organized tonight but the enrolment of volunteers was attended with scenes of violence.

RAILWAY CHECKED IN OVERCHARGE

(Canadian Press.) QUEBEC, Nov. 25.—That the Quebec Lake and St. John Railway is not authorized to add an extra \$1 on the demurrage rate charged the Chicoutimi Pulp Company was the decision rendered by the Public Utilities Commission at its session this morning. A complaint in regard to demurrage rates charged the Chicoutimi Company by the railway, was heard at the last meeting of the Commission. The complainant company set forth that they were being charged \$3 per day demurrage instead of \$2 which amount they considered excessive. The company states merchants and others neglect to take their goods from cars within the proper time, consequently depriving the railway company of the use of cars.

SUPREME COURT AT SUMMERSIDE

(Special by phone) The November term of the Supreme Court opened at Summerside yesterday, Mr. Justice Haszard presiding. The docket this term is a small one and the court will likely last only a few days. There are three criminal cases, viz., The King v. Robert Coughlin, charged with perjury; The King v. Alexander McDonald, on a charge of receiving and concealing stolen goods (foxes); The King v. Thomas Gallant, charged with the larceny of foxes. In all three cases the grand jury returned true bills. The following composed the Grand Jury: A. S. McKay, Summerside, Foreman; Frank Shier, Indian River; James McNally, Belmont Bay; T. D. Ramsey, Summerside; Howard Clark, Chelton; David McLean, Brae; John Mills, Clermont; Leo Pratt, McDougall's, Lot 14; John Harvey, Bradford; Edibert Poirier, Abram's Village; Michael McCabe, Middleton; Austin Mandraham, Tignish; William Arnett, Albany; Henry Casely, G. W. Simpson, Kensington; William Nuttall, North Charlton; Patrick Hamill, Lower Freetown; Peter Knox, Peterborough; Nelson Peterson, Kivon; John Riley, Cape Wolfe; Austin Ramsay, Conway. The Grand Jury in their report recommended that the jail yard be enclosed with a proper fence; they also reported having examined the jail building and finding everything in first class condition. While the Grand Jury were out the following cases were disposed of: William H. Aitkinson vs. Arthur O. Wood, an action for debt. Judgment for plaintiff for \$32.47. Bentley, K. C., for plaintiff; Innes, K. C., for defendant. Imperial Oil Co. vs. Amelia K. Currie, an action for debt. Verdict for plaintiff, \$127.10. Gaudet, K. O., for plaintiff; McQuaid for defendant. Thomas M. Linkletter vs. Albert Ferguson, an action for debt. Judgment for plaintiff for \$278. H. Strong for plaintiff. The venue in the following case was, upon motion of Counsel, transferred to Queen's County: W. F. Webster and son, J. Henry Peters, Starks Seybold Ltd., Canadian Consolidated Rubber Co., and the Mooney Biscuit Co., in all five cases, vs. William Lamont and another, actions for debt. The following cases remain to be tried: R. J. McNeill and ors. vs. James McEachern, action for debt. Russell McDonald vs. Albert Sherin, action for trespass. Jury cases: George Walsh vs. J. Edgar Milligan (this case was settled out of court). Saunders for plaintiff; McQuarrie, C., for defendant. Charles Bennett vs. Alex. McDonald, action for trespass or trover. Appeal cases: Joseph Read & Co. and ors. vs. F. H. Reeves, appeal from County Court. James A. Thomson vs. Thomas Howatt, James A. Thomson vs. John W. Howatt (appeals from decision of Stipendiary Writ.) Upon application of the Attorney General the bail bonds of John Murray, against whom an indictment was found on a charge of arson at the June term of the Court, at the trial of which the jury disagreed, were ordered renewed. Before the Court adjourned, Alexander McDonald, against whom the jury found a true bill, was arraigned and pleaded not guilty to the charge. The Court resumes this morning when the case against McDonald will be taken up.—J.

GREAT BRITAIN IS CANADA'S LARGEST CHEESE MARKET

(Special to The Guardian) OTTAWA, Nov. 25.—According to statistics of the Department of Customs issued today, Great Britain is still the premier market for Canadian cheese. During the month of October Canada exported 21,120,000 pounds of cheese, valued at \$2,802,000. Of this Great Britain took 20,941,000 pounds valued at \$2,776,000; Newfoundland took 75,847 valued at \$10,488; United States was a poor third with 46,059, valued at \$5,885. The balance of cheese exports was distributed among the British West Indies, Bermuda, British South Africa, China, Japan and Hong Kong.

