By Vernon F. Maddigan, Press Representative, The Boy Scouts Association, April 30.

The following letter was recently received by our Provincial Commissioner from the wife of our late Chief Commissioner, Dr. James W. Robertson:

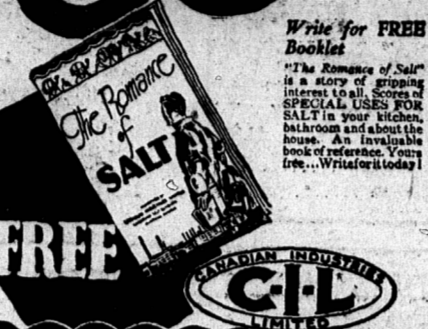

474 Wilbrod St. Ottawa, April 4th, 1930
To Rev. G. T. Spriggs, Commissioner,
Dear Mr. Spriggs:

Please convey to the Boy Scouts of Prince Edward Island my most sincere appreciation of their sympathy. My daughter and her husband (Mr. and Mrs. W. L. Currier) wish to join with me in grateful acknowledgement of your kind thought for us at this time. I wish to thank you personally as well, for your good words. Your very sincerely,

With the advent of longer days troops are thinking of hikes. The roads, so far, have not been very good for this purpose, but with May so near they soon should be all right. Scoutmasters should plan with their troops and patrols each hike, and see that the Scouts know what they are about and what they are to look for and expect to see when out in the open.

The approach of examinations makes it more difficult for Scouts to attend their weekly meetings and

3rd Charlottetown (Kirk)
The Kirk Troop "did themselves proud" in their entertainment on Friday night, and realized \$48 to go towards their Inspection Fund. Scoutmaster Lawson is an enthusiast, and is fortunate in having a helpmate in Mrs. Lawson who is equally enthusiastic. Then they attracted to their support such good scouts and guides as Mr. Walter McNutt and Mrs. Fred Houle, whose services were greatly appreciated by the Troop and Troop Committee. By common consent the best stunt staged was the "Old Grey Mare" in which Scouts Jack and George Chandler took the leading parts, and did them exceptionally well.

The Provincial Scout Camp will be held at Fairview on the West River some time during July. Definite dates will be announced later. Now is the time for Troops to devise ways and means of raising their camp funds.

The Gilwell Training Camp for the Scout Leaders of the Maritime Provinces will be held at Chance Harbour near New Glasgow, N. S. from July 15th to 25th. Every leader who can possibly do so should plan to attend this Camp. Full particulars may be had by applying to R. C. Parent, Provincial Secretary the Boy Scouts Association.

The exhibition of practical work by the Kirk Scouts was a credit to the Scoutmaster and his two troops. The business-like way they went about their work, showed capable training, and the happy whistling choruses they rendered while at it, was a testimonial to Mr. McNutt's appreciation of the fitness of things. All the audience thoroughly enjoyed the hour-and-a-half entertainment and were enthusiastic in their complimentary comments.

It should be mentioned that the Kirk Scouts saved on the printing bill through printing their own programmes by means of an amateur printer's outfit. It was a creditable job considering, and should entitle

The "keegee" was designed and constructed by Scoutmaster Lawson, who found four willing feet for it from out his troop. The duet and chorus went with a bang. A coming vocalist, from whom more will be heard, was Scout Sandy Lawson who has a strong melodious voice which he used to advantage. The comedy "Merry and Bright" went exceedingly well, and was much enjoyed.

Scientist Stoned To Death Near Puebla, Mexico

MEXICO CITY, April 28—A weird story of superstition and fear that ended in the stoning to death of Dr. Edgar Kuhlmann, Norwegian scientist, at Amozac, near Puebla, a week ago, has been published by the news paper El Universal.

The paper, in despatches from Puebla, said that eight persons believed responsible for the savage murder of the scientist had been captured and probably would be executed.

Dr. Kuhlmann went to Puebla with recommendations from President Ortiz Rubio, the secretary of the interior, and Governor Almazan of Puebla, as personal guarantees.

According to one story the superstitious Indians in some way got the idea that the scientist had been sent by the government to decapitate their children and to make oil from

Wonderful Cast In Great Film

"THE TRAIL OF '98" LEADS IN BRILLIANCY OF SCREEN ACTING
A picture of powerful appeal, great magnitude, brilliant acting, flawless direction.
That is a terse description of "The Trail of '98," the big Metro-Goldwyn-Mayer film epic which has just opened at the Capitol Theatre yesterday.

Ralph Forbes, Dolores Del Rio, Harry Carey, Karl Dane, Tully Marshall, George Cooper! All stand out in the gigantic cast of fifty which was assembled to portray the characters in this great film story.

If you think Dolores Del Rio reached the pinnacle in "What Price Glory," "Resurrection," "Carmen" or "Ramona" you are mistaken, and you have yet to see her in "The Trail of '98."

Picture-goers have loved Harry Carey from the days of western stardom down to the more recent pictures, such as "Slide, Kelly, Slide" and other Metro-Goldwyn-Mayer productions. But Harry Carey has never been at his best until he appeared in the film adaptation of Robert W. Service's "The Trail of '98."

Remember Karl Dane as "Slim" in "The Big Parade"; as the beadle in "The Scarlet Letter"; as the janitor in "La Boheme"; as the retaining the "hardboiled" top sergeant in "Rookies"? Well—you have to learn by seeing "The Trail of '98" just what Dane can do with a good role.

Everybody remembers Tully Marshall in "The Merry Widow," "The Covered Wagon" and other screen masterpieces, but his role as the sanctimonious card sharp in "The Trail of '98" will forever stand as the high-water mark of his career.

While strolling thru a "Yankee" town Shop windows gaily dressed with shoes, and hose, and pretty clothes
And bonnets at the best
Altho I planned on purchasing
A lot of spiffy "duds,"
I think I'll compromise and buy
Some P. E. Island "spuds."

I am feeling sort of languid,
And my step is lagging too,
I need some iron oxide from the red clay
Moist with dew.
So I'll buy some Island "taters" and some beets and turnips too.
For Islanders know their "taters" and we "know our onions" too.

Come to Straight-8 Headquarters

Marmon started building straight-eights exclusively in 1926... built the first straight-eight at the price of a six... built the first straight-eight in the \$1500 field... has contributed more to the development of the straight-eight than any other manufacturer... now presents the world's only complete line of eights... on the basis of this demonstrated leadership Marmon invites the buyer to come to "Straight-eight Headquarters."