WEALTHY MEXICAN PUBLICLY SHOT

(Canadian Press) DOULAS, ARIZ., Nov. 25.—Standing amidst an adobe wall shrapnel by bullets which ended scores of other lives, Lieut. Uose Casto, August Preta Garrison, was shot to death today in view of the entire population of the Mexican border town. Castro paid the penalty imposed by a court martial, having slain Maximiliano Montaviva, a former wealthy Mexican landholder, but reduced by fortunes of war to the necessity of driving a hack. He was killed in a dispute over the fare he charged Castro.

SECOND BODY WASHED ASHORE

(Canadian Press) SOUTHAMPTON, Nov. 25.—The second body from the Hydrus was found on the beach this morning. A Hydrus life belt was attached to the body which was well clothed and in good state of preservation. Capt. Bowen is not positive as to the identification, but it is thought to be that of Roy Somerville, Detroit, who was a waiter on the Hydrus.

BIG GALE ON THE PACIFIC COAST

VANCOUVER, Nov. 24.—The biggest gale of the winter was reported off Cape Flattery tonight when the wind reached a velocity of fifty-two miles an hour. The U. S. Weather Bureau at 6.15 p. m. issued a west wind warning of the Washington coast. A severe storm was centralized over British Columbia and moving eastward. It is expected to cause high south to southwest winds and a severe gale along the coast. As a climax to a desperate struggle which she waged against the terrible weather outside Cape Flattery, the British sloop of war Albatross, commanded Brooker, enroute to Mexico, lost her port propeller Sunday afternoon and was forced to set all sail and return to Esquimaux today. Sailing vessels have for a week been held inside the Straits of San Juan De Fuca, finding it impossible to beat around the cape.

AFTER SCALP OF COLD STORAGE TRUST

WASHINGTON, November 25.—While special agents of the legal department are sifting charges that eggs, poultry and dairy products are being piled up in cold storage to maintain high prices and even force them higher, Representative Britten, of Illinois, is preparing to ask for a congressional investigation into the price of meat.

The proposal for a meat investigation was prompted by an announcement that the navy had brought nearly 300,000 pounds of Australian fresh beef at half-cent a pound lower than the best prices of American packers, and 120,000 pounds of canned corned beef from the Australian packers at eight cents a pound cheaper than the lowest prices in the United States. The price paid was 11.90 cents a pound for the fresh beef and 15.37 cents for the corned beef.

Announcing his attention to ask for a congressional investigation of the navy's beef contract, Congressman Britten declared he wanted to discover why the public could not benefit by the advantage of buying from Australia if the navy could do so.

HIS HOLINESS THE POPE PUTS BAN ON THE TANGO DANCE

ROME, Nov. 25.—Several bishops have addressed questions to the Vatican as to whether confessors should give absolution to Roman Catholics who dance the tango. The reply of the Vatican indicates that the tango must be considered as an immoral dance and consequently prohibited to Catholics. Several bishops in Italy have forbidden women wearing slit skirts to attend religious ceremonies in churches. Minard's Liniment Cures Colds, etc.

THE SITUATION IN MEXICO

(Canadian Press) PARIS, Nov. 25.—Huerta sent the following message from Mexico City to The Matin: "The situation in the country from an economical and military point of view has improved because the Government of the Republic has funds necessary to supply its needs, moreover, because the National army was victor in the recent engagements against the rebels of the north. So far as international relations are concerned we are in complete harmony with all except the Government of the United States but the Republic looks to the latter to do complete justice to the National cause. To sum up, the situation is notably improved."

(Canadian Press) WASHINGTON, Nov. 25.—President Wilson and members of his cabinet discussed the Mexican situation briefly today. Assurances were given later that there was no change in the attitude of the United States toward Huerta. The most important day's developments from the American standpoint was the departure of John Lind with Rear Admiral Fletcher for Tampico to investigate. A high government official pointed out that the so-called Mexican congress, just assembled, does not hold the key to the situation nor will its proceeding affect the attitude of the United States, which already in advance has placed upon the body the stamp of illegality. Of this purpose of the American Government, to decline to recognize any liability on the part of the permanent government of Mexico which shall follow the present administration of General Huerta, all interested foreign nations have been fully advised through their diplomatic representatives here or their foreign consuls abroad.

UNITED STATES MARINES AT PENACOLA

Secretary Bryan said today he had several conferences with Sir William Grey, the British Foreign Minister, supplementing those which Sir William had had with President Wilson. Much interest attaches to plans for sending 750 marines to Pensacola the latter part of this week to set up there a sort of an advance base. The navy department planned some time ago to utilize existing government buildings at Pensacola and to build the government of the necessity of spending money in the construction of new barracks at the northern navy yards, but it is pointed out that the presence of the marines at the southern port at this time will make them much more available to guard the Mexican oil fields than if they were several days journey farther north.

The army has made no additional movements since last week, and it was stated today that no choice had yet been made between the Sixteenth Infantry at the Presidio, San Francisco, and the Twentieth Infantry, at Fort Douglas, near Salt Lake City, as the force to garrison the town of El Paso. Citizens of El Paso are still clamoring to their congressional representatives for this reinforcement. SHERIFF WATER FOR MEXICAN WATERS. VANCOUVER, Nov. 24.—To-day H. M. S. Shearwater left Esquimaux harbor for Mexican waters, there to be in readiness with the British sloop-of-war Albatross, which left on Friday, in case British subjects should require protection. The two gunboats will remain in these waters until the present difficulties are settled.

LLOYD GEORGE GOES SLOW IN LAND BUYING.

LONDON, Nov. 25.—Mr. Lloyd George is not buying land in Scotland at present, despite the enticing offers of the Duke of Sutherland and other landowners. Among these offers was one from Mr. W. E. Gilmore, who offered to sell 100,000 acres in Ross and Sutherlandshire, and gave 14 days for a reply. When the time limit had expired, his agents in Edinburgh asked whether the offer had been accepted or rejected, and whether an extension of time was desired. The reply came back that as the Government department was investigating the offer of the Duke of Sutherland, similar offers could not be considered until the report upon the Sutherland offer had been received. Mr. Gilmore, accepting this as a refusal, expresses the belief that when the Sutherland report is receiving it will provide the Government with ample means of escape from acceptance.

EARTHQUAKE SHOCK IN CALIFORNIA.

EUREKA, Calif., Nov. 24.—An earthquake shock was reported from the last minute.

MEXICAN RAILWAY'S BIG OBLIGATION

(Canadian Press) NEW YORK, Nov. 25.—Wall street learned to-day, from a statement dealing with more pressing obligations, while the National Railways of Mexico issued before the end of the week, that the company have to meet the semi-annual interest of \$26,730,000 at six per cent. for two years on notes due Dec. 1, for \$85,000,000 of four and one half per cent., given prior to lien bonds, due on January 1.

PRESIDENT WILSON'S DAUGHTER MARRIED

(Canadian Press) WASHINGTON, Nov. 25.—Francis Bowes Sayre, and Miss Jessie Woodrow Wilson, second daughter of President Wilson, were married at the White House to-day before a company of officials of the United States Government, diplomatic corps and members, and friends and relatives. The scene was one of rare brilliancy and grave solemnity, as the President stood beside his wife as they gave in marriage the first of their children. The pretty double ring service was used. As the couple were united the assemblage spoke the Lord's prayer, after which the marine band played the wedding march. From then the whole was transformed into a scene of enjoyment. A reception for the guests and married couple by the President and Mrs. Wilson followed, then dinner and leaving taking, the couple leaving in the White House automobile on a honeymoon, destination secret for a few days. They will go to Europe returning in January, to Williamstown, Mass., where Mr. Sayre is assistant to President Garfield, Williamstown College.

DENIES WE FAVOR HOME RULE

BIRMINGHAM, Nov. 21.—Speaking here tonight, Mr. Bonar Law took exception to Mr. Redmond's claim that Canada was wholly in favor of Home Rule. Nothing, he asserted, was further from the truth. He was a Canadian himself, and out to know at least as well as Mr. Redmond what Canadians feel on the subject.

INFLUENCED BY EXPERIENCE.

Influenced by their own experience, he added, they are in favor of devolution and of extending local government with the consent of the government. In Canada they have a situation not unlike ours and how have they dealt with it? Quebec is a province peopled largely with men of the French race and Roman Catholic religion. The population of Ontario is largely of British extraction and Protestant religion, and they have given local self-government to Quebec and have given it also to Ontario.

A MADMAN'S SUGGESTION.

If you were to suggest to the Canadian that he should do in Canada what is proposed to be done in Ireland—that is, that Ontario or Quebec be under the heel of Quebec or Quebec under the heel of Ontario—he would tell you that you are a madman, that no sane man would dream of it. The real feeling of the Dominion was shown in the latest unification within our Empire in South Africa.

KILLED IN A RUGBY MATCH.

VICTORIA, Nov. 25.—The first fatality ever reported in English Rugby in this part of the country occurred on Saturday, when Peter Oden, playing full-back for Victoria against New Zealand, was kicked on the head and died in the ambulance which was rushing him to St. Joseph's hospital. Oden was substituting for Spencer, the regular full-back, and was pressed into service at the last minute.

ALARMED DEALERS WANT A HEARING

(Canadian Press) WASHINGTON, Nov. 25.—A doubt-battered attack on cold storage dealers in the country by the department of justice and congress brought many letters to Attorney-General McReynolds's office to-day, urgently stating that the dealers wanted a hearing before the department before taking the matter into the courts.

CONFESSED TO ASSASSINATION

(Canadian Press.) TRINIDAD, Nov. 25.—Lewis Zennacelli, under arrest charged with assassinating Geo. W. Belcher, a detective, who was shot to death on the street, November 20, made a confession. He implicates three organizers of the United Mine Workers of America. He says they gave him \$25 and promised him a thousand more to kill Belcher.

CHINESE SMUGGLER WAS ARRESTED

(Canadian Press) NEW YORK, Nov. 25.—Harry White a Chinaman, said to be leader of a band of Chinese smugglers operating along the Canadian border, was arrested today. He gave \$5,000 bail for his appearance before the Federal Court of Syracuse, New York, to answer a charge of bringing his countrymen into the United States in violation of exclusion laws.

GENERAL MISSION OF ANGLICAN CHURCH

HALIFAX, Nov. 24.—The general mission of the Anglican church was inaugurated on Saturday evening in All Saint's cathedral for the reception and benediction of the missionaries. Today special services were held in all the Anglican churches of the city, Dartmouth, Bedford and Eastern Passage. This afternoon there was a mass meeting for men in the cathedral, which was addressed by Rev. Dr. Patterson Smythe, of Montreal, Rev. Dr. Wright, of Huron College, London (ont.), gave a talk to the students of Dalhousie University, and the Bishop of Fredericton preached at the cathedral this evening. Rev. J. J. Robinson, of Winnipeg, and Rev. R. P. McKim, of St. John, were the preachers at St. Paul's church.

BAN POISONOUS PHOSPHORUS FOR THE MATCHES.

OTTAWA, November 24.—A deputation from the Royal Society of Canada has interviewed Hon. T. W. Crothers, Minister of Labor, in support of the proposed action which the minister has had under consideration for the prohibition of the use, manufacture and importation of white phosphorus. The deputation included Dr. Frank Adams, of McGill university; President Professor Rutan, some fifteen medical men from Montreal and Ottawa, and Hon. Rodolph Lemieux, former Minister of Labor. The proposed suppression of the use of white phosphorus was thoroughly discussed and heartily endorsed by the deputation. The white phosphorus, it was urged, while poisonous, it was dangerous to the health of the employees engaged in its use, was no more economical in the long run than the non-poisonous phosphorus, the supply of which was just as easily available. Dr. Crothers assured the deputation that in the consideration he was giving to the question he would give due weight to the arguments presented. Legislation of the kind now proposed was before parliament two years ago and while apparently acceptable to both sides of the house of commons, had not become law at the dissolution. There are said to be two or three match factories in the Dominion using the white phosphorus. The poison usually infects its victims in the jaw, causing what is called "phossy jaw" and in some cases the sufferer loses his jaw altogether. There is a case of this kind now in one of the local hospitals. The rights to the non-poisonous phosphorus were formerly controlled in some measure by the so-called American match trust, but this control has since lapsed.

GAS EXPLOSION SHAKES PITTSBURG

(Canadian Press) PITTSBURG, Nov. 25.—A score were injured, many windows were broken and a number of buildings shaken by an explosion of gas in a nine-foot sewer in Lawrenceville district, Pittsburgh, late to-day.

None of the injured will die, but the property loss will amount to thousands of dollars. A party of five men who were working at a manhole in thirty-eighth street were tossed into the air. Alexander Campbell was buried in a hole which the explosion tore in the hillside. Another hole 200 feet long and ten feet deep was torn in an adjoining alley and another 15 feet deep cut in the surface of Thirty-Third street. A section of the Baltimore and Ohio railroad track was lifted from its bed. A number of girls employed in the upper stories of the factory were cut by flying glass from broken windows. Ten city blocks were shaken.

A STRAY BULLET KILLS LUMBERMAN

(Canadian Press.) BRATTLEBORO, Vt., Nov. 25.—A stray bullet from an unknown hunter's rifle probably killed John Wait, a farmer and lumberman, whose body was found in the woods. After an investigation by State Attorney Meagher this conclusion was reached.

MINISTER TAKES DRASTIC STEP TO GET REPORT

OTTAWA, Ont., November 21.—Hon. T. W. Crothers, Minister of Labor, has stopped the salaries of Dr. J. W. Robertson, chairman of the Technical Education Commission, and J. C. Benough, the secretary. Dr. Robertson has been drawing \$5,000 per annum. The commission was appointed nearly four years ago, the work of gathering the information was completed nearly three years ago, but up to now the minister has found it impossible to get the report. The cost of the commission to date is about \$100,000.

NEW BRUNSWICK MAN KILLED IN MISTAKE FOR A DEER

LAMBERT LAKE, Maine, November 25.—Edward Harding, of Richfield, N. B., was shot and killed here on Sunday, the twelfth human victim of the hunting season in this State. Harding and his brother-in-law, William Gavel, also of Richfield, had been hunting together. They separated, and Gavel, seeing a movement in the bushes which he thought was made by a deer, fired. The bullet struck Harding, who was instantly killed.
